

Dear Mayor Josh Cohn,

September 29th, 2020

I am a resident of The Osborn. I urge you to vote affirmatively for the zoning change requested by The Osborn administration.

The Osborn must keep up with the competition and modernize. Such action will protect the substantial financial involvement in The Osborn made by independent living residents.

Approving the zoning change will enable administration to develop a specific proposal which of course would be subject to further review by the Rye City government.

I am confident that our administration will make a proposal which meets the needs of modernization and the requirements of Rye city government thus continuing as a good neighbor to all of Rye City

My confidence in these actions by The Osborn administration is based upon my dealings with administration during the 10 years of my residence. In particular I note the very successful program implemented by the administration in dealing with the effects of Covid-19 upon all sections of The Osborn, the Pavilion, assisted living and independent living.

Members of my family who are Rye City residents have the same confidence in the actions of The Osborn administration as I do.

Yours truly,

Thomas J. Lavan

Dear Mayor Josh Collins:

I am a resident of the Osborn neighborhood and I am writing you to voice my concerns regarding the zoning changes requested by the Osborn administration.

The Osborn must keep up with the competition and modernize. Such action will protect the substantial financial investment in the Osborn area by independent living residents.

Applying the zoning changes will enable the administration to develop a specific proposal which of course would be subject to further review by the City Council.

I am confident that our administration will find a proposal which meets the needs of modernization and the requirements of the City government thus continuing as a good neighbor to all of Rye City.

My confidence in these actions by the Osborn administration is based upon my dealings with administration during the 10 years of my residence in particular now a very successful program implemented by the administration in dealing with the effects of Covid-19 upon all sections of the Osborn, the Fall, on assisted living and independent living.

Members of my family who are Rye City residents have the same confidence in the actions of the Osborn administration as I do.

Yours truly,
Thomas J. Lavan
