

Lower Camp Specials 2009

Swim Lessons: Children enrolled in this program will be taken to Rye Golf Club three (3) times a week for a 30-40 minute swim period. There is **limited enrollment** in the swim lesson program; limits are due to time restrictions and safety concerns as staff to camper ratios change by the child's age. **Only 6-week campers are eligible to participate.** Children enrolled in **summer school** MAY NOT participate in the swim program. Swim days are planned on **Tuesday, Wednesday and Fridays** between 9:00 – 12:00 p.m. **Fee: \$105**

Computers with Cyber Discoveries 2:

- **Imagine Tomorrow (Grade K):** Let computers be your child's tool for creative expression! Imagine Tomorrow Computer Classes prepare children with the essential skills to succeed in the busy, digital world around them. Students go on virtual adventures all over the world of Imagine Tomorrow, where they will visit places such as Laptop Lagoon, Email Trail, and Keyboard Castle! As computer detectives, children solve missions each week using their own wireless laptop to create and express what they learn at their own pace. Parents receive a password to log in after each day of class to access tips and online activities for reinforcement at home! Besides computer and academic skills, benefits include teamwork, problem-solving, and communication skills. This class involves four 1-hour sessions. **Fee: \$100**
- **TechnoConcert (Grades 1 – 2):** Campers will promote an upcoming concert tour with a star-studded lineup that includes all three of their favorite bands. Sound clips, interviews with fans and information about the bands are combined into an exceptional promotional piece. This fabulous advertisement is sure to generate excitement about this once in a lifetime event. Campers are required to bring three CD's of songs from their favorite band or singer. This class involves four 1-hour sessions. **Fee: \$100**

Mad Science:

- **Grade K:** Mad Science of Westchester will come to camp and make a scientist out of your child in no time. Children will be taken out of regularly scheduled classes to participate in this special program. This class involves four 45-minute sessions. **Fee: \$40**
- **Jr. Rocketry (Grades 1 & 2):** Have a “blast” as you discover the dynamics of rocket flight. Discuss Isaac Newton and his awesome Laws of Motion. Learn how and why rockets fly as you build your very own model rockets that you will take home at the end of the session. This class involves two 1-hour sessions. **Fee: \$40**
- **Dino Casts (Grade 1 only):** Enter the Jurassic age as you create your own velociraptor skeleton replicas. Campers will cast and mount these 24” long models as you learn about these ancient beasts. This class involves two 1-hour sessions. **Fee: \$40**
- **Optical Illusions (Grade 2 only):** Use magnifying glasses, kaleidoscopes and binoculars as we interact with a variety of optical illusions to illustrate that our eyes can sometimes play tricks on you. This class involves two 1-hour sessions. **Fee: \$40**
