RE: Requested Zoning Change

September 29, 2020

My husband and I have been Rye residents at The Osborn for two years. We have found a special home in your town

It was a hard decision to move to a place for old people- like ourselves. But we soon came to feel that it was the right decision. The Osborn is a remarkable community where kindness sets the tone; where there are opportunities to live active and meaningful lives and where our children can feel assured that we are being well cared for.

We have a dog, Henry, whom I walk both here on our beautiful campus and around town. Our immediate neighbors enjoy an idyllic spot where The Osborn appears to fit. I can't imagine that our lit tower doesn't give a sense of peace during the dark night. When the pandemic has finally been contained our neighbors will again be able to enjoy walking the paths through beautiful gardens and trees. Many special events and lectures are open to the community as well.

It seems to be a win-win to support The Osborn in its request to be able to update and expand to meet the evolving needs of our senior community.

Thank you for your consideration of The Osborn's application and for welcoming us as part of the lovely community of Rye.

September 25, 2000

My husband and I have been the members of the Osborn for two years. We have found a special home in your town.

It was hard decision to move to a town for people like ourselves but we soon came to feel that it was the right decision. The Osborn is a remarkable community where friends and neighbors share and support each other in life active and meaningful lives and where our children are reassured that we are being well cared for.

We have a dog, Henry, whom I walk with both here on our beautiful campus and around town. Our immediate neighbors enjoy an idyllic spot where the Osborn appears to fit in perfectly. I can't imagine the town without the Osborn.

able to enjoy walking the paths through beautiful lawns and trees. Many special events and lectures are held in the community center.

It seems to be a wish to support the Osborn in its request to be able to update and expand to meet the evolving needs of our wonderful community.

Thank you for your consideration of the Osborn's application and for welcoming us as part of the lovely community of Rye.
