Re: Water Service for Kirby Lane North

Dear Ms, Fasnacht:

I received your letter regarding the possible water main extension in conjunction with the proposed sewer work in Kirby Lane North. State of New York law requires that Aquarion Water Company capital dollars be reinvested in our current plant and infrastructure. Our capital dollars can not be used to gain new customers. However the water main can be extended, but all costs must be borne by the residents of Kirby Lane North. If they are interested we can discuss the matter in the future.

Should you have any questions or require further assistance please call me at 914-934-1361 ext 228.

Sincerely,

Daniel Peluso
Operations Supervisor - Construction
