## **Introduction**

### **City Organization and Services**

The City of Rye, New York (“City”) was incorporated in 1942 and operates in accordance with its Charter and the various other applicable laws of the State of New York. The City functions under a City Council/Manager form of government. The City Council is the legislative body responsible for overall operation. The City Manager serves as the chief administrative officer and the City Comptroller serves as the chief financial officer. The City provides the following services to its residents: general and administrative, public safety, community environment, and culture and recreation.

### **Basis of Budgeting**

The accounting policies of the City of Rye, New York conform to generally accepted accounting principles (GAAP) as applicable to governmental units and the Uniform System of Accounts as prescribed by the State of New York. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources (current assets less current liabilities) or economic resources (all assets and liabilities). The basis of accounting indicates the timing of transactions or events for recognition in the financial reports.

Governmental funds use the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Property taxes are considered to be available if collected within sixty days of the fiscal year end. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Property taxes associated with the current fiscal period as well as charges for services and intergovernmental revenues are considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Fees and other similar revenues are not susceptible to accrual because generally they are not measurable until received in cash. If expenditures are the prime factor for determining eligibility, revenues from Federal and State grants are accrued when the expenditure is made. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims, and judgments are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Proprietary funds use the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is

incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The City's budgets are adopted in accordance with GAAP.

### **Financial Reporting Entity**

The financial reporting entity consists of a) the primary government, which is the City of Rye, b) organizations for which the City is financially accountable and c) other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause information concerning the entity to be misleading or incomplete as set forth by the GASB.

Management has considered all potential component units in evaluating how to define the City. The decision to include a potential component unit was made by applying the criteria set forth by the GASB, including legal standing, fiscal dependency and financial accountability. Based upon the application of these criteria, there are no entities that would qualify or be included as component units in the budget of the City of Rye.

The City participates in a joint venture for the operation of the Rye Town Park ("Park"). The Park was established in 1907 by the New York State Legislature pursuant to Chapter 711 of the Laws of 1907. The Park provides recreational activities to the public, and is governed by a Commission, which has full charge and supervision over the capital improvements, operations, and maintenance of the Park. The Commission consists of six members: the Supervisor of the Town of Rye, the Mayor of the City of Rye, the Mayor of the Village of Port Chester, the Mayor of the Village of Rye Brook, one Commissioner appointed by the City Council of the City of Rye, and one Commissioner appointed by the Town Board of the Town of Rye. The City of Rye does not have an equity interest in the Park. The City has an ongoing financial responsibility in that the annual income or loss resulting from the Park's activities is shared proportionally by the City of Rye and the Town of Rye, using a calculation based on their equalized assessed valuation. The City's estimated share of the Park's loss for the current year and the amount budgeted for the forthcoming year may be found on page 3-147 of this document. More detailed information concerning the Park and its operations may be obtained from the Town of Rye, 10 Pearl Street, Port Chester, New York 10573.

### **Funds and Accounts of the City**

The accounts of the City are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund balances/net assets, revenues and expenditures/expenses. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance related, legal, and contractual provisions. The City maintains the minimum number of funds consistent with legal and managerial requirements.

Governmental Funds are those through which most general government functions are financed. The acquisition, use and balances of expendable financial resources and the related liabilities are accounted for through governmental funds. The City's governmental funds include:

The General Fund, which constitutes the primary operating fund of the City in that it includes all revenues and expenditures not required by law to be accounted for in other funds.

The Cable TV Special Revenue Fund, used to account for revenues received from the cable television franchise holder that are specifically used to account for expenditures related to the City's public access cable television programming known as Rye Television ("RTV").

The K.T. Woods Permanent Fund; used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the City's programs. The K.T. Woods Permanent Fund is used to account for a \$20,000 endowment bestowed upon the City in 1989 by Allan S. Woods and Ruth Woods Frothingham in honor of Katherine Taylor Woods, the principal of which must remain untouched in perpetuity, and the interest and investment earnings of which must be used to fund in whole or in part the salary of one or more interns working at the City of Rye Nature Center.

The Debt Service Fund, which accounts for the accumulation of resources to be used for the redemption of principal and interest on general long-term debt.

The Capital Projects Fund, which accounts for financial resources that will be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds.

Proprietary funds include enterprise and internal service funds. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private enterprises or where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is necessary for management accountability. Enterprise funds are used to account for those operations that provide services to the public. Internal service funds are used to account for operations that provide services to other departments or agencies of the government on a cost reimbursement basis. The City applies all applicable Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989 in accounting and reporting for its enterprise operations. The City's proprietary funds include:

The Boat Basin Enterprise Fund, which accounts for the activity of the City's marina.

The Golf Club Enterprise Fund, which accounts for the activity of the City's golf course and swimming facilities.

The Risk Retention Internal Service Fund, which accounts for the City's general liability insurance and risk management activities.

The Building and Vehicle Maintenance Internal Service Fund, which accounts for the maintenance, repair, and replacement of City-owned buildings, facilities, vehicles, and equipment.

Golf Club Fund					X	
Risk Retention Fund	X					X
Building & Vehicle Fund	X	X	X		X	X

**Fund Balances - Reserves and Designations**

Portions of fund balance are segregated for future use and are therefore not available for future appropriation or expenditure. In governmental funds, encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve applicable appropriations, is generally employed as an extension of formal budgetary integration in the General, Special Revenue and Capital Projects funds. Encumbrances outstanding at year-end are reported as reservations of fund balance since they do not constitute expenditures or liabilities. Amounts are designated as Non-spendable, Restricted, Assigned, and Unassigned, representing portions of fund balance that are required to be segregated in accordance with GASB 54.

## **Budget Calendar**

The City follows the procedures enumerated below in establishing the annual budget, in accordance with the City Charter:

On the first Wednesday following Election Day in November, the City Manager submits to the City Council a tentative budget presenting a financial plan for conducting the affairs of the City for the ensuing fiscal year.

Upon receipt of the Manager's tentative budget and prior to a public hearing, the City Council may, by a vote of at least four members of the City Council, make changes in the tentative budget.

After considering the tentative budget, but not later than the first Wednesday in December and with a public notice published ten days in advance, the City Council holds a public hearing on the proposed budget.

After the public hearing, but not later than December 31st, the City Council adopts the budget presented at the public hearing as submitted or amended. Amendments made between the time of the public hearing and the date of adoption, which increase total estimated revenues or total appropriations, require an affirmative vote of at least five members of the City Council.

Formal budgetary integration is employed during the year as a management control device.

Budgets for General, Cable TV Special Revenue, K.T. Woods Permanent, and Debt Service funds are legally adopted annually on a basis consistent with generally accepted accounting principles. The Capital Projects Fund is budgeted on a project basis. Annual budgets are adopted as spending plans for the Proprietary funds.

The City Manager may, at any time during the fiscal year, transfer part or all of any unencumbered appropriation balance among programs or accounts within a department, office or agency under their supervision, and such transfers shall be reported to the Council at or prior to the next City Council meeting. The City Council may, by resolution, transfer part or all of any unencumbered appropriation balance among programs or accounts of a board or commission or within a department, office or agency, or from one board, commission, department, office or agency to another. No appropriation for debt service may be reduced or transferred, and no appropriation may be reduced below any amount required by law to be appropriated or by more than the amount of the unencumbered balance thereof.

Appropriations lapse at the end of the fiscal year, except that outstanding encumbrances are re-appropriated in the succeeding year pursuant to the Uniform System of Accounts promulgated by the Office of the State Comptroller.

## **2015 Budget Calendar**

June 10, 2014: Budget kick-off meeting

June 11, 2014: Departments advised that access to budget management system is available for 2015 operating budget input, including current year forecasts of revenues and expenditures, and forthcoming year revenue estimates and appropriation requests. All submissions must be completed by August 15, 2014. 2014 Schedule of Fees and Charges to be submitted by August 15, 2014.

June – July 2014: Meetings with City Manager, City Planner, and department heads as needed or desired to review, evaluate, and prioritize 2015-2019 CIP requests and 2015 proposed vehicle acquisitions.

August 4, 2014: 2015-2019 CIP presented to the City Council at public meeting by City Manager and City Planner.

September – October 2014: Meetings with City Manager, City Comptroller, and department heads as needed and desired, to review 2015 operating budget revenue estimates and appropriation requests.

October 29, 2014: City Manager makes final 2015 operating budget decisions.

October 29, 2014 – November 5, 2014: City Finance Department prepares and publishes 2015 Tentative Budget document.

November 5, 2014: City Council public meeting, with presentation of 2015 Tentative Budget by City Manager and City Comptroller.

November 12, 2014 – December 15, 2014: Public budget workshop meetings scheduled as needed by the City Council.

December 3, 2014: Regular City Council public meeting, including a public hearing on the proposed budget and the tax cap override.

December 17, 2014: Regular City Council public meeting, with adoption of the tax cap override and adoption of the 2015 Budget included on the agenda

## **Property Tax Limitation**

The amount that may be raised by the City for real property taxes in any fiscal year, for purposes other than for debt service on City indebtedness, is limited by the Constitution of the State of New York to two percent of the five-year average full valuation of taxable real estate located within the City.

## **Real Property Tax Cap Information**

The State Legislature and the Governor enacted legislation on June 24, 2011, that establishes a “property tax cap” on the amount that a local government’s or school district’s property tax levy can increase each year. Chapter 97 of the Laws of 2011 (Part A-Property Tax Cap) establishes a tax levy limit that affects all local governments, most school districts in New York State, except New York City, and a host of other independent taxing entities such as library, fire and water districts. The law is effective for local fiscal years beginning in 2012 and for the 2012-13 school year. Under this law, the growth in the property tax levy, the total amount to be raised through property taxes charged on the municipality’s taxable assessed value of property, will be capped at 2 percent or the rate of inflation, whichever is less, with some exceptions. Local communities have the ability to override the cap. The governing board must approve by at least 60% of voting power to override the tax cap on an annual basis.

## **Debt Limitations**

The amount of debt that may be raised by the City is limited by the Constitution of the State of New York, and the City Charter. Please see the “Debt Information” section of this budget document for more information on these limits and their impact on the budget process.

**City of Rye, New York  
List of Elected and Appointed Officials  
December 31, 2014**

**Elected Officials**

## **Mission and Organization of the City of Rye, New York**

The mission of the government of the City of Rye is to efficiently deliver a wide variety of quality services on a timely basis to the residents and businesses of our community on a cost-effective basis providing optimum value for each tax dollar. The City government's mission includes sharing information with residents about programs and plans which affect them and the life of the community and to maintain sufficient flexibility to anticipate and respond to resident requests and changing needs.

The ability of various City agencies to fulfill their specific service delivery missions is impacted by both internal and external factors that simultaneously provide strategic opportunities and threats. The challenge is to allocate the scarce resources available so as to maximize their strategic benefit to residents.

To fulfill its mission, the City of Rye has operated under the Council-City Manager form of government since 1959. The Rye City Charter as approved by the electors at a referendum held November 3, 1964 and all currently effective ordinances and local laws of a general and permanent nature enacted by the City Council can be found in the "Code of the City of Rye", on file at City Hall, the Rye Free Reading Room, and the City's website.

An elected Mayor and six Council Members form the legislative and policy-making body of the City. They adopt local laws and ordinances and control the raising and appropriation of funds. They appoint a full-time City Manager to administer City departments and carry out their policies. They also appoint a Corporation Counsel, City Court Judges and members of the various unsalaried commissions and committees of the Council.

The Council meets at 8 P.M. at the City Hall on the first and third Wednesday of every month except June through September when it meets on the third Wednesday only. Public hearings are scheduled at the beginning of these meetings and citizens may attend, express their views on subjects under discussion or bring new matters to the Council's attention.

The City Manager, as chief administrative officer of the City, is appointed by and is directly responsible to the City Council. The City Manager supervises and coordinates the work of the City's departments.

The Corporation Counsel provides legal advice and services to all City departments and officials.

The City of Rye operates with the assistance of several unsalaried boards, commissions and committees whose functions are defined by the State law, City Charter, or Council resolution.

## How to Use This Budget Document

This budget document is one of a series of financial plans and reports prepared annually by the City of Rye. It is a guide for the City Council and Rye's residents as we plan the activities of our city government. The Table of Contents lists every subject in this document with its page number. As a further aid, the document is divided into the following sections:

1. Introduction includes general information about the city, its funds, and the basis of budgeting, a list of elected and appointed officials, an organizational chart, the mission and organization of the city, as well as an outline of this year's budget process and charter provisions concerning the annual budget.
2. Budget Message and Overview is the City Manager's transmittal message to the City Council. It summarizes the budget, highlighting significant trends and changes with graphs and tables providing an overview of the budget.
3. The General Fund section provides information on the programs and services accounted for in the city's General Fund.
4. The Cable TV Fund section provides information on the city's Rye Television (RTV) operations, which are for in the city's Cable TV Special Revenue Fund.
5. The KT Woods Permanent Fund section provides information on the city's use of funds bequeathed to the city in accordance with a trust agreement.
6. The Debt Service Fund section provides information on the city's funding and payment of general obligation debt principal and interest.
7. The Capital Projects Fund section provides information on the infrastructure projects to be funded in the forthcoming year.
8. The Boat Basin Fund section provides information on the operations of the city-owned DePauw Municipal Boat Basin, accounted for as an enterprise fund.
9. The Golf Club Fund section provides information on the operations of the city-owned Rye Golf Club, accounted for as an enterprise fund.
10. The Risk Retention Fund section provides information concerning the funding and costs of the city's self-insured general liability program, accounted for as an internal service fund.
11. The Building and Vehicle Fund section provides information concerning the funding and costs associated with the operation and maintenance of city-owned buildings and vehicles, other than those accounted for in the enterprise funds, accounted for as an internal service fund.
12. The Personnel Information section provides information concerning authorized positions, pay plans for the various employee pay groups, and a summary of salaries, wages and benefits.
13. The Debt Information section provides information concerning all city debt, including authorized debt, estimated debt payments, the city's legal debt margin and charter bonding limits.
14. The Tax Rates and Assessment section provides information on property tax rates and levies, assessed valuation, and residential property sales.
15. Glossary contains terms used throughout this document.

We appreciate past suggestions that have assisted us in making this budget document more informative. If you have any comments on how we might improve its readability in the future, please forward them to:

## **The Budget Process**

The preparation and review of the City of Rye's budget is a continuing process with several fixed milestones throughout the year where the City Council and citizens are provided an opportunity to input ideas and oversee the City's fiscal state.

At least annually, the City Council reviews and approves the City's financial goals and policies. Departments and agencies are asked by the City Manager to prepare their forecasts of current year revenues and expenditures, and their revenue estimates and appropriation requests for the forthcoming year in accordance with guidelines established by the City Manager. Their submissions, due to the City Comptroller on or before August 31, include other pertinent information such as current year accomplishments, performance results, and planned initiatives for the forthcoming year.

The City Comptroller reviews the compiled requests and consults with department heads to refine and clarify such requests. Under the direction of the City Comptroller, the Finance Department prepares the necessary budget estimates for unallocated revenues, assessments, insurance, interfund charges and transfers, depreciation schedules, and employee benefits. During the months of September and October, the City Comptroller and City Manager further refine the budget based on expressed or implied City Council objectives, consultation with department heads and agencies, and other factors.

The City Manager presents a tentative budget to the City Council on the first Wednesday following Election Day. Copies of the proposed budget are made available for review in the City Clerk's Office in City Hall and the Rye Free Reading Room, and copies may be purchased for the cost of reproduction. Several budget work sessions are held to review and if desired, amend the proposed budget. A formal public hearing on the budget is held in November or December to allow public input. By law, the City Council must adopt a budget for the forthcoming year on or before December 31.

For additional information, the reader is referred to the following, available in City Hall and on the City's web site (<http://www.ryeny.gov>):

- City of Rye Comprehensive Annual Financial Report.
- City of Rye Capital Improvement Plan, which presents tentative plans for the repair and replacement of major capital assets (land, buildings, and infrastructure) over a forthcoming five-year period, including narrative and pictorial representations.

**City of Rye, New York**  
**Charter Provisions Concerning the Annual Budget**

ARTICLE 21  
Financial Procedures

§ C21-1. Fiscal year.

The fiscal year of the City of Rye shall be the calendar year.

§ C21-2. Submission of tentative budget; budget message.

On or before November 7 of each year, the City Manager shall submit to the Council a tentative budget for the ensuing fiscal year. In an accompanying message, the Manager shall outline proposed financial policies of the city for the ensuing fiscal year; describe the important features of the tentative budget; indicate any major changes from the current year in financial policies, expenditures and revenues together with the reasons for such changes; summarize the city's debt position; and include such other material as the Manager deems desirable. He shall also indicate therein the substantial changes which he has recommended, if any, in the budget estimates of the boards, commissions, departments, offices and agencies not under his direction and supervision.

§ C21-3. Tentative budget.

- A. Each board, commission, department, office and agency of the city shall submit to the City Manager, at a time and in such form as specified by the Manager, the budget estimates of such board, commission, department, office or agency for the ensuing year.
- B. The tentative budget shall provide a complete financial plan of all city funds and activities for the ensuing year and except as required by law or this Charter, shall be in such form as the City Manager deems desirable or the Council may require. It shall begin with a clear general summary of its contents; shall show in detail all anticipated revenues and proposed expenditures, including debt service, unsatisfied judgments, reserves for uncollected taxes and contingent purposes, the estimated surplus or deficit and reserves as may be available at the end of the current fiscal year, and the amount to be raised by taxation of property for the ensuing fiscal year; and shall be presented by such organizations, program or classification system as the Manager deems appropriate and informative or the state or Council may require, with comparative figures of the actual and estimated income and expenditures of one (1) or more prior fiscal years.

§ C21-4. Council action on budget.

- A. Upon receiving the tentative budget from the City Manager and prior to a public hearing, the Council may, by a vote of at least four (4) members of the Council, make any changes in the tentative budget not inconsistent with the provisions of this section.

- B. At any time prior to a public hearing, any board, commission, department, office or agency not under the direction and supervision of the City Manager may request the Council for a hearing with respect to its budget estimates.
- C. After the Council has considered the tentative budget, it shall publish a notice stating where copies of the proposed budget are available for inspection by the public and the time and place of the public hearing on the proposed budget, which hearing shall be held not later than the first Wednesday in December of the current year and upon at least ten (10) days notice.
- D. After a public hearing, the Council may adopt the proposed budget, with or without amendment. In amending the proposed budget, it may add or increase programs or amounts, and may decrease or delete programs or amounts, except expenditures required by law, or for debt service or for estimated cash deficit, provided that it may not increase the estimated revenues or the total proposed expenditures without the affirmative vote of at least five (5) members of the Council.
- E. The Council shall adopt the proposed budget and determine the tax rate for the ensuing year on or before December 31 of the current fiscal year. The adoption of the budget shall constitute appropriations of the amounts shown therein for the purposes specified and shall constitute a levy of the property tax therein proposed.
- F. The Council shall certify to the City Comptroller the tax rate and the amount of the tax levy and direct him to apportion and extend against each taxable property listed upon the assessment roll at the rate specified the amount of tax required to produce the total sum certified and to render tax notices for, and receive and collect, the several sums so computed and determined.

## City of Rye, New York Demographic and Statistical Data

**Per U.S. Census Bureau Census 2010:**

Average residential home value -----	\$1,920,000
Highest price paid for single-family residential home-----	\$11,600,000

# Financial Goals and Policies

## Introduction

The City of Rye has an important responsibility to carefully account for public funds, to manage municipal finances wisely, and to plan and provide for the adequate funding of services desired by the public and as required by laws, rules, or regulations, including the provision and maintenance of public facilities and improvements. The financial goals and policies set forth in this document are intended to establish guidelines for the continued financial strength and stability of the City of Rye. They have been reviewed annually and amended as necessary since their original adoption on January 22, 1992.

## Financial Goals

Financial goals are broad, fairly timeless statements of the financial position the City seeks to attain. The financial goals for the City of Rye are:

- To provide full value for each tax dollar by delivering quality services efficiently and on a cost-effective basis.
- To preserve our quality of life by providing and maintaining adequate financial resources necessary to sustain a sufficient level of municipal services, and to respond to changes in the economy, the priorities of governmental and non-governmental organizations, and other changes that may affect our financial well-being.
- To maintain a strong credit rating in the financial community.

## Financial Policies

Financial policies support the financial goals. They are general statements that guide decision-making in specific situations, to ensure that a decision will contribute to the attainment of the financial goals. Federal and state laws, rules, and regulations, our City Charter, and generally accepted accounting principles promulgated by the Governmental Accounting Standards Board (“GASB”) and the Government Finance Officers Association of the United States and Canada (“GFOA”) govern our financial policies and processes.

### *Budget Policy*

Sound financial practice and the desire to maintain a strong credit rating dictate that our budgets be balanced, constantly monitored, and responsive to changes in service demands. With these concepts in mind, the City of Rye has adopted the following budget policy statements:

- Annual operating budgets will be adopted for the General Fund, special revenue funds, proprietary funds, and Debt Service Fund. Project-length budgets will be adopted for all capital projects.
- Annual operating budgets will be adopted on a balanced basis, where operating revenues (estimated revenues) are used to fund operating expenditures/expenses (appropriations).

Operating revenues include taxes, charges for services, interest earnings, license and permit fees, fines and forfeitures, regularly recurring governmental aid, debt proceeds and transfers in from other funds for operating (non-capital) purposes. Operating expenditures/expenses include salaries and wages, employee benefits, non-capital equipment and improvements, depreciation (proprietary funds only), materials, supplies, contractual costs, and transfers out to other funds for operating (non-capital) purposes. Fund balance should not be considered a source of funds for operating expenditures/expenses. Nothing in this policy shall prohibit the use of operating revenues for capital expenditures/expenses.

- The City will adopt an annual budget for the General Fund that includes a contingency equal to at least one (1%) percent of the total General Fund appropriations of that budget. This contingency will be used to provide for expenditures that exceed or revenues that do not meet budget estimates, and/or for new or increased program requirements required by law or desired and approved by City Council resolution.
- Unassigned fund balance may be appropriated as part of the adopted budget to fund capital, emergency, or unusual and non-recurring expenditures/expenses. Unassigned fund balance should not be used to fund operating expenditures/expenses in the adopted budget.
- One-time revenues that are not required by law or agreement to be expended for a particular purpose will only be used to fund capital or emergency expenditures/expenses in the adopted budget. One-time revenues include, but are not limited to, proceeds from the sale of property and other major assets, governmental aid that is not regularly received and is unlikely to recur on a regular basis, major gifts or donations, and major insurance recoveries.
- GASB 54 classifications of fund balance will be estimated in the adopted budget for amounts of fund equity legally restricted or otherwise not available for appropriation. GASB 54 is effective for Financial Statements for periods beginning after June 15, 2010. GASB 54 divides Fund Balance reporting in to the five following classifications: Nonspendable, Restricted, Committed, Assigned, and Unassigned.
- The City's fiscal year shall be the calendar year and its budget calendar shall be as provided for in Article 21 of the Charter of the City of Rye, as follows:
  - On or before the second Wednesday in August of each year, the City Manager will submit a capital program to the City Council which lists the proposed capital improvements with appropriate supporting information.
  - On the first Wednesday following Election Day in November of each year, the City Manager will submit a tentative budget for the ensuing fiscal year to the City Council.
  - Upon receiving the tentative budget from the City Manager and prior to a public hearing, the City Council may, by a vote of at least four members of the Council, make changes in the tentative budget.
  - After considering the tentative budget, but not later than the first Wednesday in December, the City Council will hold a public hearing on the proposed budget.
  - After the public hearing, the Council may adopt the proposed budget with or without amendment. In amending the proposed budget, it may add or increase programs or amounts, and may decrease or delete programs or amounts, except expenditures required by law, or for debt service or for an estimated cash deficit,

provided that it may not increase the estimated revenues or the total proposed expenditures without the affirmative vote of at least five members of the Council.

- The Council shall adopt the proposed budget and determine the tax rate for the ensuing year on or before December 31 of the current fiscal year.
- The City Manager may at any time during the fiscal year transfer part or all of any available appropriation balance among programs or accounts within any fund. The Council may by resolution transfer part or all of any available appropriation balance among programs or accounts within and/or between any funds.
- No appropriation for debt service may be reduced or transferred, and no appropriation may be reduced below any amount required by law to be appropriated or by more than the amount of the available balance thereof.

### ***Cash Management and Investment Policy Scope***

#### ***Scope***

This cash management and investment policy applies to all money and other financial resources available to the City of Rye for deposit and/or investment on its own behalf or on behalf of any other entity or individual.

#### ***Objectives***

The primary objectives of the City's cash management and investment activities are, in order of priority:

- To conform with all applicable federal, state and other legal requirements (legality),
- To adequately safeguard principal (safety),
- To provide sufficient liquidity to meet all operating requirements (liquidity), and,
- To obtain a reasonable rate of return (yield).

#### ***Delegation of Authority***

In accordance with City Charter §C10-2, responsibility for administration of the cash management and investment program is delegated to the City Comptroller, who shall establish written procedures for the operation of the cash management and investment program consistent with these cash management and investment guidelines. Such procedures shall include an internal control structure adequate to provide a satisfactory level of accountability, maintaining records incorporating descriptions and amounts of investments, transaction dates, and other relevant information, and regulating the activities of subordinate employees.

#### ***Prudence***

All participants in the cash management and investment process shall act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the City.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

All participants involved in the cash management and investment process shall refrain from personal business activity that could conflict or appear to conflict with the proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

### ***Diversification***

It is the policy of the City to diversify its deposits and investments by financial institution, by investment instrument, and by maturity scheduling.

The following diversification limitations shall be imposed on the City's portfolio of deposits and investments:

Institution - No more than 55% of the overall portfolio may be deposited in a single bank, except in the case of money center banks, for which the limit is 75%.

Instrument:

- No more than 55% of the overall portfolio may be invested in cooperative investment programs, and,
- No more than 25% of the overall portfolio may be invested in the securities of a single issuer, except the U.S. Treasury.

Maturity:

- No more than 10% of the portfolio may have a maturity beyond twelve months,
- The average maturity of the portfolio shall never exceed one year, and,
- At least 10% of the portfolio shall be invested in overnight instruments or marketable securities that can be sold to raise cash on one business day's notice.

### ***Internal Controls***

It is the policy of the City for all money collected by any officer or employee of the City to transfer those funds to the City Comptroller as soon as is practicable, but in any event within one business day of receipt, or within the time period specified by law, whichever is shorter.

The City Comptroller is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly, and that deposits and investments are managed prudently and in compliance with applicable laws and regulations.

### ***Designation of Depositories***

The banks and trust companies authorized for the deposit of money are as follows:

Capital One Bank  
Cutwater Cooperative Liquid Asset Securities System (CLASS)  
Chase Investment Services Corp.  
Citibank, N.A.

HSBC Bank USA  
JPMorgan Chase Bank  
TD Bank  
Webster Bank  
Wells Fargo

Banks and trust companies holding City deposits must meet or exceed the following rating requirements of at least one of the nationally recognized statistical rating organizations (“NRSRO”) listed below for long-term debt (debt having a term of one year or more):

<u>NRSRO</u>	<u>Long-Term Debt Rating</u>
Moody's Investors Services	A
Standard & Poors	A
Fitch	A

The City Council shall review and approve this list at least annually.

### ***Collateralizing of Deposits***

In accordance with the provisions of General Municipal Law §10, all deposits of the City, including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act shall be secured by any one or combination of the following:

1. By a pledge of eligible securities with an aggregate market value equal to the aggregate amount of deposits, from one of the following categories:
  - Obligations issued by the United States of America, an agency thereof or a United States government sponsored corporation or obligations fully insured or guaranteed as to the payment of principal and interest by the United States of America, an agency thereof or a United States government sponsored corporation.
  - Obligations issued or fully guaranteed by the International Bank for Reconstruction and Development, the Inter-American Development Bank, the Asian Development Bank, and the African Development Bank.
  - Obligations partially insured or guaranteed by any agency of the United States of America, at a proportion of the market value of the obligation that represents the amount of the insurance or guaranty.
  - Obligations issued or fully insured or guaranteed by New York State, obligations issued by a municipal corporation, school district or district corporation of New York State or obligations of any public benefit corporation which under a specific state statute may be accepted as security for deposit of public moneys.
  - Obligations issued by states (other than New York State) of the United States rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization.
  - Obligations of Puerto Rico rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization.

- Obligations of counties, cities and other governmental entities of another state having the power to levy taxes that are backed by the full faith and credit of such governmental entity and rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization.
- Obligations of domestic corporations rated in one of the two highest rating categories by at least one nationally recognized statistical rating organization.
- Any mortgage related securities, as defined in the Securities Exchange Act of 1934, as amended, which may be purchased by banks under the limitations established by federal bank regulatory agencies.
- Commercial paper and bankers' acceptances issued by a bank (other than the bank with which the money is being deposited or invested) rated in the highest short-term category by at least one nationally recognized statistical rating organization and having maturities of not longer than sixty days from the date they are pledged.
- Zero-coupon obligations of the United States government marketed as "Treasury STRIPS".

There must be diversification of the collateral securing deposits, except where the deposits aggregate less than \$2,000,000 or the security is in the form of obligations of the U.S. Government or State of New York.

Eligible securities must meet or exceed the following rating requirements of at least one of the nationally recognized statistical rating organizations ("NRSRO") listed below:

<u>NRSRO</u>	<u>Long Term Debt (a)</u>	<u>Short Term Debt (b)</u>
Moody's Investors Service	A1	P-1
Standard & Poors	A+	A-1
Fitch	A+	F-1

(a) Securities with an original term of one year or longer.

(b) Obligations usually defined as less than one year.

2. By an eligible irrevocable letter of credit issued by a qualified bank, other than the bank with the deposits in favor of the City for a term not to exceed 90 days, with an aggregate value equal to 140% of the aggregate amount of deposits and the agreed upon interest, if any. A qualified bank is one whose commercial paper and other unsecured short-term debt obligations meets the rating requirements of at least one nationally recognized statistical rating organization as heretofore described or by a bank that is in compliance with applicable federal minimum risk-based capital requirements.
3. By an eligible surety bond payable to the City for an amount at least equal to 100% of the aggregate amount of deposits and the agreed upon interest, if any, executed by an insurance company authorized to do business in New York State, whose claims - paying ability meets the rating requirements of at least two nationally recognized statistical rating organizations as heretofore described.

### ***Safekeeping and Collateralization***

Eligible securities used for collateralizing deposits shall be held by the depository and/or a third party bank or trust company, subject to security and custodial agreements satisfactory to the City's Corporation Counsel.

The security agreement shall provide that eligible securities are being pledged to secure City deposits together with agreed upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released providing collateral values are maintained, and, the events which will enable the City to exercise its rights against the pledged securities including failure to meet deposit repayment or collateral terms, or the deposit institution's insolvency. In the event that the securities are not registered or inscribed in the name of the City, such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the City or its custodial bank.

The custodial agreement shall provide that securities held by the bank or trust company, as agent of and custodian for the City, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement shall also describe how the custodian shall confirm the receipt, substitution or release of the securities. The agreement shall provide for daily revaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. The agreement shall provide that the custodian will exercise the City's rights to the security or as instructed by the City. Such agreement shall include all provisions necessary to provide the City with a perfected interest in the securities.

### ***Permitted Investments***

As authorized by General Municipal Law §11, the City authorizes the City Comptroller to invest money not required for immediate expenditure for terms not to exceed its projected cash flow needs in the following types of investments:

- Special time deposit accounts
- Certificates of deposit
- Obligations of the United States of America
- Obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America
- Obligations of the State of New York
- Obligations issued pursuant to Local Finance Law §24 or §25 (with approval of the State Comptroller) by any municipality, school district or district corporation other than this City
- Obligations of public authorities, public housing authorities, urban renewal agencies and industrial development agencies where the general State statutes governing such entities or whose specific enabling legislation authorizes such investments
- Certificates of Participation issued pursuant to General Municipal Law §109-b
- Obligations of this City, but only with any money in a reserve fund established pursuant to General Municipal Law §6-c, 6-d, 6-e, 6-g, 6-h, 6-j, 6-k, 6-l, 6-m, or 6-n.

All investment obligations shall be payable, saleable or redeemable at the option of the City within such times as the proceeds will be needed to meet expenditures for purposes for which the monies were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable, saleable or redeemable at the option of the City within two years of the date of purchase.

***Authorized Financial Institutions and Dealers***

Financial institutions and dealers approved for the purchase and sale of investments are as follows:

Capital One Bank  
Cutwater Cooperative Liquid Asset Securities System (CLASS)  
Chase Investment Services Corp.  
Citibank, N.A.  
HSBC Bank USA  
JPMorgan Chase Bank  
TD Bank  
Webster Bank  
Wells Fargo

All financial institutions with which the City conducts business must meet or exceed the following rating requirements of at least one of the nationally recognized statistical rating organizations (“NRSRO”) listed below for long-term debt (debt having a term of one year or more):

<u>NRSRO</u>	<u>Long-Term Debt Rating</u>
Moody's Investors Services	A
Standard & Poors	A
Fitch	A

Banks shall provide their most recent Consolidated Report of Condition (Call Report) at the request of the City. Security dealers not affiliated with a bank shall be required to be classified as reporting dealers affiliated with the New York Federal Reserve Bank, as primary dealers. The City Comptroller is responsible for evaluating the financial position and maintaining a listing of proposed depositories, trading partners and custodians. Such listing shall be evaluated by the City Council at least annually.

### ***Purchase of Investments***

The City Comptroller is authorized to contract for the purchase of investments:

1. Directly, including through a repurchase agreement, from an authorized trading partner. Authorization for the purchase of repurchase agreements is subject to the limitations outlined in the section of this policy entitled "Repurchase Agreements".
2. By participation in a cooperative investment program where such program meets all the requirements of the General Municipal Law, the diversification characteristics as outlined in the section of this policy entitled "Diversification", and that otherwise meets the same standards as the City has for direct investments.
3. By utilizing an ongoing investment program with an authorized trading partner, pursuant to a contract authorized by the City Council.

All purchased investments, obligations, or participations unless registered or inscribed in the name of the City, shall be purchased through, delivered to, and held in the custody of a bank or trust company. Such obligations shall be purchased, sold or presented for redemption or payment by such bank or trust company only in accordance with prior written authorization from the officer authorized to make the investment. All such transactions shall be confirmed in writing to the City by the bank or trust company. Any obligation held in the custody of a bank or trust company shall be held pursuant to a written custodial agreement as described in General Municipal Law §10.

### ***Repurchase Agreements***

Repurchase agreements are authorized subject to the following restrictions:

- All repurchase agreements must be entered into subject to a Master Repurchase agreement providing for the terms outlined below and satisfactory to the Corporation Counsel
- The City may only be the initial purchaser in such agreements
- Trading partners are limited to banks or trust companies meeting the rating requirements of one of the nationally recognized rating organizations as heretofore described or primary reporting dealers approved by the Federal Reserve Bank of New York
- Obligations shall be limited to obligations of the United States of America and obligations guaranteed by agencies of the United States of America
- No substitution of securities will be allowed
- The custodian of the purchased securities shall be a party other than the trading partner, satisfactory to the City
- Tenor of the repurchase agreement should be no longer than 3 months
- Tenor of the securities to be purchased should be no longer than 10 years
- The market value of the securities purchased shall exceed the purchase funds by the margins shown below; and, the securities shall be revalued daily, and these margins should be maintained by the initial seller during the life of the transaction:
  - For bills or bonds less than 3 years tenor, 3%;
  - For bills or bonds of 3 years to 10 years, 4 1/2%;
- No one repurchase agreement may exceed \$2,000,000, and,
- The City retains the right to terminate the agreement and sell the securities outside the repurchase agreement if any of the above items are not met after adequate notice to the initial seller.

### ***Capital Asset Policy***

This policy is to establish the principles related to the accounting treatment of our capital assets.

Capital assets include land, improvements to land, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, construction in progress and all other tangible and intangible assets that are used in operations and have initial useful lives extending beyond a single reporting period. Infrastructure assets are long-lived capital assets that normally are stationary in nature and can be preserved for a significantly greater number of years than most capital assets. Examples of infrastructure assets include roads, bridges, tunnels, drainage systems, water and sewer systems, dams and lighting systems.

Land and land improvements are inexhaustible capital assets and will not be depreciated. Construction in progress will not be depreciated. All other capital assets will be depreciated over their estimated useful lives, as established by the City Comptroller, using the straight-line method of depreciation. In no event shall the useful life of an asset be less than the period of probable usefulness established for debt purposes as found in Section 11 of the New York State Local Finance Law.

A capitalization threshold is the cost established by the City Comptroller that must be met or exceeded if an asset is to be recorded and depreciated as a capital asset. The capitalization threshold is based on the cost of a single asset. Assets that do not meet the capitalization threshold will be recorded as expenditures or expenses. For purposes of property control (insurance, security, etc.), the City Comptroller and/or department heads may develop and maintain the appropriate record keeping system(s) to account for assets which do not meet the capitalization threshold.

Capital assets that meet the minimum capitalization threshold will be recorded at historical cost. The cost of a capital asset includes capitalized interest and ancillary charges necessary to place the asset into its intended location and condition for use. Ancillary charges include costs that are directly attributable to asset acquisition, such as freight and transportation charges, site preparation costs, and professional fees. Donated capital assets will be recorded at their estimated fair value at the time of acquisition, including any ancillary charges. Estimated historical cost may be used in those cases where the actual historical cost is not readily available. Estimated historical cost will be calculated using the current replacement cost of a similar asset and deflating this cost to the acquisition year (or estimated acquisition year) using a price-level index approved by the City Comptroller.

Capital assets associated with the operation of enterprise funds will be recorded in those funds. Capital assets associated with general government operations, with the exception of infrastructure assets, will be recorded in the appropriate internal service fund(s). Infrastructure assets will not be recorded in a governmental or proprietary fund, but the City Comptroller will establish and maintain the record keeping system necessary to allow for the accounting, auditing, and reporting of such assets, including depreciation.

## Useful Lives and Thresholds of Capital Assets

<u>Class</u>	<u>Asset</u>	<u>Capitalization</u>	<u>Life</u>	<u>Threshold (\$)</u>
Land	Land and Site Improvements	Inexhaustible		Any value
Buildings	Buildings	50		100,000
Buildings	Building Improvements	50		50,000
Equipment	Accounting, Assessment or Tax Systems	10		15,000
Equipment	Passenger Vehicles w/capacity < 10 persons	3		15,000
Equipment	Passenger Vehicles w/capacity >= 10 persons	5		15,000
Equipment	Computer Hardware and Software	5		15,000
Equipment	Construction Machinery >\$15,000 <\$30,000	10		15,000
Equipment	Construction Machinery >= \$30,000	15		30,000
Equipment	Fire/Police Boats	10		15,000
Equipment	Firefighting Apparatus	20		50,000
Equipment	Misc. Equipment, Furniture, Furnishings	5		15,000
Improvements	Fences, Walls, Trails, etc	20		20,000
Improvements	Docks	10		20,000

Infrastructure	Curbs & Sidewalks	25		50,000
Infrastructure	Drainage	50		20,000
Infrastructure	Parking Lots	25		20,000
Infrastructure	Sewers	50		20,000
Infrastructure	Streets - Primary	17		50,000
Infrastructure	Streets - Secondary	25		20,000
Infrastructure	Traffic Signals and Signs	25		50,000

### ***Debt Management Policy***

Debt is an effective way to finance capital improvements or to even out short-term revenue flows. Properly managed debt preserves our credit rating, provides flexibility in current and future operating budgets, and provides us with long-term assets that maintain or improve our quality of life. To provide for the appropriate issuance and responsible use of debt, the City of Rye has adopted the following debt management policy statements:

- Long-term debt will be issued only for objects or purposes having a period of probable usefulness of at least ten years under New York State Local Finance Law.
- Short-term debt may be issued to finance current operating expenditures only in the event of extreme financial emergency. Short-term debt may be issued whenever appropriate for objects or purposes having a period of probable usefulness of at least five years under New York State Local Finance Law.
- Whenever appropriate, we should seek to issue debt that can be repaid from special assessments, enterprise fund revenues, or other sources other than a general levy of real property taxes.
- Debt maturity will not exceed the lesser of: the useful life (as established by the City Comptroller), or the period of probable usefulness (as defined in New York State Local Finance Law), of the object or purpose so financed.
- The annual operating budgets of all funds will be maintained so as to ensure the full and timely repayment of debt principal and interest due that year.
- As required under New York State Local Finance Law §104, our total amount of outstanding debt will not exceed 7% of our 5-year average full valuation.
- In addition to the legal debt margin, the City Charter §C21-9 places limitations on the issuance of new debt. The City Council can authorize the issuance of debt not exceeding 5% of the average gross annual budget for the preceding three years. Debt exceeding 5% but not in excess of 10% requires a permissive referendum. Debt in excess of 10% requires approval of the voting public in a general or special election. Debt for public safety purposes in the amount of \$1 million per year to a maximum aggregate amount of \$2.5 million for all such debt issued is exempt from these debt limits. For purposes of this calculation, "gross annual budget" is defined as the total appropriations of the General Fund, the Cable TV Special Revenue Fund, and the enterprise funds (Boat Basin Fund and Golf Club Fund). All other fund budgets - the K.T. Woods Permanent Fund, the Debt Service Fund, the Capital Projects Fund, and the internal service funds (Risk Retention Fund and Building and Vehicle Maintenance Fund) are not included in the calculation, as their budgets are supported primarily by revenues and transfers charged to other funds.
- On December 21, 2011, City Council authorized an additional exemption from the City debt limits, authorizing the issuance of bonds for the payment of capital improvements or equipment proposed to be constructed or acquired for purposes determined by resolution of the Council to be required as a result of a natural disaster, as declared by the Federal Government and requiring urgent action, in an amount not exceeding \$2,500,000 in the aggregate in any fiscal year, and provided that on the date of adoption of said bond resolution, the Council determines that the aggregate of the proposed bond authorization and the outstanding principal amount of obligations previously issued for natural disaster reconstruction purposes requiring urgent action does not exceed \$2,500,000.

### ***Expenditure/Expense Policy***

Expenditures/expenses are a rough measure of a local government's service output. While many expenditures/expenses can be easily controlled, emergencies, unfunded mandates, and unanticipated service demands may strain our ability to maintain a balanced budget. To ensure the proper control of expenditures/expenses and provide for a quick and effective response to

adverse financial situations, the City of Rye has adopted the following expenditure/expense policy statements:

- Expenditures/expenses and purchase commitments will be made in a form and process that is legal, appropriate, funded, authorized and sufficiently documented.
- Expenditures/expenses and purchase commitments will be recorded in an accurate and timely fashion.
- The review and approval process for all claims made against the City shall be as follows:
  - Departments must issue purchase orders as required under our purchasing policy. Departments are encouraged to issue purchase orders whenever practical, even if they are not required.
  - Properly completed claims must be prepared and submitted to the finance department by the department responsible for originating the claim. A “properly completed claim” must include, but is not limited to, the vendor’s name and address, date of claim, explanation, and accounts to be charged, department authorization signature and sufficient documentation. “Sufficient documentation” means that a person unfamiliar with the transaction could understand what was ordered, when, by whom, from what vendor, at what price, when the goods or services were delivered, who accepted delivery, and who authorized payment. Typical documentation includes copies of purchase orders, invoices and/or statements, council resolutions awarding bids or state contracts, records of quotes received, receiving slips, correspondence and other communications.
  - Finance will issue checks promptly for all claims properly completed and submitted.
- The balances in appropriation accounts will be monitored regularly to ensure that the total of expenditures/expenses and purchase commitments in any account do not exceed the authorized budget for that account.
- Requests for competitive bids, proposals, formal and informal quotes, and other methods of seeking and encouraging vendor competition will be obtained as required by law or otherwise established by the City Manager or City Comptroller.
- Arrangements will be encouraged with other governments, private individuals, and firms, to contract out or cooperatively deliver services, in a manner that reduces cost and/or improves efficiency and effectiveness while maintaining service quality.
- The full direct and indirect costs will be calculated for any service provided for a fee or charge, or where there is a potential for the reimbursement of such costs.
- We will maintain an effective risk management program that provides adequate coverage, minimizes losses, and reduces costs.
- All appropriations shall lapse at the close of the fiscal year to the extent that they shall not have been expended or encumbered.

### ***Credit Card Issuance and Use Policy***

To receive your assigned credit card, please read this Credit Card Policy and return the Credit Cardholder Agreement (Attachment A) to the City Comptroller. Retain the Policy, a copy of the signed agreement and any future revisions for your reference.

**Cardholder Responsibilities:**

- a. Ensure that the credit card is used in compliance with the City's Purchasing Policies.
- b. Only authorized employees of the City of Rye may use the municipal credit card.
- c. A municipal credit card may be used for the purchase of goods or services for only official business of the City of Rye.
- d. The employee using the credit card must submit receipts, documentation detailing the goods or services purchased, cost, date of the purchase and the official business explanation thereof.
- e. Above said receipts and documentation must be submitted to the City's Finance Office within 2 business days of making a purchase.
- f. The employee issued the card is responsible for its protection and custody and shall immediately notify the City Comptroller, in writing, if the card is lost or stolen.
- g. Municipal credit card users must notify vendors or merchants that the credit card transaction should be exempt from New York State Sales and Use Taxes (IRS Tax Identification #13-6007325) if it is used for the purchase of goods or services in the State of New York.
- h. The credit card may not be used for cash advances, personal use or any other type of purchase not permitted under the City's Purchasing Policy.
- i. Employees must immediately surrender the card upon termination of employment. The City reserves the right to withhold final payroll checks and payout of accrued leave until the card is surrendered.
- j. Prohibited Transactions: (a) splitting of total purchase cost, singly or between cardholders to avoid transaction limits, (b) personal purchases, (c) non-municipal use, (d) cash advances, money orders, bank drafts, etc. (e) temporary help, (f) maintenance contracts, long term agreements, rentals or leasing of equipment (with the exception of short-term emergency situations, or vehicle rentals required for travel.)

**Disputed Charges, Returns, and Assistance**

In the event of disputed charges, or if a cardholder has any questions, the cardholder should contact the appropriate financial institution directly. In the event there are returns, the cardholder must check to ensure that credit notices are issued by the vendor, and submit the credit slip to the Finance Department. If a credit slip was not obtained, attach other documentation explaining the return. If credit does not appear by the second subsequent statement, the cardholder must contact the financial institution directly.

The cardholder must also advise the Finance Department if there is a dispute. The cardholder must ensure that all required steps to register a dispute are followed. Any charge to be disputed must be identified within 30 days of the statement date. The cardholder is responsible for the transactions identified on the statement. If an audit is conducted on a cardholder's account, receipts must be produced and/or other proof that the transaction occurred. If an error is discovered, the cardholder is responsible to show that the error or dispute resolution process has been invoked.

**Lost or Stolen Cards**

The card assigned is the property of the City of Rye and should be secured as a personal credit card would be. If the card is lost or has been stolen, or if the number becomes the knowledge of someone else, notify the Comptroller immediately.

## **Internal Control Procedures**

The City Manager is the administrator of this policy and shall be responsible for the issuance and retrieval of assigned municipal credit cards to personnel and generally for overseeing compliance with this policy.

The Comptroller shall be responsible for:

- a. Assisting and maintaining record of issuance and retrieval of municipal credit cards and overseeing compliance with this policy.
- b. Accounting and payment of expenses. All documentation must accompany invoices before payment is made.
- c. Ensuring accuracy of the statement and that activity and account information is noted on the credit card statement for each line of entry.
- d. The balance under the credit card arrangement shall be paid for within 30 days of the initial statement date.
- e. Compliance with State of New York records retention requirements for safekeeping of statements and receipts for seven years.
- f. Cardholders will be subject to random audits of expenses and recordkeeping by the Finance Department. Any purchases which violate the terms of the Cardholders' responsibilities shall be reported by the Comptroller to the City Manager. Discovery of violation(s) of this policy may result in loss of card privileges and/or other disciplinary steps, as appropriate.

The total combined authorized credit limit of all credit cards issued by the City of Rye shall not exceed ½ % of the General Fund budgeted expenditures of the City of Rye for the current fiscal year.

Any employee found guilty of illegal or unauthorized use of a municipal credit card may be subject to penalties allowed by law and/or disciplinary action(s) under the City's Personnel Policies up to and including termination

## ***Operating Position Policy***

Operating position refers to the City's ability to balance its budget on a current basis, maintain reserves for emergencies, and maintain sufficient cash to pay its bills on a timely basis. Our operating position policy requires that:

- The City will pay all current operating expenditures with current operating revenues.
- Encumbrances represent commitments related to unperformed contracts for goods or services, and will be recorded when incurred. Encumbrances outstanding at year-end will be reported in accordance with GASB 54 reporting requirements.
- The City will maintain unassigned fund balance of the General Fund at a level at least equal to 5% of the total General Fund appropriations.
- General Fund unassigned fund balance should be used for capital, emergency, or unusual and non-recurring expenditures.

- The City will prepare a cash-flow analysis of all funds on a regular basis. Disbursements, collections and investments will be managed to provide sufficient cash for daily financial needs.
- The City will prepare June 30<sup>th</sup>, and September 30<sup>th</sup>, quarterly financial reports of the financial position and results of operations, for the General Fund, special revenue funds, Debt Service Fund, and proprietary funds within 45 days of quarter end.
- The Comptroller will communicate the City's liability for Other Post Employment Benefits (OPEB) to the City Council on a bi-annual basis.

### ***Purchasing Policy***

The adoption of a purchasing policy confirms the commitment of a local government to ensure that its purchases of goods and services are made legally, fairly, prudently, competently, and at the lowest possible cost offered by responsible vendors. This purchasing policy, our city charter, General Municipal Law §§103 and 104, and the State Comptroller's Financial Management Guide subsection 8, provide guidance to those city employees involved in the purchasing process. The City of Rye has adopted the following purchasing policy statements in accordance with §104-b of the General Municipal Law (GML):

- Per §C8-2(J) of our city charter, the city manager shall have control and supervision of all city purchases except for those requiring competitive bidding.
- The dollar thresholds stated in this policy are to mean the total city-wide aggregate amount which is estimated to be spent for the same or similar item in the course of a fiscal year.
- Per GML §103, competitive bids will be required for purchase contracts (contracts involving materials only) in excess of \$20,000 and public works contracts (contracts involving labor or both labor and materials) in excess of \$35,000.
- Some purchases are specifically exempt from competitive bidding or purchasing policy. Such exceptions are defined in GML §103 and §104-b, and include but are not limited to, state and county contracts, qualified agencies, emergencies, professional services, sole source vendors, true leases and insurance.
- The purchase record for any purchase made under an exception to competitive bidding or purchasing policy will include documentation clearly indicating the exception as defined in GML §103 or §104-b.
- For purchases not requiring competitive bid:
  - Three written quotes will be required for any purchase of \$5,000 or more
  - Two verbal quotes will be required for any purchase of at least \$2,500 and below \$5,000
  - Purchases below \$2,500 may be made at the discretion of the department head
  - Where it is economically feasible, departments are encouraged to seek competitive written quotes from three or more vendors, whether or not the quotes are required.
- The city council may adopt resolutions establishing circumstances and reasons under which, in the best interest of the city, competitive bids or quotes are not required.
- Purchase orders must be issued for purchases of \$1,500 or more. Purchase orders are encouraged where practical for purchases less than \$1,500.

Purchase orders of \$5,000 or more shall be submitted to, and approved by, the City Manager prior to being submitted to the Finance Department.

Only Purchase Orders generated by the Finance Department shall be used for requisitioning.

All purchases will be sufficiently documented. "Sufficiently documented" means that a person unfamiliar with the transaction would understand the transaction, including, but not limited to, the nature and purpose of the transaction, parties involved, goods or services ordered and delivered, itemized and total costs, accounts charged, person(s) who authorized the purchase, person(s) who confirmed receipt of the goods or services, and the date of each material event in the purchasing process.

#### *Blanket Purchase Orders*

Blanket Purchase orders are open end purchase orders issued to various vendors for the purpose of consolidating numerous purchases over the course of the year. Blanket purchase orders eliminate the issuance of separate orders for groups of items which are purchased frequently from the same vendor, and permit departments to purchase items of this nature on an "as needed" basis. If at any time the amount allowed on the Blanket Purchase Order will be exceeded, a change order is to be submitted to the City Manager.

#### *Change Orders*

A change order shall mean a properly prepared and authorized document which directs and authorizes a vendor providing goods or performing services to change the quantity or character of goods provided or services performed from that originally specified or estimated and to correspondingly change the payment due. Change orders are submitted first to the City Manager for approval, and then forwarded to the Finance Department for processing using the following form:

## **New York State Office of General Services – State Contract**

New York State Office of General Services awards centralized contracts based on competitive bidding for commodities, services, information technology and telecommunications. State contracts should be reviewed and used whenever possible to provide additional cost savings. The City of Rye is eligible to purchase through State Contracts as a political subdivision of New York State.

New York State General Municipal Law does not require competitive bidding if purchases are made under State Contract. Therefore, spending levels do not apply only if the purchase is made under New York State Contract. Purchases made from vendors offering lower-than-state contract price do not qualify under this exception. State Contracts are on file in the Purchasing Department, and are accessible on-line at <http://www.ogs.state.ny.us>

- The justification and reasons for any variance from this policy, including but not limited to, the selection of a vendor who is not the lowest responsible bidder or the failure to obtain sufficient competitive quotes, will be documented and made a part of the purchasing record.
- The city council and all city department heads will review this policy periodically and at least annually. Comments, questions, and proposed changes should be addressed to the city comptroller.
- The unintentional failure to comply with this purchasing policy or the provisions of GML §104-b shall not be grounds to void action taken or give rise to a cause of action against the city or any officer or employee of the city.

## ***Revenue Policy***

Revenues determine the capacity of a local government to provide services. Under ideal conditions, revenues would grow at a rate equal to or greater than expenditures. To ensure that our revenues are balanced and capable of supporting our desired levels of services, the City of Rye has adopted the following revenue policy statements:

- Each year and whenever appropriate, existing revenues will be re-examined and possible new sources of revenues will be explored to ensure that we are maximizing our revenue potential.
- Legally restricted revenues will be avoided when they adversely affect the short or long-term financial health of our government.
- We will strive to be informed and aware of all grants and other aid that may be available to us. All potential grants and other aid shall be carefully examined for matching requirements (both dollar and level-of-effort) and restrictive covenants, to ensure that our participation in such grants will be beneficial and cost-effective.
- Each year and whenever appropriate, intergovernmental revenues will be reviewed to determine their short and long-term stability, to minimize the impact of any adverse changes. Intergovernmental revenues shall be used as legally prescribed or otherwise set forth by policy.
- A balance will be sought in the revenue structure between elastic and inelastic revenues, to minimize any adverse effects caused by inflationary or economic changes.
- One-time revenues will be used for capital improvements or as legally restricted to a specific purpose.
- We will carefully and routinely monitor any amounts due to us. An aggressive policy of collection will be followed for all receivables, including property taxes.

- General Fund recreation user charges and fees will strive to recover approximately 40% of total costs generated by General Fund recreation special programs and use of facilities and equipment.
- Proprietary funds will generate revenue sufficient to support the full direct and indirect costs of these funds.
- Revenue forecasts shall be conservative, using generally accepted forecasting techniques and appropriate data.
- Each year and whenever appropriate, we will review our schedule of fees and related administrative procedures.

**City of Rye**

**Credit Cardholder Agreement**

Requirements for use of a Municipal Credit Card:

1. The credit card is to be used only to make purchases at the request of, and for the legitimate business benefit of, the City of Rye, New York.
2. The credit card must be used in accordance with the provisions of the Credit Card Policy established by the City Rye, as attached hereto.

Violations of these requirements may result in revocation of use privileges. Employees found to have inappropriately used the credit card will be required to reimburse the City of Rye for all costs associated with such improper use through direct payment or payroll deduction. Disciplinary action(s) may be taken per the City's Personnel Policies, up to and including termination. The City of Rye will investigate and commence, in appropriate cases, criminal prosecution against any employee found to have misused the credit card or who violates the provisions of the cardholder agreement.

## CITY OF RYE

*Office of the City Manager*

1051 BOSTON POST ROAD, RYE, NY 10580-2996

TEL: (914) 967-7404 FAX: (914) 967-4604

November 5, 2014

Honorable Mayor and Council Members  
City of Rye  
Rye, New York 10580

Dear Council Members:

Submitted herewith for your consideration is the City Manager's recommended 2015 budget. The proposed combined operating budget is \$50,765,341. It would require an increase in the real property tax rate of 3.14%. This is \$77,498 below the "tax cap" limit (see page 3-4).

Next year's revenue, spending, and investment plan is generally consistent with the financial goals and policies of the City. However, it uses some available fund balance in the Building and Vehicle Fund for reoccurring expenses in the General Fund. This will accommodate growing service demands while adhering to the "tax cap" established by General Municipal Law 3-C.

### Rebuilding Capacity

It is time for the City of Rye to rebuild organizational capacity after an extended period of austerity. It was a prudent response to the "great recession". However, it has weakened administrative oversight and left us vulnerable to potential emergencies. The "tax cap" is an artificial constraint that assumes a level of inefficiency and service redundancy that frankly does not exist in our community.

No one likes taxes. Even fewer like property taxes as there is no clear relationship with the service rendered or with the ability of the property owner to pay. However, because it "feels good" to artificially constrain the property tax levy, it doesn't make it prudent or sustainable. The City of Rye has budgeted responsibly over time. Our share of the property tax pie has steadily declined.

The budget, as proposed, reestablishes the positions of Assistant Superintendent of Recreation (split between Recreation and Boat Basin Budgets) and Parks Foreman. An unfilled Facilities Manager position and a Skilled Laborer position at the Boat Basin are eliminated. The Recreation Department would resume administrative oversight of the Boat Basin.

A new position of Assistant City Manager (Emergency Service Coordinator) is proposed effective July 1, 2015. This position would be responsible for overall emergency response planning and administrative oversight of the Fire Service.

It also proposes 4 additional paid firefighters be hired effective October 1, 2015. It is anticipated that they would complete training and be available for service by January, 2016. This would increase the typical number of paid firefighters on duty from 3 per shift to 4 per shift beginning in 2016.

This is an expensive, but necessary, transitional move as the number and availability of volunteers certified as interior firefighters is diminishing.

All identified organizational needs are not met by this budget. In terms of senior staffing, there remains a need for a Facilities/Project Manager and an Information Manager. The last property tax revaluation was done in 1972 and an update is overdue. A new property valuation is estimated to cost \$800,000.

### Capital Reinvestment

The 2015 budget recommends \$3,200,000 of capital reinvestments for projects identified in the 2015-2019 Capital Improvement Plan. Details are available in the Building and Vehicle Fund (page 11-1) and the Capital Improvement Fund (page 7-1).

The Rye Pavement Management Study, updated in October 2014 by the City's consultant, identifies an immediate need for an aggressive maintenance program of crack sealing and localized patching to prevent the need for more expensive repairs in the future. It also identifies the need to increase our annual spending on street resurfacing to \$1.0 million per year and to maintain that level of expenditure for the next decade if we are to maintain the current overall condition of city streets. In 2014, we expended a total of \$600,000 on street resurfacing. The proposed budget includes \$1.0 million for street resurfacing in 2015.

The reconstruction of the current five-way intersection at the conjunctions of Grace Church Street and Midland and Manursing Avenue is included at a cost of \$250,000. This pedestrian safety and traffic flow improvement was proposed in the Shared Roadways Committee report.

Funding of the annual sidewalk and curb program and the annual sewer/drainage program is maintained at current levels (\$100,000 for each). It is proposed that an additional \$100,000 be appropriated to establish an annual traffic light/pedestrian safety improvement program.

The Brevoort Lane Force Main Replacement project is included at a cost of \$300,000.

The major 2015 building project is the construction of a City Hall TV Studio at a cost of \$850,000. The Cable TV Fund will contribute \$650,000 towards the cost of this project.

Other building improvement projects include the installation of the emergency generator at City Hall (partially funded by a FEMA grant) and engagement of an architect to develop plans for proposed Police/Court Building improvements.

In addition to the budgeted capital investment, it is anticipated that \$2.3 million will be invested for energy efficiency projects at City Hall (primarily replacement of the HVAC system) and upgrading of Rye's street lighting to LED type lighting. This \$2.3 million project is being financed through a New York Power Authority program that recovers the cost through future power savings over the next thirteen years. Installation is scheduled for completion by December, 2015.

The Rye Fire Department will initiate the replacement of Fire Engine 191 located at the Locust Avenue Fire House during 2015. This unit was purchased in 1994 and is reaching its expected useful life. The replacement price is anticipated to be in the range of \$625,000 and delivery would be in the 2016-2017 timeframe. This item is not included in the proposed 2015 Budget as substantial funding requirements will not be needed until either 2016 or 2017. To proceed, the City Council may be asked to authorize bonds under the City Charter's Public Safety exemption as temporary financing if necessary during 2015.

2015 will also see the implementation of additional projects funding by the 2012 bond referendum and the NY Rising Community Reconstruction Program.

## Budgets-in-Brief

During 2015, significant impacts on the City's financial operations are outlined as follows:

•General Fund: This is the principal fund of the City and includes all operations not required by law or policy to be recorded in other funds. The proposed 2015 General Fund Budget of \$ 35,661,014 is up 6.2% over the 2014 adopted budget.

The proposed property tax rate is \$155.11 per \$1,000 of assessed valuation. The property tax levy of \$21,531,492 equals 60.4% of General Fund appropriations. Modest adjustments in some user fees and charges are incorporated in this budget recommendation.

Programs and services to be provided are essentially unchanged from the current year. Funds are included for an update to the City's website.

Personnel costs increase by \$913,773 or 4.45% over the current budget. Salaries and wages are up \$913,773 (7.2%) while employee benefits and taxes are up \$65,280 (0.7%).

The budget includes a reserve for Contingency of \$350,000. Details may be found beginning on Page 3-1.

•Rye Television (RTV) Special Revenue Fund: This fund is responsible for all City costs associated with the operation of the community access cable television and administration of the cable television franchise. It is funded by franchise fees received from Cablevision of Westchester, Verizon, and other fees and donations it generates.

Use of Cable Fund fund balance is proposed in 2015 to construct and equip a new studio in City Hall. Details may be found beginning on Page 4-1.

•Debt Service Fund: This fund is used to account for the payment of interest and principal on General Fund City debt (except for the Enterprise and Internal Service Funds). Details may be found beginning on Page 6-1.

•Capital Projects Fund: The City is budgeting \$1,515,000 of General Fund unassigned fund balance to fund annual street, sidewalk, traffic and pedestrian safety improvements, and sewer and drainage projects. Details may be found beginning on Page 7-1.

•Boat Basin Enterprise Fund: This fund is responsible for the operation and maintenance of the DePauw Municipal Boat Basin. Revenues are forecast to be \$646,000 while expenses are budgeted at \$1,015,510. There are 2% increases in user fees, as recommended by the Boat Basin Commission. Details may be found beginning on Page 8-1.

The long-term sustainability of the Boat Basin needs to be reviewed. User charges can be reasonably expected to maintain and operate the Boat Basin including dredging in the immediate vicinity. However, continued local maintenance of the Federal Channel will require additional funding sources. There is some opportunity for additional funds through a comprehensive enforcement of moorings registration in Rye waters.

•Rye Golf Club Enterprise Fund: This fund is responsible for the operation and maintenance of the Rye Golf Club. Revenues are forecast to be \$4,708,600, while expenses are budgeted at \$4,444,555. Membership fees are remaining flat for the third year in a row. Details may be found beginning on Page 9-1.

•Risk Retention Internal Service Fund: This fund is used for to pay claims, judgments and losses in lieu of or in addition to purchasing coverage from insurance companies. Total expenses are forecast at \$699,760, up \$36,288 from the 2014 budget. \$200,000 of Risk Fund Balance will be used to offset some of these expenditures. Details may be found beginning on Page 10-1.

•Building and Vehicle Maintenance Internal Service Fund: This fund is responsible for costs of maintaining and operating the City's buildings and its fleet of motor vehicles. These costs are distributed to various cost centers. Expenses are budgeted at \$4,498,413, up \$507,879 from the 2014 budget, largely due to \$333,500 of fund balance used to offset the cost of the positions proposed above. Revenues are forecast at \$4,164,913, up \$192,481. Details may be found beginning on Page 11-1.

Additional explanatory comments are included within the various fund budgets. Information regarding the City's organization, its budget process, accounting policies, and a glossary of terms may be found beginning on Page 1-1. Additional detail may be found in the Comprehensive Annual Financial Report prepared by the Department of Finance.

### Financial Policies

The budget is consistent with the financial goals and policies established by the City Council (see Section 2) as highlighted below:

•Current operating expenditures will be paid for from current operating revenues. The General Fund will propose the use of \$2,527,452 in unassigned fund balance in 2015. This compares to the adopted 2014 budget which had \$1,301,585 use of fund balance.

•General Fund's unreserved undesignated fund balance will be maintained at a level at least equal to 5% of the total General Fund. The General Fund's audited unassigned fund balance as of December 31, 2013 was \$5,942,287 (18.16%). The proposed 2015 budget forecasts unassigned fund balance to decrease as of December 31, 2014 to 13.11% of 2014 revenues and 12.84% of 2014 expenditures which is consistent with City Council policy.

•A diversified and stable revenue base will be maintained while striving to reduce the reliance on the property tax and intergovernmental revenues for operating purposes.

The proposed property tax levy would equal 60.4% of total 2015 expenditures. The Golf Club and Boat Basin remain financially self-sufficient, while the Recreation program would cover 40% of its operating expenses.

•Adequate maintenance of capital assets and equipment will be provided for in the annual budget.

### Additional Comments

•Assumptions. The 2015 budget proposals are, of necessity, the best available forecasts of events which will occur up to 14 months from now and based upon uncertainties of the economy, weather, and a variety of potential emergency circumstances which defy precise projections. The budget assumes no new revenue sources or material increase in user fees. It is believed that both the expenditure and revenue projections are prudent and consistent with past practice.

Wage Adjustments. Allowances are included within the budget for adjustments in employee compensation. The IAFF contract expired on December 31, 2009 and the agreement with the CSEA Clerical Unit expired on December 31, 2013. Successor agreements are yet to be negotiated.

•Budget Requests. All City departments, offices, and agencies were challenged to carefully examine their operations and to seek alternatives to the status quo that balance the demand for services with the willingness and ability of the community to pay for those services. In order to present comprehensive budget recommendations for 2015 that are in compliance with the City Council's policy direction, changes have been made to many requests for funding by the City Manager, the City Comptroller, and by department managers.

The Charter requires me to indicate any substantial changes made in the budget estimates of Boards, Commissions, departments, offices, and agencies that are not under my direction and supervision.

- Rye Free Reading Room. The current contract for services with the Rye Free Reading Room is for \$1,170,000. They requested an increase in funding to \$1,250,000. This proposed Budget includes \$1,195,000. The City has also agreed to provide up to \$15,000 for advice from the City's Labor Attorney.

### Conclusion

It is a privilege to present the recommended 2015 Budget for your consideration. The services which will be produced for the costs proposed in these recommended budgets will continue to provide the outstanding value to our residents which has become an expectation of service living in Rye. It truly is the "Rye Difference".

2015 will be a transitional year for the City of Rye. We are ending a period of austerity caused by economic recession but continue under artificially created revenue restraints. It challenges us to do better.

I would like to take this opportunity to thank all involved in preparing this budget document and the proposals contained within it. On a personal note, this is the twenty-fourth budget that I have had the privilege of presenting to a Rye City Council in the past thirty-six years. It has been an honor.

Respectfully submitted,

Frank J. Culross  
City Manager

CITY OF RYE, NEW YORK  
GOLF CLUB ENTERPRISE FUND  
ANNUAL BUDGET  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

## **COMBINED BUDGETS - ALL FUNDS**

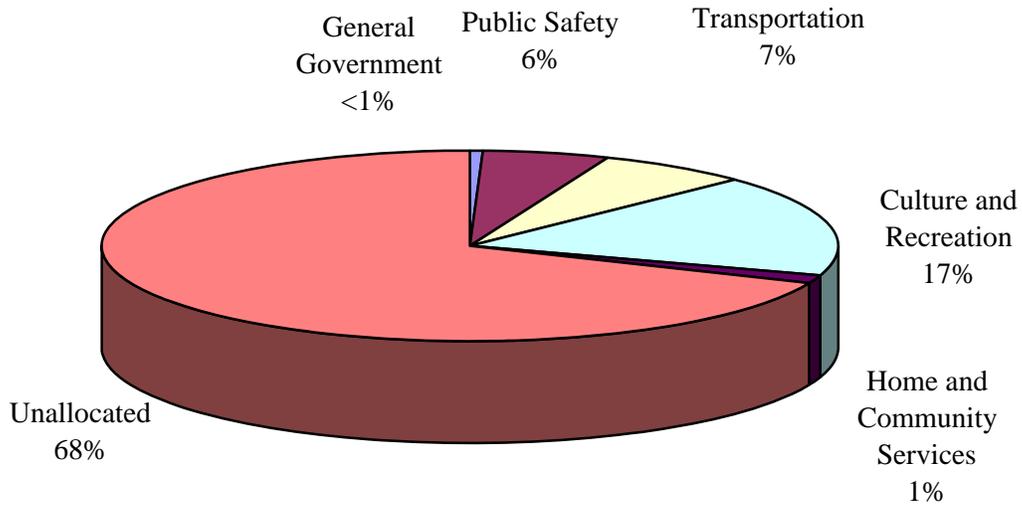

The following pages summarize the annual budgets for all funds. These funds include:

- General Fund
- Cable TV Special Revenue Fund
- K.T. Woods Permanent Fund
- Debt Service Fund
- Capital Projects Fund (funding for the forthcoming year only)
- Boat Basin Enterprise Fund
- Golf Club Enterprise Fund
- Risk Retention Internal Service Fund
- Building and Vehicle Maintenance Internal Service Fund

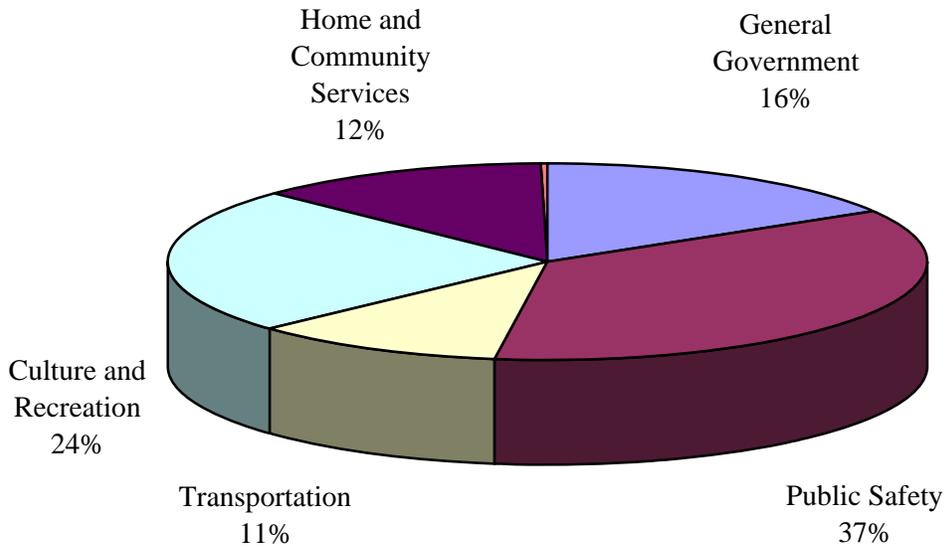

Funding sources and uses are further subtotaled to eliminate interfund activity (interfund service charges and interfund transfers). The charts depict the combined budgets exclusive of (not including) the effects of interfund activity or the appropriation of fund balance/retained earnings. The separation of interfund activity in the tables and elimination of interfund activity in the charts allow the reader to more appropriately determine the actual funding sources and uses required for the fiscal year to fund city programs.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**City of Rye, New York  
 2014 Property Tax Dollar Distribution  
 Properties Located in Rye City School District and  
 Blind Brook County Sewer District**

**City of Rye, New York  
 2014 Property Tax Dollar Distribution  
 Properties Located in Rye Neck Union Free School District and  
 Mamaroneck Valley Sewer District**

The above charts depict the percentage share of property tax dollar paid in 2014 by a City of Rye property owner to Westchester County (including the County Refuse District and the appropriate County sewer district), the school district the property is located in, and the City of Rye. City taxes are billed in February, County taxes are billed in May, Rye City School District taxes are billed in August and November, and Rye Neck Union Free School District taxes are billed in September and November. The distribution of taxes for 2014 is shown, as this is the most recently completed year of tax billings for all three entities. It should also be noted that in 2005 the Rye Neck Union Free School District established two separate tax rates for homestead (residential) and non-homestead (commercial) properties, and the chart above that includes the Rye Neck Union Free School District depicts only the homestead rate. These charts do not depict exemptions or special assessments that may apply to specific properties, and therefore should only be used for general information purposes.

## **GENERAL FUND**

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

The General Fund includes the following programs:

General Government - includes all the services provided by the City Council and City Manager, as well as the following City departments: Finance, Assessor, City Clerk, Corporation Counsel, Personnel, Elections, and Information Technology (IT).

Public Safety - includes police, traffic safety, fire prevention and control, animal control, building inspection, and ambulance/EMS services.

Transportation - includes engineering, street maintenance, snow removal, street lighting, and off-street parking

Culture and Recreation - includes recreation activities, parks and playgrounds, and support of outside agencies under contract to provide recreational or cultural services.

Home and Community Environment - includes planning, sanitary sewers, storm drains, refuse and recycling, street cleaning, community beautification, pest control, shade tree maintenance, conservation, and diaster preparedness.

## PROGRAM SUMMARIES

CITY OF RYE, NEW YORK  
GENERAL FUND  
ANNUAL BUDGET  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

## GENERAL GOVERNMENT

This program provides the legislative, executive and staff activities essential for effective policymaking and professional administration of the City of Rye's government.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

***City Council***

***Description***

An elected Mayor and six Council Members form the policy-making body of the city. They adopt local laws and ordinances; control the raising and appropriation of funds; and appoint a full-time City Manager to administer city services and carry out policies. They also appoint a Corporation Counsel, City Court Judges, and members of various unsalaried boards, commissions, and committees.

***2014 Accomplishments***

- Local Law 1-2014: to amend Chapter 10, Committees, Article II, Rye Senior Advocacy Committee, to amend Section § 10-4 Legislative Intent to revise the Mission Statement of the Committee
- Local Law 2-2014: to amend Article 6, “Council”, §C6-2, “Powers and duties” of the Charter of the City of Rye by adding Section G to provide all Council members with the same authority as the Mayor as outlined in §C7-1G to “examine the books, papers and accounts of any board, commission, department, office or agency of the city.”
- Local Law 3-2014: to amend Chapter 191, “Vehicles and Traffic” Part 1, Article II “Traffic Regulations” Section 191-7 “Speed limits” to reduce the speed limit down to twenty-five miles per hour on roads, or portions thereof, for a pilot study
- Local Law 4-2014: to amend Chapter 191, “Vehicles and Traffic”, of the Rye City Code by amending §191-20, “Parking time limited”, Subsection (b) “Two-hour limit” to prohibit parking on the north side of Central Avenue from the west side of the bridge over the Blind Brook to Walnut Street and §191-21, “Parking, standing or stopping” to prohibit parking on the north side of Central Avenue from the Boston Post Road to the west side of the Blind Brook
- Local Law 5-2014: to amend Chapter 191, “Vehicles and Traffic”, of the Rye City Code by amending §191-20, “Parking time limited”, Subsection (E) “Fifteen-minute limit” to designate two parking spaces on the south side of Sylvan Road closest to Midland Avenue as fifteen minute parking spaces
- Local Law 6-2014: to amend the City Charter of the City of Rye Article 6 “Council”, Article 8 “City Manager”, and Article 12 “Department of Police to provide the City Council with the authority to approve the appointment of the Police Commissioner
- Appointment of a new City Court judge for a six-year term
- Steered the negotiations and authorized a new foodservice agreement to operate the catering food and beverage at Whitby Castle and the Rye Golf Club Snack Bar

***Budget Summary***

***City Manager***

***Description***

The City Manager provides professional leadership in the administration and execution of policies and objectives formulated by the City Council; develops and recommends alternative solutions to community issues and problems for Council consideration; and plans and develops programs to meet future physical, social, and cultural needs of the city.

***2014 Accomplishments***

- Completed orientation of newly-elected City Council members
- Participated in the New York Rising Community Reconstruction Program which awarded the City with \$3 million for a project to rebuild from damage sustained by Hurricanes Sandy and Irene and Tropical Storm Lee. Assisted in the establishment of the City of Rye Committee
- Continued model changes with Whitby Castle, concluded current vendor contract, and initiated pilot program for in-house restaurant operations
- Negotiated new contracts with the Rye Police Association and the CSEA Public Works bargaining units
- Began work on the second phase of the Milton Harbor Dredging project with 90% funding from FEMA as a result of damage from storms Irene and Sandy
- Completed two of the Safe Routes to School projects increasing safety for pedestrians at the Grace Church Street Intersection and the Milton School Sidewalk
- Coordinated with the Rye City School District and City Departments to ensure safety and minimal impact on traffic and pedestrian crossings during School Construction project.
- Continued work on a City archival project with a dual purpose of preserving City documents and repurposing building space

***2015 Highlights***

- Actively monitor the economy and aggressively manage the budget as necessary
- Greater efforts will be explored for inter-municipal and cooperative agreements
- Continue to control personnel costs including legacy costs and retiree benefits
- Seek stability and continuity
- Management of expectations with a resident focus on needs

***Finance***

***Description***

The Finance Department provides comprehensive financial management and administrative services by computing, analyzing, and distributing information on the financial health, direction and progress of the City and through the safe keeping and administration of City funds. Department programs include:

**General Accounting**, which ensures the accurate accounting, disbursement, and safeguarding of City funds by maintaining accounting and fixed asset records and issuing reports in conformance with generally accepted accounting principles; reviewing transactions to ensure compliance with applicable regulations, policies and requirements; and paying accounts payable in an accurate and timely manner.

**Treasury**, which safeguards funds of the City, maximizes the return on investments, and ensures the timely, accurate and equitable collection of revenues due to the City by billing, monitoring, collecting and receiving real property taxes, parking violations and meter revenue, and other obligations due to the City.

**Payroll**, which ensures the accurate accounting, disbursement and safeguarding of City funds by managing the payroll in an accurate and timely manner and reviewing transactions to ensure compliance with applicable regulations, policies, and requirements.

***2014 Accomplishments***

- Earned the *Certificate of Achievement for Excellence in Financial Reporting Award* and the *Distinguished Budget Presentation Award* from the Government Finance Officers Association of the United States and Canada (GFOA)

***2015 Highlights***

- Collaborate with the City Manager, City Council, and Finance Committee to explore new revenue opportunities and new opportunities to reduce expenses for the City
- Begin foreclosure proceedings against those properties with unpaid taxes

CITY OF RYE, NEW YORK  
GENERAL FUND  
ANNUAL BUDGET  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015  
*Assessor's Office*

**Description**

To provide fair, accurate and timely valuation of the real property taxed by the City of Rye by preparing an assessment roll of all real property in the City; establishing the condition, value, and taxable status of each parcel; maintaining an inventory of all real property; maintaining and updating tax, sewer, drain, contour and topographic maps, deeds and surveys.

**2014 Accomplishments**

- Reviewed building plans and inspected approximately 431 properties to insure equitable assessments
- Provided assistance and support to the Board of Assessment Review in connection with the filing of 264 complaints on real property assessment filed against the 2014 assessment roll
- Negotiated various tax certiorari settlements and disposed of 134 small claims assessment review proceedings filed against the 2013 assessment roll which represents an increase of 38% over 2012 when 97 small claims were filed
- Reviewed and processed 363 new and renewal enhanced STAR and aged real property tax exemption applications
- Responded to numerous taxpayer inquiries regarding NYS Basic STAR re-registration program

**2015 Highlights**

- Analyze and defend the City with respect to tax certioraris and small claims proceedings. This continues to be a major challenge given the decline in the City's equalization rate and proliferation of contingency fee based tax representatives. Approximately 125 small claims proceedings have been filed in 2014 which is on par with the 134 cases brought in 2013
- Anticipate NYS STAR program will continue to generate a significant number of taxpayer inquiries particularly since NYS will be issuing checks to those homeowners who have a STAR exemption and live in a municipality in which the local government/school budgets are tax cap compliant

***City Clerk***

***Description***

The City Clerk supports the Mayor, Council, boards and commissions by maintaining official records of the City, issuing permits, maintaining and processing updates to the City code, overseeing the bid process, issuing public notices and proclamations, administering vital records and protecting public records by providing these services in an accurate, professional and responsive manner.

The City Clerk is also responsible for administering a fair and impartial election process according to current election laws for city, state, and federal elections by assuring that polling sites are ready on time and providing election inspectors to oversee elections.

***2014 Accomplishments***

- Continued to work with Departments on processing of FOIL requests through the City’s automated FOIL Workflow System
- Continued working with Police Department and software vendor on alarm billing system
- Continued the scanning of documents for records management
- Continued work on Code update project

***2015 Highlights***

- Continue to work with departments regarding timely response to FOIL requests through Automated Workflow System
- Continue document scanning for records management
- Continue to work with Corporation Counsel and Departments on Code update project

## PUBLIC SAFETY

This program provides the surveillance, prevention and protection system necessary to ensure public safety from dangers, which include crime, traffic violations, fire and hazardous conditions, disaster, uncontrolled animals, and medical emergencies.

CITY OF RYE, NEW YORK  
GENERAL FUND  
ANNUAL BUDGET  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

***Police Department***

***Description***

The Police Department promotes public safety and provides service through the following programs:

**Police Administration** oversees the various functions performed by the Police Department's program areas through the supervision of staff, procurement of equipment and supplies, and general department administration.

**Patrol** preserves the rights of citizens, reduces fear in the community, promotes traffic safety, and suppresses crime by engaging in crime prevention, problem solving and enforcement initiatives including proactive patrol, radar and traffic enforcement, and parking enforcement.

**Investigation** preserves the rights of citizens and investigates crimes and suspicious activity by conducting investigations; executing and issuing warrants; preparing court cases; promoting crime prevention through public education; and managing lost and found and evidence collection, storage, and disposal.

**Marine Patrol** protects the boating public and the natural environment by enforcing city waterways statutes and state navigation and conservation laws, and performing search and rescue emergency operations.

**Parking Enforcement** augments the safety of pedestrian and automobile traffic at school crossings and ensures that City parking regulations are enforced.

***2014 Accomplishments***

- Deployed personnel and equipment as needed to reduce potential crime activity and respond to public events.
- Enhanced investigations aimed at specifically decreasing illegal drug activity targeting teenagers.
- Addressed concerns about coyote activity within sections of the City of Rye. Worked with the Department of Environmental Conservation to find best solutions to coyote control.
- Updated accreditation files to comply with New York State Enforcement Accreditation Council.
- The Police Department has complied with Federal and State yearly mandates regarding surplus military vehicles and equipment. Keeping equipment in good shape and ready for use, should the need arise
- Revitalized the Auxiliary Police function, increasing a valuable resource

***2015 Highlights***

- Maintain a professional Police response to the needs of the City of Rye, its residents, merchants, and visitors
- Increase a positive interaction between our teenage population and the detective bureau specifically in the area of preventing drug abuse
- Maintain a high state of readiness through professional training of staff
- Increase traffic enforcement for the safety of all residents and visitors
- Continue efforts with community organizations to promote appropriate youth behavior

***Traffic Services***

***Description***

Traffic services are provided by the Police and Public Works Departments. The Police Department administers the school crossing safety activities, while public works provides for safe movement of vehicular traffic by installing and maintaining traffic signs and signals, and all pavement markings.

***2014 Accomplishments***

- Maintained all 2,105 street lights, 33 traffic signals, and 7 flashing signals within the City
- Installed new ADA-compliant “talking” pedestrian crossing systems at Cedar Street, Highland Road, and Purchase Street

***2015 Highlights***

- Under the “Safe Routes to School” Program, improvements will be made near Rye schools to enhance the safety of the pedestrian environment. Improvements include new sidewalks, crosswalks, and several pedestrian-activated flashing beacons at crosswalks

***Fire Department***

***Description***

The Fire Department is a combined career and volunteer department with 17 professional firefighters and a roster of 120 volunteers, of which approximately 40 are active. The department is governed by the Board of Fire Wardens and three volunteer Chiefs.

The Fire Department minimizes the loss of life and property by rapidly responding to fire alarms, weather-related emergencies, motor vehicle accidents, search and rescue calls, and other emergencies. The Department also provides fire safety education programs and performs code inspections to reduce fire hazard risk factors and reduce the need for emergency responses.

***2014 Accomplishments***

- To date the Fire Department has responded to 726 calls for assistance in 2014
- The project to update The Department’s Self Contained Breathing Apparatus (SCBA), which was started in 2013, has been completed. In doing this project The City has gained an additional 10 years of use from our current inventory of SCBA’s
- The three fire engines owned by the City were tested (and passed) their annual pump testing, additionally all hose was tested as well.
- The ladder trucks are scheduled to receive their annual testing in November
- The new firefighter that was hired in 2013 completed his training in 2014 and started to work his scheduled shift in the beginning of the year.
- With the retirement of Career Firefighter Todd Barnum after 25 years of faithful service to The Department and The City in April, The City and Fire Department successfully hired his replacement in August. Upon his completion of training in 2015 he will be assigned a scheduled shift
- During Fire Prevention Week, the Fire Department visited all Pre-Schools, Periodical Schools, and Elementary Schools in the City and 2,000 children, ages 2-7 were given a fire safety presentation
- Additional training was conducted, by Con Edison on both Electric issues and Gas issues, this class was held in conjunction with the Harrison Fire Department and members from both Departments attended the training together

***Building Department***

***Description***

The Building Department provides for a safe and sanitary community environment by enforcing laws, ordinances, rules and regulations governing new and existing construction and land use regulations.

***2014 Accomplishments***

- Part Time Code Enforcement Officer Guy Carpenito has begun a comprehensive tracking system for complaints and compliance
- Staff has been trained on the Municipality Program and is more able to help with Homeowners and Realtors
- Resolved to make the changes necessary to the City of Rye Code after the adoption of the NYS Building Codes
- The scanning of documents has not been as successful as we had hoped. We continue to require all new work to be submitted digitally but the old files may need to be outsourced

## TRANSPORTATION

This program provides for transportation services including street maintenance and administration, sidewalk maintenance, and parking services

CITY OF RYE, NEW YORK  
GENERAL FUND  
ANNUAL BUDGET  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

***Transportation***

***Description***

The transportation program includes the following:

**Administration** provides professional leadership to the Department of Public Works in the execution of various community services including transportation and traffic control.

**Engineering** ensures a high quality of development by providing professional design and construction management services for City constructed capital improvement projects and infrastructure; preparing bid specifications and managing contracts for acquisition of capital equipment; reviewing and evaluating site development plans, issuing permits, and conducting field inspections to ensure compliance with city, state and federal regulations.

**Street and Sidewalk maintenance** maintains City streets and off-street parking areas in a safe and clean condition and provides for the safe movement of vehicular traffic by performing road construction and repairs; removing snow and ice from streets; installing and maintaining street lights; and supervising the work of contracted services for repair, cleaning and maintenance work.

***2014 Accomplishments***

- Completed paving of sections of Boston Post Road, Locust Avenue, and the roadway through the train station parking lot
- Purchased a new street sweeper and a new asphalt hot box

***2015 Highlights***

- The City is in the process of updating its pavement management system software and plans to continue paving segments of City roadways on an annual basis to improve their condition
- The Engineering Department will continue to implement capital improvement projects and infrastructure improvements throughout Rye

## RECREATION AND CULTURE

This program encompasses the culture and recreational activities and facilities, which are provided by the City of Rye for the participation and enjoyment of all residents.

CITY OF RYE, NEW YORK  
GENERAL FUND  
ANNUAL BUDGET  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

***Recreation Department***

***Description***

The Recreation Department provides quality leisure services by offering a comprehensive program of activities for pre-school through senior adults that benefit the individual, family, and community. It also handles the maintenance of the parks and playgrounds, by providing safe and aesthetically pleasing parks and recreational facilities; by performing regular safety inspections; providing custodial services to buildings, grounds and restrooms; providing preventive maintenance, repairs or renovations on buildings and equipment; and overseeing contracted repairs. This section combines the revenues and expenditures for recreation administration, parks & playgrounds, recreation center, recreation programs, camps, athletics, tennis, special events, adult recreation, Southeast Consortium, special facilities, and the Rye Nature Center. The purpose of the Nature Center is to develop, foster and promote environmental awareness and conservation of the community's natural resources through educational services, community programs, and outreach services.

***2014 Accomplishments***

- On-going participation with Rye Y's Healthier Sound Shore Coalition to address childhood obesity and health related issues for all age groups
- Administered 4 successful summer camp programs; camp registration held consistent at 700+ campers; employed 200 local teens for paid and volunteer positions at summer camp programs. Also provided residents with 6 one week camp programs to fill the time between summer camp and school
- Aquacai Natural Spring Water renewed as the title sponsor of the 2014 Turkey Run on November 29. TD Bank also renewed as the Clock Sponsor for the event
- Camp scholarship fund raised over \$21,000 which help fund 39 camper scholarships
- Successfully held and/or supported special events during the year including: Memorial Day, 9/11 & Veteran Days Services, 62nd Anniversary Celebration of the Halloween Window Painting, Pancakes with Santa, Carole D. Kirby Memorial Easter Egg Hunt, Thanksgiving Paws Walk & 1, 3.1 & 5-mile Turkey Runs, Rye Little League/Rye Girls Softball Opening Day, Aquafina Pitch, Hit and Run Contest & NFL Punt, Pass & Kick Contest and the Bonfire and Holiday Sing-a-long
- Tennis Courts 1 & 2 were patched and repainted. Courts now take on a similar look as the US Open
- Purchased and implement new registration software and improved on-line registration
- New computers installed in preparation of the new software for all staff

***2015 Highlights***

- Repair and paint tennis courts 7 & 8
- Improve signage for all parks and within Damiano Center.
- Develop a field improvement & design plan for consideration for all athletic fields in Rye in cooperation with various sport user groups
- Facilitate ongoing fence replacement throughout the park system
- Continue to be active with Rye Y and "Activate America" to address childhood obesity and health related issues for all age groups.
- Complete playground renovations at Gagliardo Park including repair to the basketball courts
- Provide assistance to the Rye Senior Advocacy Committee

***Planning Department***

***Description***

The Planning Department assists the Planning Commission in the review and administration of land development applications in accordance with the City Code, City planning documents and New York State Law. The Department also prepares and/or oversees special planning studies and analysis, provides technical assistance to the City Council, other City Boards and Commissions, as well as City staff, and assists Rye residents, businesses and professionals with planning related matters.

***2014 Accomplishments***

- Completed the 2015-2019 Capital Improvement Program
- Processed land use applications to Planning Commission and other City boards
- Continued wetland permit determination responsibilities
- Continued Wetland Permit Determination Responsibilities
- Provided professional service to Planning Commission

***2015 Highlights***

- Prepare the 2016-2020 Capital Improvement Program
- Provide professional service to Planning Commission
- Continue Wetland Permit Determination Responsibilities

***Department of Public Works***

***Description***

The Department of Public Works (DPW) is responsible for that portion of the community's physical environment owned by the City and includes the following:

**Administration** provides professional leadership to the Department of Public Works in the execution of various community services including Public Sanitation, Solid Waste Services, Land Maintenance, and Building and Vehicle Maintenance.

**Public Sanitation** ensures the public health and safety of the community by providing collection of sewage and preventative maintenance and repair of sewer lines; maintenance and repair of the storm water management system; and sweeping and cleaning of the public streets and public parking areas.

**Solid Waste** reduces solid waste within the community by educating residents, accelerating recycling and composting efforts, disposal via waste to energy disposal, and reducing the toxicity of the waste stream.

**Land Maintenance** beautifies and restores the environment of the city by maintaining parklets, cul-de-sacs, cemeteries, and other City-owned landscapes; pruning, removal and replacement of trees and shrubs; and controlling rodents and insects..

**Building Maintenance** provides safe and aesthetically pleasing public buildings by performing custodial services, preventive maintenance, repairs or renovations, and overseeing contracted repairs.

**Vehicle Maintenance** ensures that motorized and non-motorized vehicles, apparatus, and equipment within the City's fleet are operational by providing efficient and effective repair, and maintenance.

***2014 Accomplishments***

- Published first-ever "Resident's Guide to the Department of Public Works," a useful reference booklet containing important information about recycling, sanitation collection, snow removal, and other DPW services. The City received a 2014 Westchester Earth Day award from the County in recognition of this comprehensive publication
- Created new Resident Recycling Center at Disbrow Park. The RRC sets aside designated space for residents to drop off recyclable materials at their convenience. The program has been very successful
- Purchased a new recycling truck as well as several smaller pieces of equipment to replace aging equipment and improve operational efficiency
- Converted a garbage truck to a hook lift truck so that it can be used for multiple purposes

***2015 Highlights***

- DPW will continue to clean and maintain all catch basins as mandated by the US EPA

HOME AND COMMUNITY ENVIRONMENT  
SANITATION

*Description: The Sanitation function ensures the public health and safety of the community by providing collection of sewage, backyard refuse, garbage, bulk trash, newsprint, metal, glass, and plastic as well as preventative maintenance and repair of sewer lines; maintenance and repair of the storm water management system; and sweeping and cleaning of the public streets and public parking areas. In addition it reduces solid waste generation within the community by educating residents on solid waste reduction, accelerating recycling and composting efforts, disposal via waste to energy, and reduction of toxicity in the waste stream.*

***Contract Service Agencies***

***Description***

Contract service agencies are independent organizations that provide specialized services to City of Rye residents under one or more contracts between the organization and the City of Rye.

***Description of Contract Service Agencies***

***Animal Control Services*** are provided by the New Rochelle Humane Society using its own facilities, equipment, supplies, and staff.

***Port Chester-Rye-Rye Brook EMS services*** are provided by the Port Chester-Rye-Rye Brook Ambulance Corps, using their own facilities, equipment, supplies, and staff.

***The Rye Youth Council*** is an independent organization that provides cultural and recreational activities for youth. The City acts as a sponsor agency of the Rye Youth Council, which allows the Rye Youth Council to receive New York State aid.

***Rye Town Park*** is a joint venture between the Town of Rye and the City of Rye, providing public access to a park and beach located along the Long Island Sound shore. City funding represents the City's share of operating and capital costs.

***The Rye Free Reading Room*** is an independent reading association that provides library services using their own facilities, equipment, supplies and staff.

***The Square House Museum*** provides historical and archival services related to the City of Rye and surrounding area. The building is owned and maintained by the city, but services are provided by the Rye Historical Society.

***The Rye Art Center*** provides opportunities for residents to learn about, view and participate in various audio/visual art forms. The building is owned by the City but operated and maintained by an independent organization. The only City costs associated with the Rye Art Center are interfund service charges.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**TAXABLE ASSESSED VALUATION**

Real property taxes consist of taxes collected on the assessed value of real property, which includes land, structures, and improvements. Real property taxes are levied on both residential and commercial properties. The real property tax levy is calculated by dividing the real property taxable assessed value by 1,000 and multiplying the result by the adopted tax rate. The billing and collection of real property taxes is governed by Real Property Tax Law.

**Taxable Assessed Valuation of Real Property**

Fiscal Year	Valuation	Change
Actual 2011	138,681,692	-0.44%
Actual 2012	137,736,733	-0.68%
Actual 2013	138,095,192	0.26%
Actual 2014	138,401,162	0.22%
Budget 2015	138,817,827	0.30%

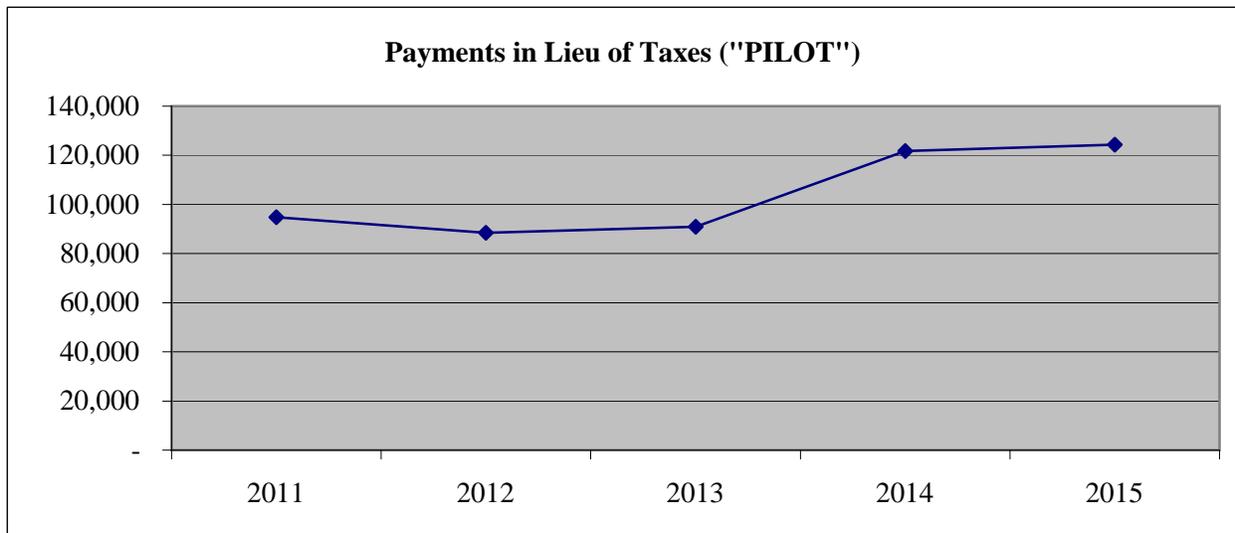

**Assumptions:**

The estimated taxable assessed value for 2015 as shown above is per the tax roll of September 15, 2014. After declining for several years, there has been a steady increase for the last 3 years.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**PAYMENTS IN LIEU OF TAXES ("PILOT")**

Payments in lieu of taxes ("PILOT") represent payments received by a municipality or agency in lieu of real property taxes, and are governed by §412-a of Real Property Tax Law. There are 2 PILOT agreements in effect for the City of Rye at this time with the Avon Capital Corporation and HONY Housing Development Fund Corp, for the benefit of Rye Manor LLC. In the Avon agreement, Avon conveyed its property to the Westchester County Industrial Development Agency (IDA) and then leased it back from the county to further the economic goals of the IDA. Avon pays a PILOT equal to the real property taxes that would be levied against the property. The agreement with HONY Housing Development Fund Corp began in 2014 with a PILOT of \$90,000 (\$30,000 for the City of Rye and \$60,000 for the Rye City School District), with a 2.5% increase each year thereafter.

**Payments in Lieu of Taxes ("PILOT")**

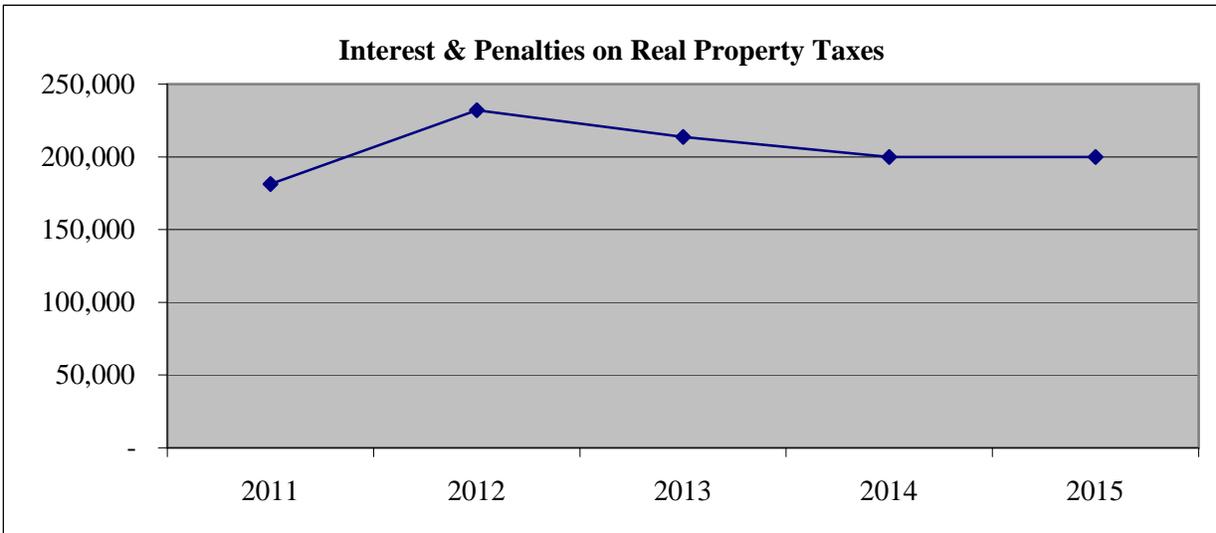

Fiscal Year	Amount	Change
Actual 2011	94,834	0.97%
Actual 2012	88,474	-6.71%
Actual 2013	90,866	2.70%
Forecast 2014	121,764	34.00%
Budget 2015	124,350	2.12%

**Assumptions:**  
 There will be no material change in the Avon PILOT agreement.  
 There will be no material change in the valuation of the Avon property which is used to calculate the PILOT payment amount. Final PILOT to be determined after adoption of tax levy. PILOT amount is determined by tax levy amount. The assessed value decreased from \$673,200 to \$610,210 in 2012. The City reached a deal on a PILOT agreement with Rye Manor, for an annual amount of \$30,000 beginning in 2014, with a 2.5% increase for 2015.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**INTEREST AND PENALTIES ON REAL PROPERTY TAXES**

Interest and penalties on real property taxes represent the interest and penalties charged against overdue real property taxes. Real Property Tax Law ("RPTL") §924 requires that interest and penalties must be added to real property taxes due if payment is received after the due date. The Rye City Charter §C22-8(C) specifies the interest and penalty amounts, currently 2% if paid within the first month overdue; 5% if paid within the second or third months overdue; 7% if paid within the fourth and fifth months overdue; 10% if paid within the sixth, seventh and eighth month overdue, and 12% if paid thereafter to the date of the payment of the lien.

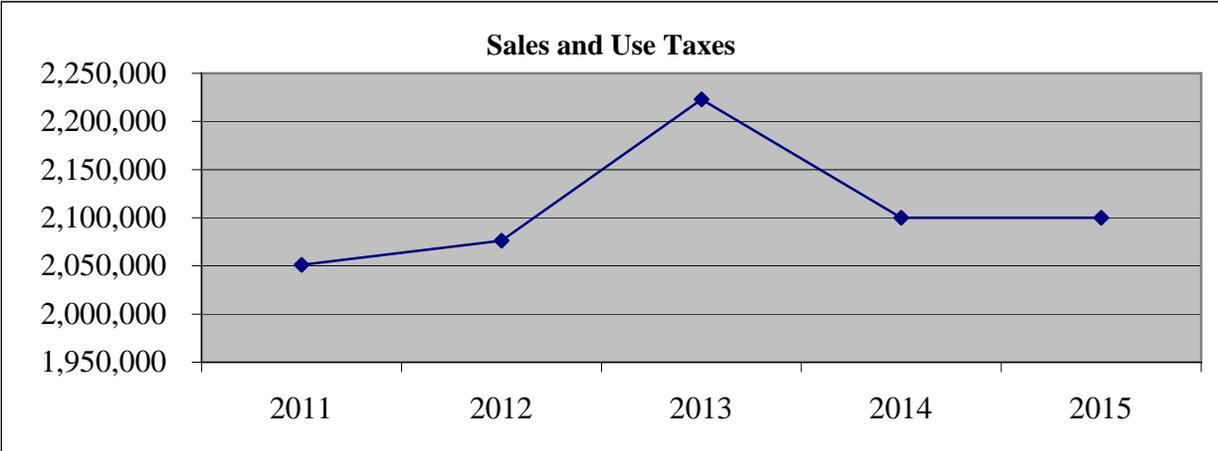

Interest and Penalties on Real Property Taxes		
Fiscal Year	Amount	Change
Actual 2011	181,273	-10.25%
Actual 2012	231,964	27.96%
Actual 2013	213,677	-7.88%
Forecast 2014	200,000	-6.40%
Budget 2015	200,000	0.00%

Assumptions:  
 Interest and penalties are dependent upon overdue taxes, which fluctuate based on economic conditions and the number of properties eligible for foreclosure in the fiscal year. There was a large tax lien payoff of multiple years in 2012.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**SALES AND USE TAXES**

Sales and use taxes are taxes imposed upon retail sales of tangible personal property and/or the consumption of goods and/or services, and are governed by §1210 of the Tax Law. The 7.375% sales and use tax rate in the City of Rye is allocated 4% to New York State; 0.375% to the Metropolitan Transportation Authority (MTA), and 2.18% to Westchester County, with the remaining allocated 0.6% to local governments within the County that do not have a local sales tax (Mount Vernon, New Rochelle, White Plains and Yonkers have their own sales tax) proportionately by percent of total population of all local governments, and 0.22% to school districts within the County proportionately by percent of total population of all school districts.

**Sales and Use Taxes**

Fiscal Year		Amount	Change
Actual	2011	2,051,254	3.54%
Actual	2012	2,076,364	1.22%
Actual	2013	2,222,745	7.05%
Forecast	2014	2,100,000	-5.52%
Budget	2015	2,100,000	0.00%

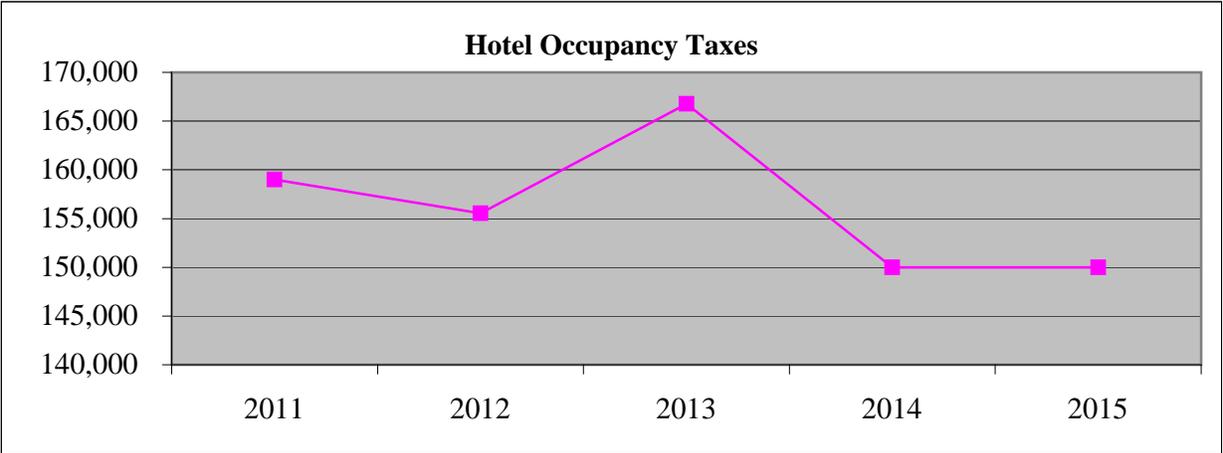

Assumptions: After falling under \$1.9 Million in 2009, sales tax revenues have bounced back to levels prior to the 2008 recession. 2015 sales tax revenues are conservatively expected to remain relatively flat compared to 2014 budget and forecast in anticipation of stabilization in the general economy. The sales tax distribution formula, components of that formula, and population proportions used in the formula will remain the same. Sales and use taxes will not be reduced or eliminated by the state or county, or be materially affected by Internet sales exempt from such taxes.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**HOTEL OCCUPANCY TAXES**

Hotel occupancy taxes are taxes imposed upon hotels and other places of lodging, as defined by the City of Rye Code, for revenues earned by hotels and places of lodging associated with overnight accommodations. The 3% hotel occupancy tax rate in the City of Rye is recorded in the General Fund and can be used for any purpose designated by the City Council.

The City of Rye Hotel Occupancy Tax, under §177 of the City Code was enacted in late 2006, with the first receipts arriving in fiscal 2007.

**Hotel Occupancy Taxes**

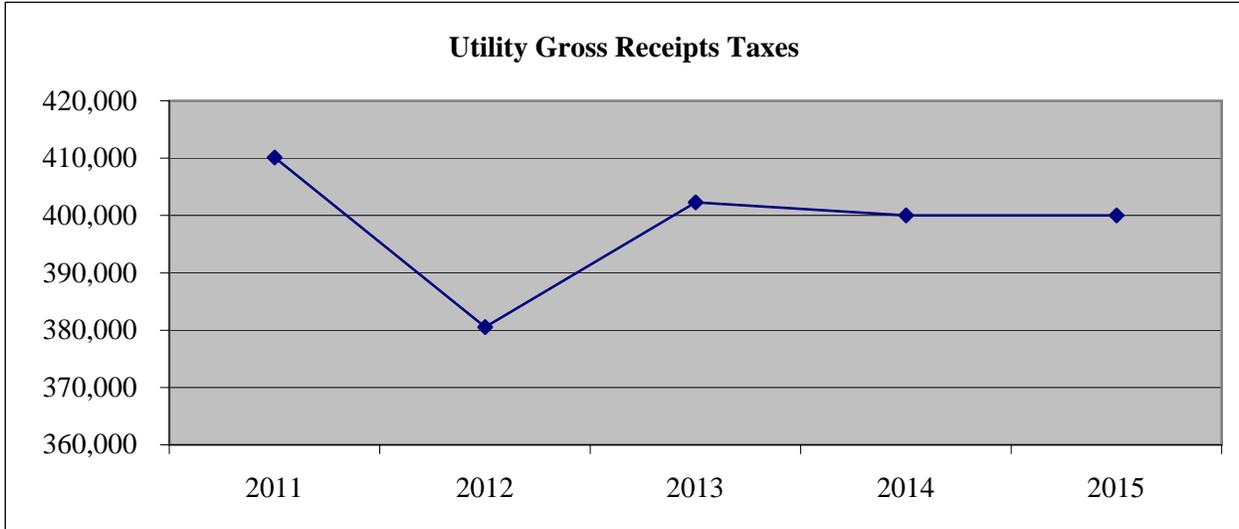

Fiscal Year		Amount	Change
Actual	2011	159,001	3.29%
Actual	2012	155,534	-2.18%
Actual	2013	166,778	7.23%
Forecast	2014	150,000	-10.06%
Budget	2015	150,000	0.00%

Assumptions: Based on year to date September 2014 receipts, the 2014 Forecast and 2015 Budget are in line with prior revenues.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**UTILITY GROSS RECEIPTS TAXES**

Utility gross receipts taxes are taxes imposed by a municipality on a utility doing business within that municipality. Utility gross receipts are governed by §20-b of the General City Law; §186-a of the Tax Law, and §177 of the Rye City Code. Section 177-2 of the Rye City Code provides that a utility company doing business within the city must pay a tax equal to 1% of its gross income.

**Utility Gross Receipts Taxes**

Fiscal Year		Amount	Change
Actual	2011	410,122	-4.88%
Actual	2012	380,553	-7.21%
Actual	2013	402,313	5.72%
Forecast	2014	400,000	-0.57%
Budget	2015	400,000	0.00%

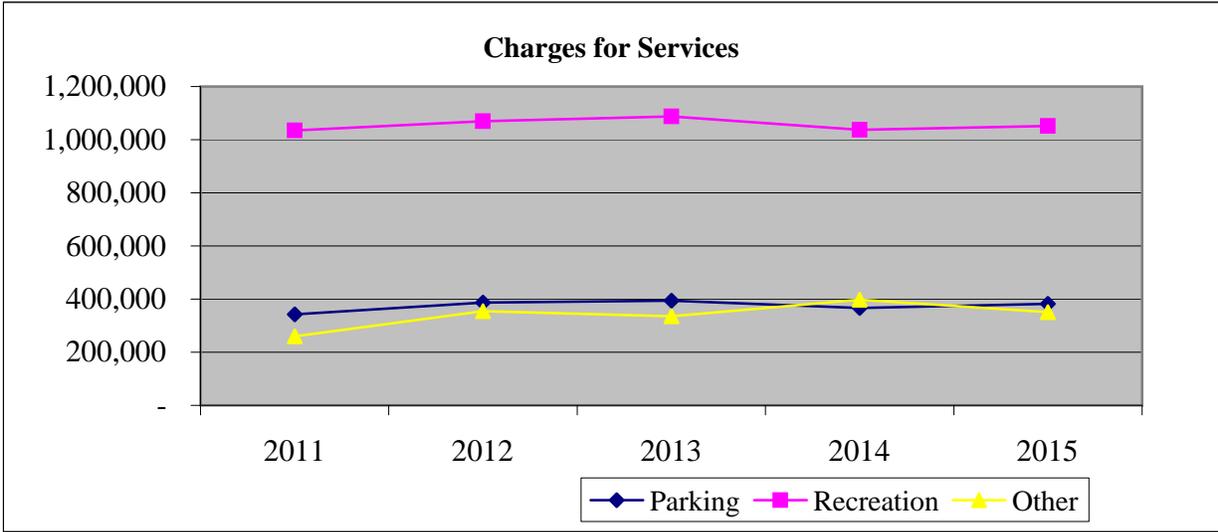

**Assumptions:**

The laws governing utility gross receipts will not change materially from 2014 to 2015. After a dip due to a mild winter in 2012, 2014 Forecast is in line with years prior. 2015 gross receipts are expected to remain flat as compared to 2014 actual levels. Increasing the utility gross receipts tax from 1% to 2% could generate an additional \$400,000 of revenue per year for the City.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**CHARGES FOR SERVICES**

Charges for services represent the fees charged to customers of the city for inspections, transcripts, planning and zoning services, solid waste services, recreational activities and other miscellaneous items. The two single greatest components of this revenue category are land use fees and recreation fees. Land use fees are charged for reviews of site plans, subdivisions, wetlands permits and determinations, and other services associated with planning or zoning. Recreation fees cover the use of recreation facilities and participation in recreational activities and events provided by the city.

		<b>Charges for Services</b>				
	Fiscal Year	Parking	Recreation	Other	Total	Change
Actual	2011	342,212	1,034,390	259,874	1,636,476	14.30%
Actual	2012	386,861	1,069,046	354,014	1,809,921	10.60%
Actual	2013	394,414	1,086,871	335,007	1,816,292	0.35%
Forecast	2014	367,000	1,037,632	397,491	1,802,123	-0.78%
Budget	2015	382,000	1,051,500	351,139	1,784,639	-0.97%

**Assumptions:**  
 Parking Fees were increased for 2011. The need for services will remain stable in the forthcoming year.  
 Recreation fees are expected to continue at prior year levels.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**SERVICES TO OTHER GOVERNMENTS**

Services to other governments represent fees collected by the city for services provided by the city to other governments. The major components of this revenue category are fire protection services and snow removal services. Other services include prisoner transport and meals, and sewer services.

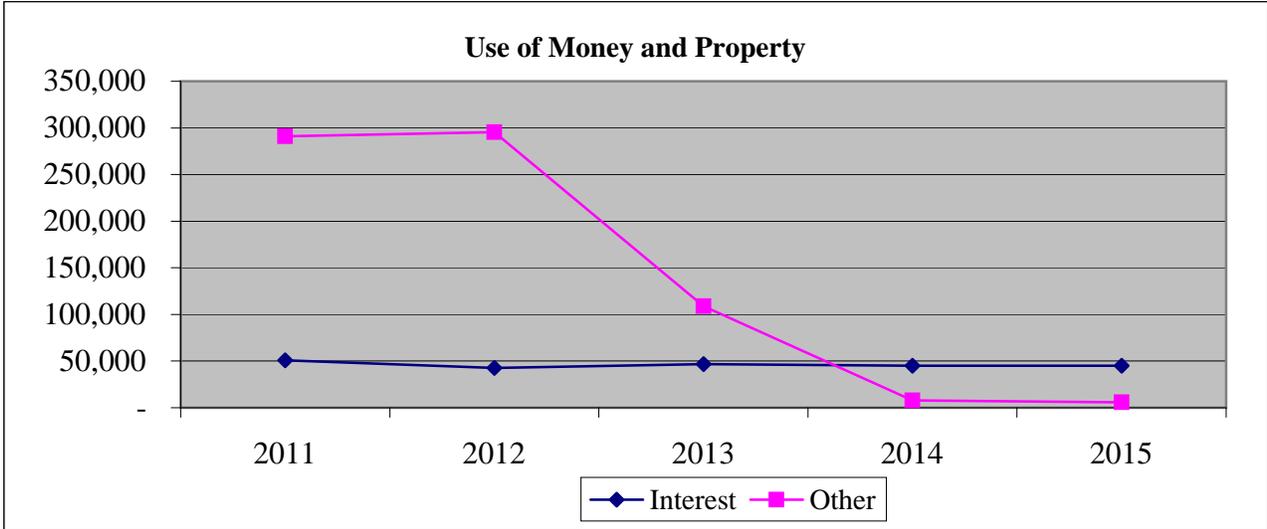

Fiscal Year		Fire	Snow	Other	Total	Change
Actual	2011	25,685	41,054	28,912	95,651	16.64%
Actual	2012	25,685	30,637	24,773	81,095	-15.22%
Actual	2013	25,685	35,040	25,274	85,999	6.05%
Forecast	2014	25,685	37,902	21,560	85,147	-0.99%
Budget	2015	25,685	35,000	23,360	84,045	-1.29%

**Assumptions:**  
 The current inter-municipal agreements for services will remain in force and relatively unchanged through the forthcoming year.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**USE OF MONEY AND PROPERTY**

Use of money and property represents interest earnings, the rental of property, and commissions. Interest earnings is the major component of this revenue category and is dependent upon cash balances available for investment and interest rates.

**Use of Money and Property**

Fiscal Year	Interest	Other	Total	Change
Actual 2011	50,722	291,033	341,755	259.36%
Actual 2012	42,475	295,542	338,017	-1.09%
Actual 2013	46,744	108,740	155,484	-54.00%
Forecast 2014	45,000	7,700	52,700	-66.11%
Budget 2015	45,000	5,700	50,700	-3.80%

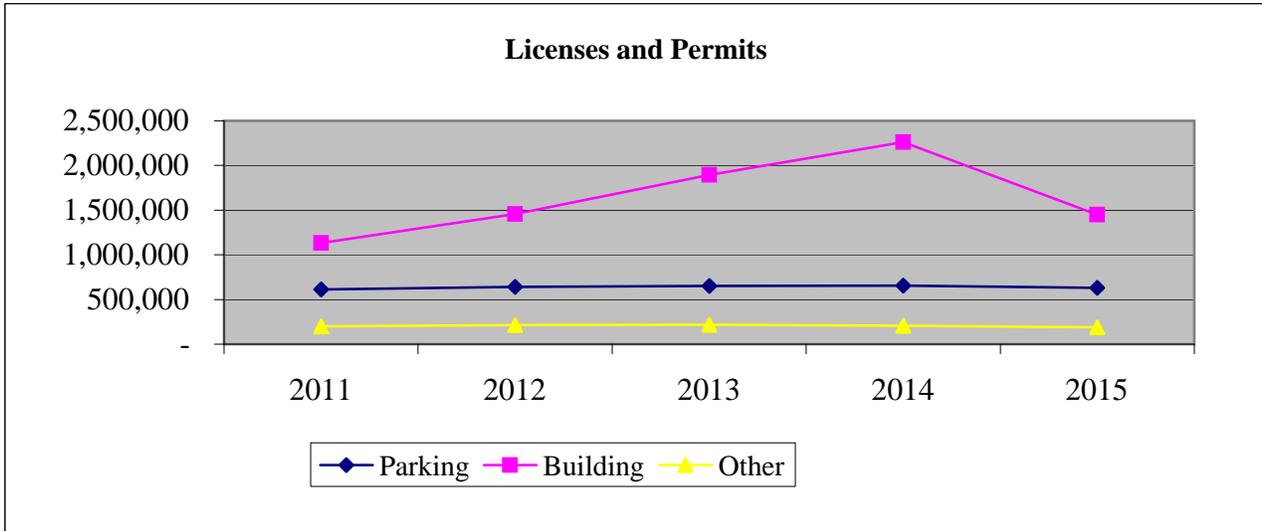

**Assumptions:**

Interest rates have decreased dramatically from 2007 levels, with the federal funds rate expected to remain below .5%. Balances available for investment will remain relatively stable or increase slightly. "Other" includes the rental income for the City Hall Annex. The City sold 1037 Boston Post Road in May, leading to less rental income in 2013 and effectively ending this revenue stream going forward.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**LICENSES AND PERMITS**

Licenses and permits represent revenues from parking permits, building and alteration permits, street opening permits, alarm permits, business/occupational licenses, and other permits and licenses. The major components of this revenue category are parking permits, and building and alteration permits.

<b>Licenses and Permits</b>						
	Fiscal Year	Parking	Building	Other	Total	Change
Actual	2011	612,458	1,132,412	198,351	1,943,221	35.96%
Actual	2012	642,546	1,456,043	212,549	2,311,138	18.93%
Actual	2013	651,418	1,895,975	215,501	2,762,894	19.55%
Forecast	2014	655,514	2,260,500	208,212	3,124,226	13.08%
Budget	2015	629,872	1,450,000	190,081	2,269,953	-27.34%

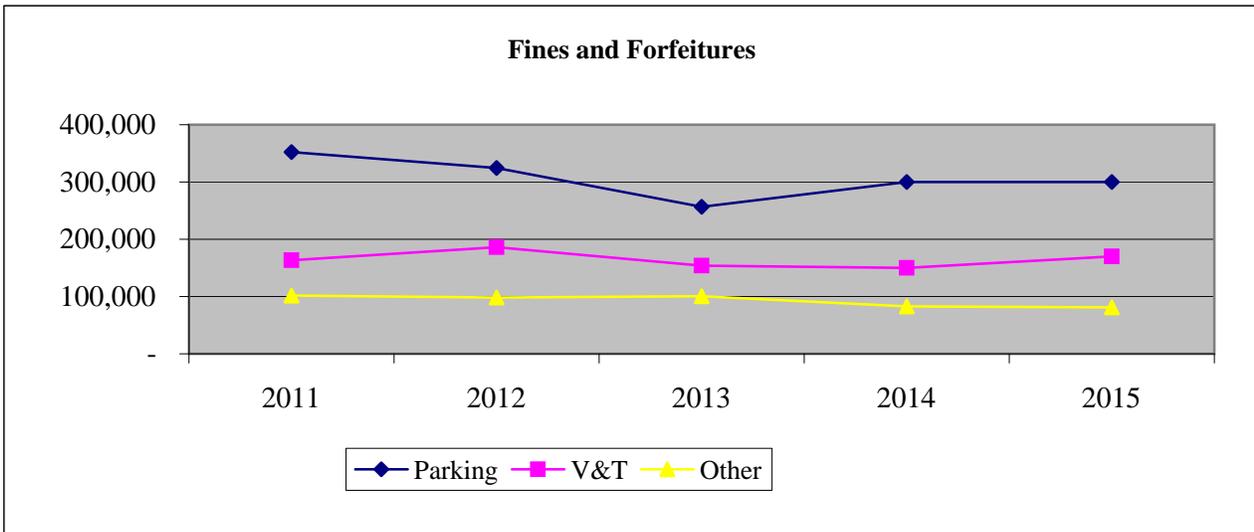

**Assumptions:**

Parking permit fees were increased in 2011. Building activity has seen tremendous increases and has rebounded from the recession. This trend is expected to continue in 2015.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**FINES AND FORFEITURES**

Fines and forfeitures represent revenues derived from fines and penalties imposed for the commission of statutory offenses and violations, and the confiscating (forfeiture) of bail, deposits, and/or proceeds due to failure to perform pursuant to an order or agreement. Parking fines, and vehicle and traffic (V&T) fines (given for moving violations), are the two major components of this revenue category.

<b>Fines and Forfeitures</b>						
	Fiscal Year	Parking	V&T	Other	Total	Change
	Actual 2011	352,097	163,380	101,805	617,282	1.21%
	Actual 2012	324,640	186,190	98,417	609,247	-1.30%
	Actual 2013	256,445	154,043	100,332	510,820	-16.16%
	Forecast 2014	300,060	150,000	83,000	533,060	4.35%
	Budget 2015	300,200	170,000	81,000	551,200	3.40%

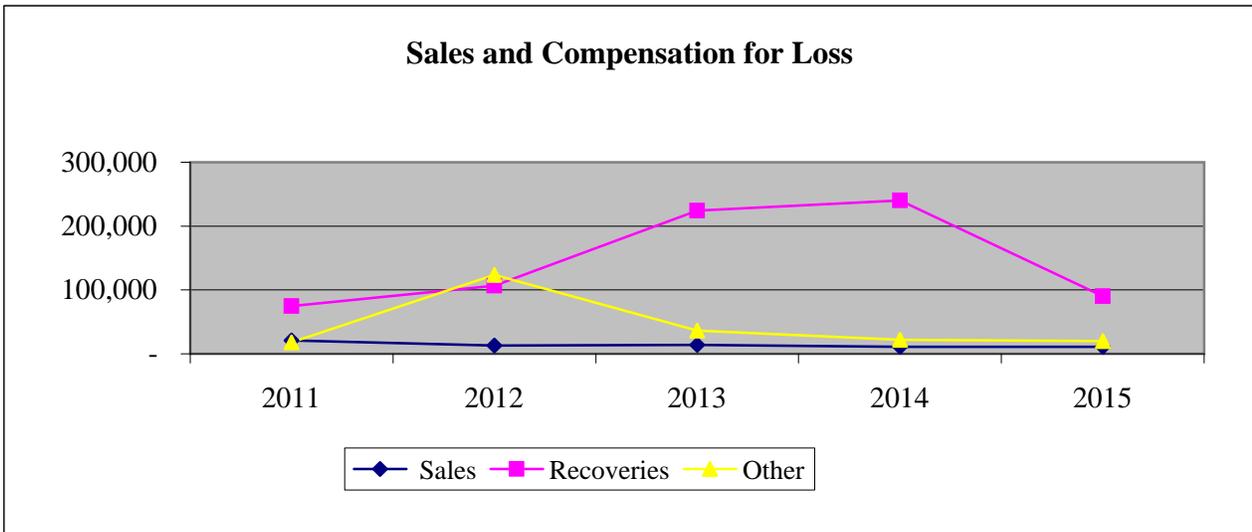

**Assumptions:**

Parking violations were down in 2013 and are projected to come in as budgeted in 2014. Traffic enforcement will remain at current levels. There will be no significant changes in the parking and traffic laws or levels of fines. The collection rate on outstanding violations will remain stable. There will be a decrease in other fines due to improved enforcement and compliance.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**SALES AND COMPENSATION FOR LOSS**

Sales and compensation for loss accounts for various types of sales, including the sale of real and personal property, surplus equipment, and recyclables, as well as recoveries obtained from claims successfully filed by the City for workers compensation or disability.

**Sales and Compensation for Loss**

Fiscal Year		Misc. Sales	Insurance Recoveries	Other	Total	Change
Actual	2011	21,008	74,633	18,157	113,798	0.27%
Actual	2012	13,125	106,858	123,605	243,588	114.05%
Actual	2013	14,141	224,074	36,332	274,547	12.71%
Forecast	2014	11,000	240,000	22,000	273,000	-0.56%
Budget	2015	11,000	90,000	20,000	121,000	-55.68%

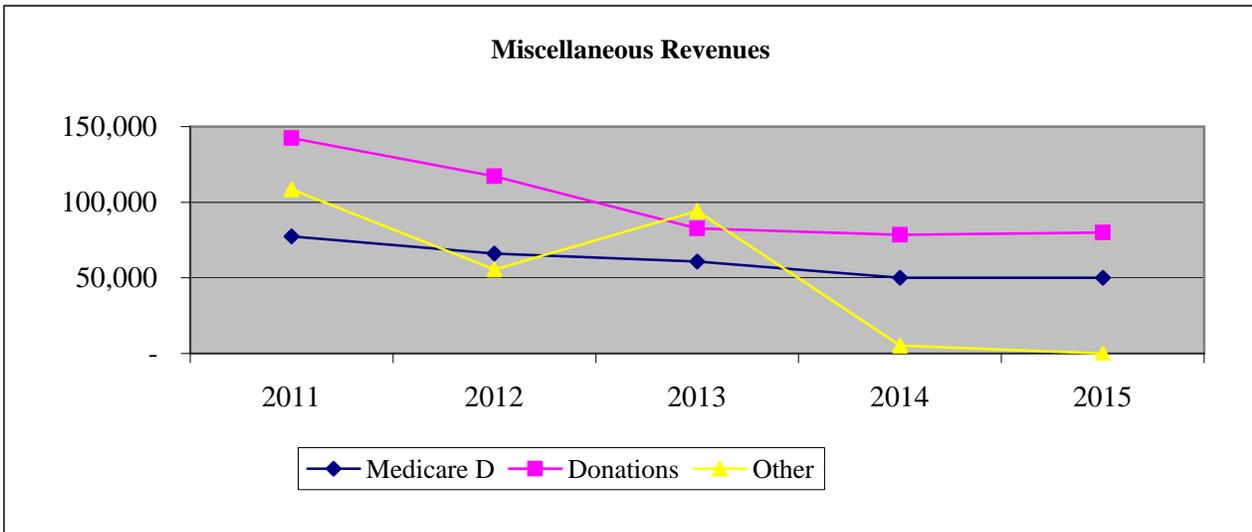

**Assumptions:**

2014 Forecast is in line with 2013 actuals. 2015 Budget is lower than 2014 forecast, as insurance recoveries and reimbursable police overtime activity are budgeted conservatively.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**MISCELLANEOUS REVENUES**

Miscellaneous revenues are those that are minor in amount or do not easily fit into any other revenue category. They include refunds of prior year expenditures, gifts and donations, and those that do not have a classification under the New York State Standard Chart of Accounts. We do not include miscellaneous revenues when preparing the annual budget unless we have sufficient reason to believe that the revenues will be forthcoming.

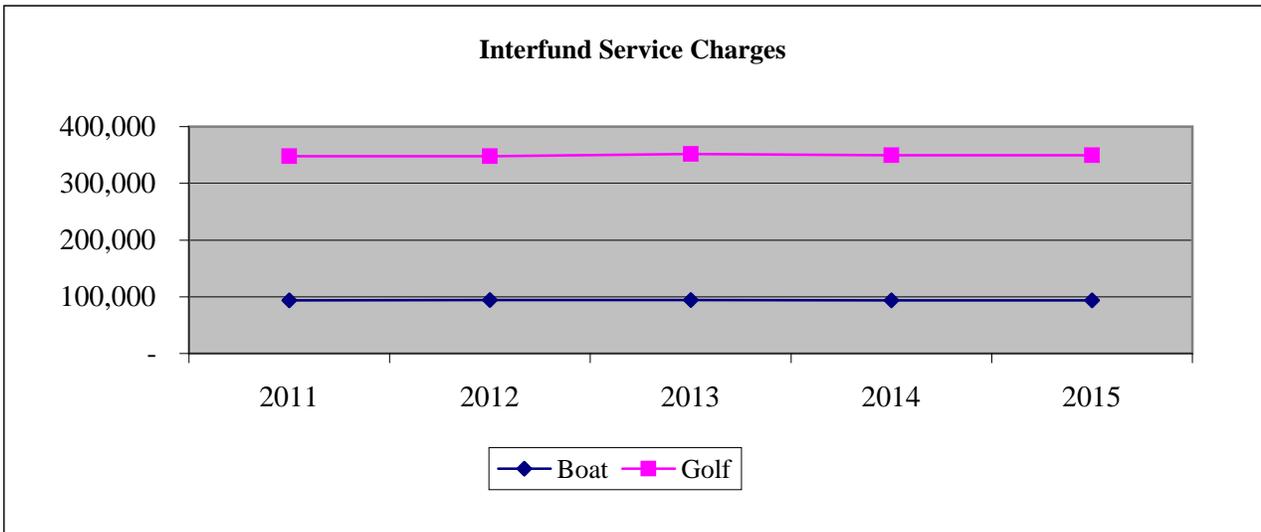

Miscellaneous Revenues						
	Fiscal Year	Medicare D	Donations	Other	Total	Change
Actual	2011	77,458	142,419	108,607	328,484	10.00%
Actual	2012	66,114	117,116	55,608	238,838	-27.29%
Actual	2013	60,773	82,734	94,174	237,681	-0.48%
Forecast	2014	50,000	78,550	5,163	133,713	-43.74%
Budget	2015	50,000	79,850	-	129,850	-2.89%

**Assumptions:**  
 Miscellaneous revenues will not be a significant source of funds in the forthcoming year. Barring any unusually large gifts or donations, payments from the Federal government for the Medicare Part D subsidy will be a significant component of total miscellaneous revenues.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**INTERFUND SERVICE CHARGES**

Interfund service charges represent fees charged by the General Fund to the Enterprise Funds (Boat Basin and Golf Club) to recover administrative (city manager, finance, legal, etc.) costs associated with those funds.

**Interfund Service Charges**

Fiscal Year	Boat	Golf	Total	Change
Actual 2011	93,617	348,017	441,634	-0.30%
Actual 2012	94,067	347,567	441,634	0.00%
Actual 2013	93,992	351,767	445,759	0.93%
Forecast 2014	93,867	349,742	443,609	-0.48%
Budget 2015	93,867	349,742	443,609	0.00%

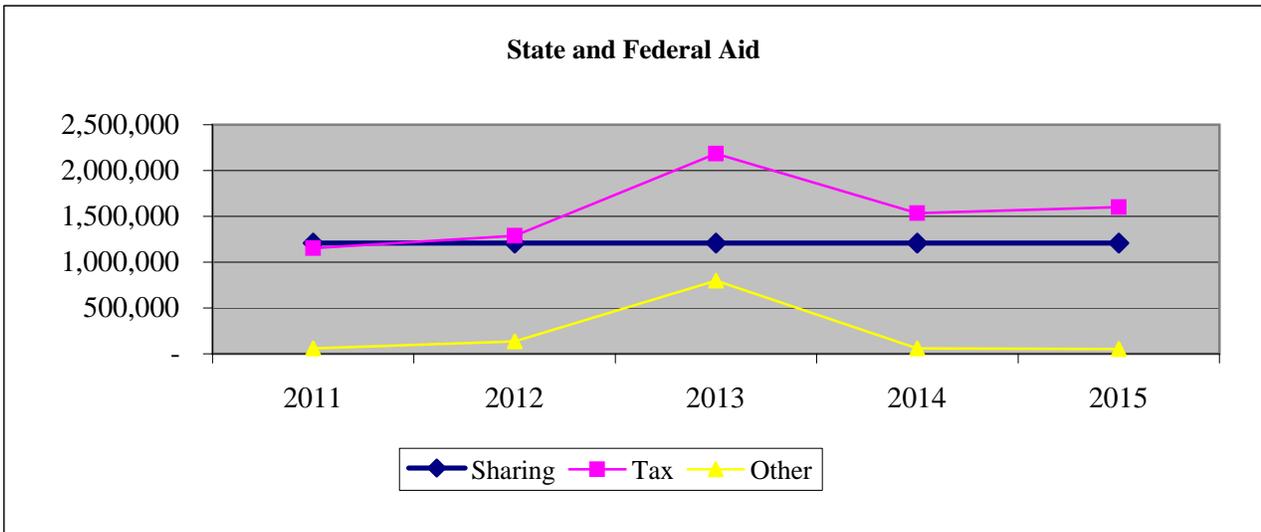

**Assumptions:**

Interfund service charges will remain relatively the same in the forthcoming year.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**STATE AND FEDERAL AID**

State and federal aid represents revenues provided in the form of revenue sharing, mortgage taxes, and other aid meant to encourage the implementation of state or federal programs at the local level. State revenue sharing (wherein the state "shares" its revenue with local governments) and mortgage taxes (taxes charged in property exchange transactions) are the two major components of this revenue category.

**State and Federal Aid**

Fiscal Year		State Revenue Sharing	State Mortgage Tax	Other	Total	Change
Actual	2011	1,208,024	1,153,559	58,298	2,419,881	-12.90%
Actual	2012	1,208,024	1,288,232	134,051	2,630,307	8.70%
Actual	2013	1,208,024	2,182,922	797,007	4,187,953	59.22%
Forecast	2014	1,208,024	1,535,000	60,126	2,803,150	-33.07%
Budget	2015	1,208,024	1,600,000	51,200	2,859,224	2.00%

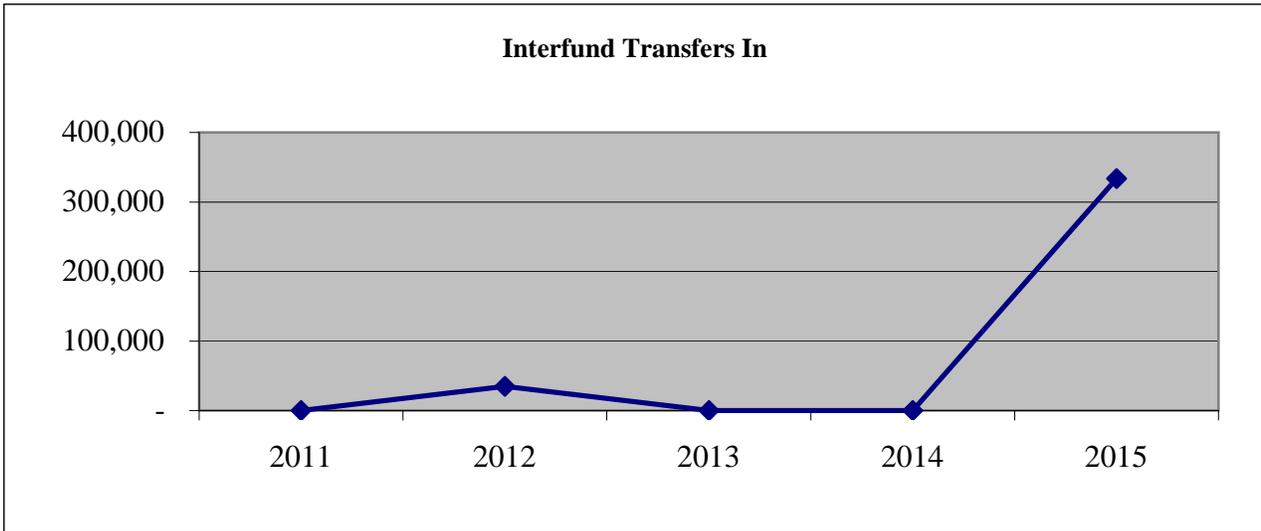

**Assumptions:**

The amounts for New York State general revenue sharing are as per the adopted New York State budget. State Revenue Sharing is expected to remain flat. With the continued low interest rates coupled with increased activity in the housing market, Mortgage Tax revenue skyrocketed in 2013. We were cautiously optimistic that these trends would continue in 2014. However this was not the case. Although home sales were up in 2014, it was reported that roughly 40% of these sales were cash sales and therefore not subject to mortgage tax. 2012 & 2013 Other includes Federal and State Emergency Disaster Aid for Hurricane Irene in 2011 and Superstorm Sandy in 2012.

CITY OF RYE, NEW YORK  
 GENERAL FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**INTERFUND TRANSFERS IN**

Interfund transfers in represent transfers in from other funds for operating purposes. In the case of the General Fund, the transfers in mostly represent accounting transactions to properly record the flow of excess funds from completed capital projects originally funded by general revenues. These funds are typically transferred into the General Fund and then transferred back out to the Capital Projects Fund to fund other projects. Balances available from projects funded by debt may only be used to fund projects of the same purpose for which the debt was originally raised, or to pay down the debt.

**Interfund Transfers In**

Fiscal Year		Total	Change
Actual	2011	-	N/A
Actual	2012	35,000	N/A
Actual	2013	-	-100.00%
Forecast	2014	-	N/A
Budget	2015	333,500	N/A

**Assumptions:**

In fiscal 2015, there is a transfer in from the of Building & Vehicle Fund Balance to fund 2015 General Fund Employee expenses proposed by the City Manager. In 2012 there was a transfer from the B&V Fund to fund operations.

## **CABLE TV FUND**

The Cable TV Fund is a special revenue fund. Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

The Cable TV Fund is used to account for the franchise fees received from Cablevision of Westchester, less City taxes rebated to that firm and Verizon. Donations and miscellaneous service fees generated by Rye Television (RTV), the City's television production center, are also credited to this fund. Likewise, the Cable TV Fund accounts for costs associated with the operation and supervision of community access cable television programming, and the administration of the cable television franchise.

RTV operates cooperatively with the Rye City School District to provide a blend of programming produced by the municipality, the school districts, and community members for local Cablevision local channels 75, 76, and 77 and Verizon local channels 33, 39, and 40. It is coordinated by a Cable Television Coordinator, and the City Council appoints an advisory Cable Television Committee.

***Cable Television***

***Description***

To increase and improve citizen understanding, awareness, and participation in City government by providing effective communication through Rye Television's (RTV) government access facility, while also providing production facilities and services for community users for their own self-expression. Rye Television is a public, educational, and governmental access facility operated jointly by the City of Rye and Rye City School District. Programs are produced for Cablevision local channels 75, 76, and 77 and Verizon local channels 33, 39 and 40.

***2014 Accomplishments***

- Finalized architectural plans and equipment list for new studio
- Creation of RyeTV Signature programming by RyeTV staff and Cable Committee
- Implementation of new editing platform, including staff and Producer training

***2015 Highlights***

- Construction of new multi camera City Hall studio and community center
- Outfit studio with new equipment to work with existing systems
- Launch new RTV Studio and Community Center with new class offerings and additional services for Not for Profits and Rye Residents

## **K.T. WOODS PERMANENT FUND**

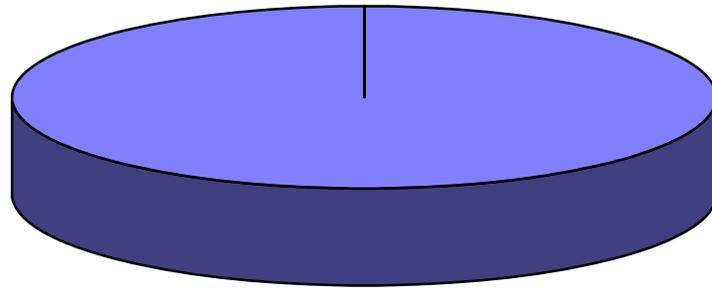

Permanent funds are governmental funds used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the government's programs (for the benefit of the government or its citizens).

The K.T. Woods Permanent Fund is used to account for an endowment bequeathed to the City by Katherine T. Woods. Under the terms and conditions of the endowment, the principal must remain on deposit in perpetuity in an interest-bearing account. The interest earned is to be used to help pay for the cost of one or more interns working at and demonstrating a dedication and devotion to the principles of the Rye Nature Center. This fund may also be used to account for other gifts and donations designated for the purpose of preserving or enhancing the natural habitat in the City of Rye.

The principal revenue source for this fund is interest earnings, and the only use of funds is transfers to other funds for the support of costs associated with Rye Nature Center interns in accordance with the terms and conditions of the endowment.

The K.T. Woods Permanent Fund was established pursuant to an endowment from Katherine T. Woods. Under the terms and conditions of the endowment, her gift of \$20,000 will remain on deposit in perpetuity in one or more interest-bearing accounts. Annually, the interest earned will be used to help fund the salary or salaries of one or more Rye Nature Center interns who demonstrate a dedication to the mission of the Nature Center. The only revenues in this fund are the interest earnings and donations that may be received from others. The only expenditures in this fund are the payments or transfer of funds representing interest earned and applied to the salaries of Nature Center interns.

## **DEBT SERVICE FUND**

The Debt Service Fund, a governmental fund, is used to account for the accumulation of resources and the payment of general long-term debt principal and interest.

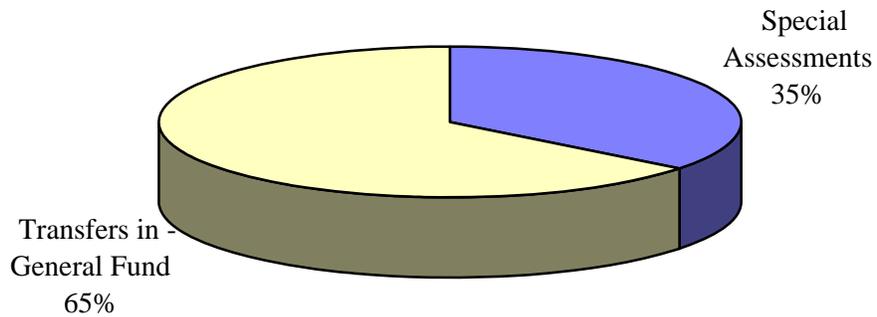

The primary source of revenues for this fund are interfund transfers from the General Fund. Expenditures are recorded when due for debt principal and interest.

## **CAPITAL PROJECTS FUND**

The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by the proprietary funds (Boat Basin Fund, Golf Club Fund, and Building and Vehicle Maintenance Fund). Project-length budgets are adopted for capital projects with a portion of those budgets appropriated annually.

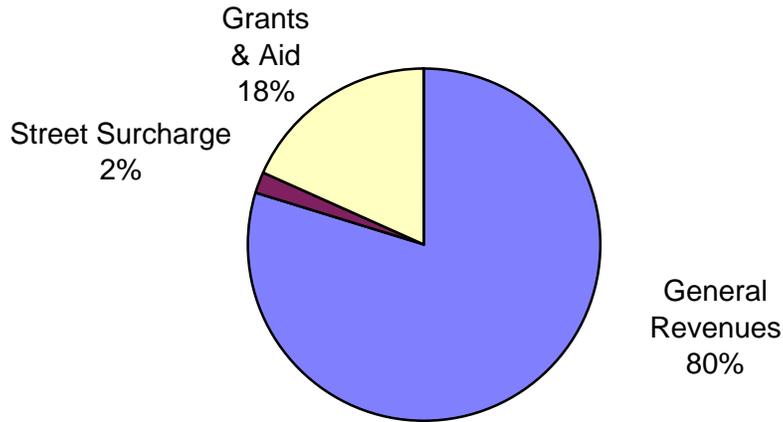

Capital projects may be funded from any one or a combination of sources, including:

1. Current revenues - taxes, special assessments, sale proceeds, fund balance, etc.
2. Grants and donations - governmental aid, foundation grants, private donations, etc.
3. Debt financing - bonds and notes
4. Public/private ventures, including privatization

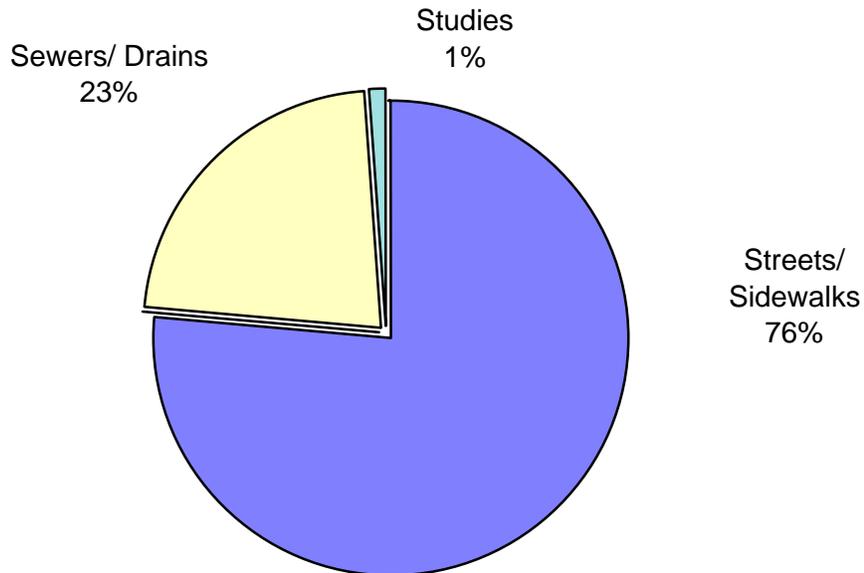

The projects listed in this section are those proposed for funding and implementation in 2015. For a more complete understanding of the City's long-term capital planning, the reader is referred to the *2015-2019 Capital Improvements Program*, available on the City's web site (<http://www.ryeny.gov>).

CITY OF RYE, NEW YORK  
 CAPITAL PROJECTS FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015  
 2015 PROJECT DETAILS

Annual Street Resurfacing Program
-----------------------------------

Appropriations	<u><u>\$ 1,000,000</u></u>
Funding Sources:	
General Fund	\$ 615,000
State Aid - CHIPS	350,000
City Street Surcharge	<u>35,000</u>
Total Funding Sources	<u><u>\$ 1,000,000</u></u>

The City maintains 51.63 miles of roadway. The Rye Pavement Management Study, updated in October 2014 by the City’s consultant, identifies an immediate need for an aggressive maintenance program of crack sealing and localized patching to prevent the need for more expensive repairs in the future. It also identifies the need to increase our annual spending on street resurfacing to \$1.0 million per year and to maintain that level of expenditure for the next decade if we are to maintain the current overall condition of city streets.

New York State CHIPS is expected to be approximately \$300,000 - \$350,000 for 2015

Annual Traffic Light/Pedestrian Safety Improvement Program
--

Appropriations	<u><u>\$ 100,000</u></u>
Funding Source - General Fund	<u><u>\$ 100,000</u></u>

Capital funding to be used to upgrade and install components of traffic signals and pedestrian safety measures including replacement of outdated controllers, ADA compliant signal upgrades, countdown timers for pedestrian traffic signals, or radar speed signs. This project would fund necessary upgrades to components of traffic signals as well as allow for the Traffic and Pedestrian Safety Committee and City Council to consider pedestrian safety improvements on an as-needed basis throughout the year.

CITY OF RYE, NEW YORK  
CAPITAL PROJECTS FUND  
ANNUAL BUDGET  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015  
2015 PROJECT DETAILS

Annual Sidewalk and Curb Program

Appropriations	<u>\$ 100,000</u>
Funding Source - General Fund	<u>\$ 100,000</u>

The City maintains 38.68 miles of sidewalk. There has been increasing public demand to improve sidewalk conditions in the City, particularly around schools. More funding is required to meet community demand and to repair existing deteriorated sidewalks. Prior to 2014, the City's contribution to annual sidewalk funding had been approximately \$50,000.

Annual Sewer/Drainage Improvement Program

Appropriations	<u>\$ 100,000</u>
Funding Source - General Fund	<u>\$ 100,000</u>

The City maintains a vast network of sewer lines, pump stations and force mains. Many sewers are old and during the course of the year will encounter failures requiring costly repairs. The proposed funding would help better support maintenance of the City's sewer network.

CITY OF RYE, NEW YORK  
CAPITAL PROJECTS FUND  
ANNUAL BUDGET  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015  
2015 PROJECT DETAILS

Brevoort Lane Force Main Replacement

Appropriations	<u>\$ 300,000</u>
Funding Source - General Fund	<u>\$ 300,000</u>

This project would replace existing force main associated with Brevoort Lane pump station. Design is expected to be completed in 2015. Construction is anticipated in 2016. Force main requires replacement. Existing force main material is deteriorating and is approaching its design life. Consulting engineers are considering a variety of replacement options. Operating costs would remain unchanged or be slightly lower with newer more reliable force main.

Sewer Pump Station Automation Project

Appropriations	<u>\$ 30,000</u>
Funding Source - General Fund	<u>\$ 30,000</u>

Project would allow City Staff to monitor and control the pump stations from any computer. In addition, the system would record inflow and outflow for optimization of the pump run times and power usage. This information can also be used to investigate inflow and infiltration (I&I) problems which require the stations to be equipped with larger pumps than otherwise needed. These larger pumps are more costly to replace and use more energy than smaller pumps. The City is incorporating this technology in the Hewlett Avenue Pump Station reconstruction which is currently being designed under an EPA grant. Systems may require use of cellular data if existing radio transmission is not sufficient. Monthly charges may apply. System could reduce staff overtime if problems can be rectified remotely with use of computer access instead of physically going to the site.

CITY OF RYE, NEW YORK  
CAPITAL PROJECTS FUND  
ANNUAL BUDGET  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015  
2015 PROJECT DETAILS

Hix Park Drainage Study

Appropriations	<u>\$ 20,000</u>
Funding Source - General Fund	<u>\$ 20,000</u>

This project would fund an engineering study to examine the feasibility of redirecting drainage from a portion of the Hix Park neighborhood towards Rye Golf and Milton Harbor. Preliminary in-house studies suggest that a new drain line would alleviate localized flooding concerns

5 Points Intersection Improvement

Appropriations	<u>\$ 250,000</u>
Funding Source - General Fund	<u>\$ 250,000</u>

As recommended by the Shared Roadways Committee June 2011 study, the project would encompass a conceptual study for the 5-way intersection at the conjunction of Grace Church Street, and Midland and Manursing Avenues. A City engineering consultant is currently preparing a preliminary design and project cost estimate.

The 5-way intersection at Kelley's is a hazardous location for pedestrian and drivers. It is unclear who has the right of way, and the crosswalks, as mentioned by the Shared Roadways Committee report, have poor signage. This project would fund the study of future improvements for the site.

No increases in operational costs are anticipated depending on final design.

This project will be funded with the use of funds from the City Master Plan and the Metro North Project, which were approved during the 2014 Budget process and have been deferred.

## **BOAT BASIN ENTERPRISE FUND**

The Boat Basin Fund is an enterprise fund. Enterprise funds may be used to report any activity for which a fee is charged to external users for goods or services. Activities are required to be reported as enterprise funds if any one of the following criteria is met. Governments should apply each of these criteria in the context of the activity's principal revenue sources:

- a. The activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity. Debt that is secured by a pledge of net revenues from fees and charges and the full faith and credit of a related primary government or component unit—even if that government is not expected to make any payments—is not payable solely from fees and charges of the activity. (Some debt may be secured, in part, by a portion of its own proceeds but should be considered as payable "solely" from the revenues of the activity.)
- b. Laws or regulations require that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues.
- c. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

The Boat Basin Fund is responsible for all costs associated with the operation and maintenance of the DePauw Municipal Boat Basin, including capital improvements and administrative fees charged to it by the General Fund. Membership and user fees are structured to provide revenues sufficient to cover all expenses. All revenues generated by boat basin activities accrue to this enterprise fund.

The DePauw Municipal Boat Basin, located at 650 Milton Road, provides 450 numbered summer boat slips for power and sail boats ranging in size from 8 feet to 37 feet. It also provides dry winter storage for approximately 170 boats and an in-water storage program provides a deiced wet storage area for full year storage. Use of this facility is generally limited to permit holders, who are given first right of renewal. Vacancies are filled from a waiting list based on boat size, with preference given to City of Rye residents.

Management of the DePauw Municipal Boat Basin is under the direct supervision of the Boat Basin Supervisor who is appointed by, and reports directly to, the City Manager. The City Council appoints an advisory Boat Basin Commission whose members have been elected to the Commission by the Boat Basin membership.

FOR FISCAL YEAR ENDING DECEMBER 31, 2015

***Boat Basin***

***Description***

The City of Rye Boat Basin is a high-quality, full service, municipally owned marina providing an affordable recreational boating opportunity primarily to City of Rye residents

***2014 Accomplishments***

- The North wooden gangplank, concrete pad and surrounding rip-rap damaged by hurricane Sandy was replaced and repaired. The new all aluminum ramp replaced the over 30 year old wooden ramp and is fully handicap accessible
- Meeting revenue projections continues to be a challenge as the small to mid size boating market is still suffering decline. Used boat inventory is the highest it has been for over 8 years
- The Boat Basin exhausted the waiting list both sail and power in the up to 23' category. Marketing efforts continued in the run about category. Some success was realized with both jet skis and small sailboats. Revenue projections were met and surpassed
- Dock rebuilding and replacement continued with 100' of "B" dock rebuilt and replaced. Additionally the 60' x 20' main dock was totally rebuilt and replaced. An extensive long term redecking project was also launched. This ongoing effort will replace all of the decking on the over 500' long main "A" dock. Damaged by hurricane "Sandy", the electrical service in the storage/parking area was replaced and repaired. Repairs were also made to the parking surface
- An additional sanitary pump out station has been approved and ordered and will be in place for the current year. The Boat Basin will seek NYS E.E.C. grants to partially cover the cost of the new pump out station equipment

***2015 Highlights***

- Computer Program, including new hardware and marina software, Surveillance Camera's, Stone Wall repair/replacement. and Fence Renlacement

In 2013, there was a dredging project that amounted to \$613,842. It was capitalized as asset at the end of 2013 and therefore was not included in expenditures. The City is still awaiting FEMA's reimbursement of 90% for this project, which was accrued in "Intergovernmental" revenues.

In 2015, the Boat Basin will cover 63.61% of its expenses with revenues. Depreciation expense of \$418,414 is a non-cash expenditure and will be reflected in the Boat Basin Net Assets. If Depreciation was not included in expenditures, the Boat Basin would be budgeting Net income of \$48,904 for 2015.

CITY OF RYE, NEW YORK  
BOAT BASIN ENTERPRISE FUND  
ANNUAL BUDGET  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

## **GOLF CLUB ENTERPRISE FUND**

The Golf Club Fund is an enterprise fund. Enterprise funds may be used to report any activity for which a fee is charged to external users for goods or services. Activities are required to be reported as enterprise funds if any one of the following criteria is met. Governments should apply each of these criteria in the context of the activity's principal revenue sources:

a. The activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity. Debt that is secured by a pledge of net revenues from fees and charges and the full faith and credit of a related primary government or component unit—even if that government is not expected to make any payments—is not payable solely from fees and charges of the activity. (Some debt may be secured, in part, by a portion of its own proceeds but should be considered as payable "solely" from the revenues of the activity.)

b. Laws or regulations require that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues.

c. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

The Golf Club Fund is responsible for all costs associated with the operation and maintenance of the Rye Golf Club, including debt service, capital improvements, and administrative fees charged to it by the General Fund. Membership and user fees are structured to provide revenues sufficient to cover all expenses. All revenues generated by golf and pool activities, including concession revenue, accrue to this enterprise fund.

The Rye Golf Club, located at 330 Boston Post Road, is a 126 acre parcel acquired by the City of Rye in 1965. This facility is operated by the City of Rye as a publicly-owned membership facility. The club offers an 18 hole golf course, an olympic size swimming pool, and a wading pool. Whitby Castle, located at the Rye Golf Club, is a landmark building designed by Alexander J. Davis in 1852, and currently operates as a public restaurant and catering facility.

Management of the Rye Golf Club is under the direct supervision of the Golf Club Manager who reports to the City Manager. The City Council appoints an advisory Golf Club Commission whose members have been elected to the Commission by the Golf Club membership.

CITY OF RYE, NEW YORK  
GOLF CLUB ENTERPRISE FUND  
ANNUAL BUDGET  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

***Golf Club***

***Purpose***

To provide a safe, high quality golf club which includes golf, pool, food & beverage operations on a self-sustaining basis funded solely by membership dues and user fees. The Club receives no financial support from the City or tax payers.

***2014 Accomplishments***

***Club Overall***

- Beating 2014 plan regarding golf membership dues by \$133K and increasing golf memberships by 37
- Saved \$76K on Credit Card processing fees by reducing daily batching to once a week and implementing a convenience fee on membership payment plans
- Saving the golf club exposure to financial loss by outsourcing management of Food & Beverage operations to Lessing's Hospitality
- Increasing cross utilization of the golf club by introducing events encouraging all members of the club to participate such as our 2 successful movie nights, Garnet Course Challenge, and Night-Light Golf

***Golf:***

- Hosted more juniors in terms of rounds, clinics and camps than ever before
- Sold out the men's player's championship. (1st time ever)
- Built the "Garnet Course" for juniors and beginner golfers
- New large format printer for scoring and signage
- Increase in golf rounds over last season and an increase in overall tournament participation

***Pool:***

- Saving money and increasing membership experience by staffing lifeguard and pool director positions in house with seasonal employees as opposed to using a staffing agency

***Maintenance:***

- Reconstruction and reconfiguring of the 8th tee boxes and 7th green with all in house labor saving the club thousands of dollars while improving aesthetics and playability
- Expanded # 3 green and installed a state of the art fan that will prevent stagnant air from developing over the green surface. Thanks to the modern technology the fan can operate 24 hours a day in season on a variable frequency drive which allows us to prevent it from being a noise nuisance to our neighbors
- Continued environmentally friendly maintenance practices, such as organic fertilizer and other natural soil amendments that decrease our dependence on synthetic pesticides which lessen the environmental impact on the surrounding community
- Improved cart paths in various areas of the golf course

CITY OF RYE, NEW YORK  
 GOLF CLUB ENTERPRISE FUND  
 ANNUAL BUDGET  
 FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**2015 Highlights**

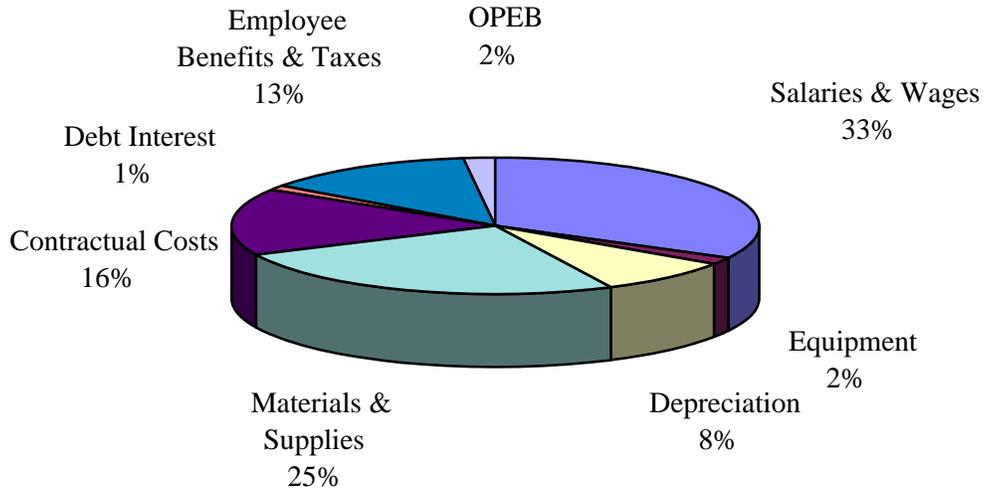

- Continue efforts on promoting and increasing membership
- Keep dues stable for a third consecutive year
- Continue our effort to improve greens drainage and expansion of greens size to improve playability
- Increase outside golf outing revenue by at least 25%
- Improve membership enjoyment of the pool by resurfacing the main pool and providing new playground equipment
- Focus on developing new practice areas for our members, including a potential short game practice area

## **RISK RETENTION FUND**

The Risk Retention Fund is an internal service fund. Internal service funds may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis.

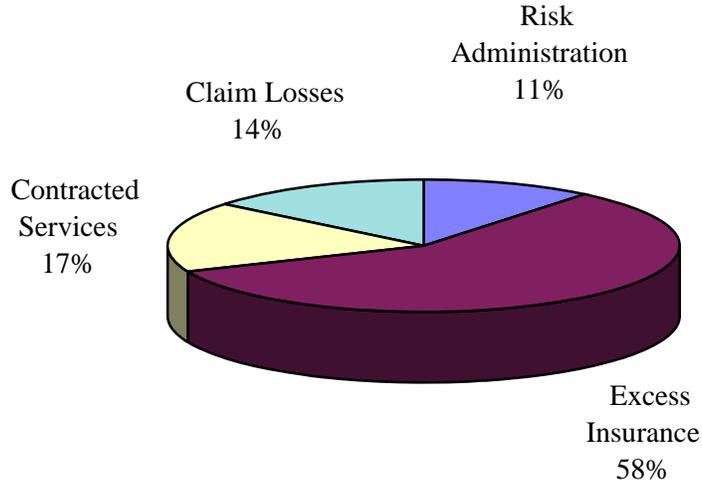

The Risk Retention Fund was established to account for the City's insurance and risk management activities.

The major revenues for the Risk Retention Fund are the charges to other funds. Charges are based on an allocation of the costs of the Risk Retention Fund to each department, based on that department's budget as a percentage of the total appropriations. Other revenues include insurance recoveries, reimbursements, and interest/investment income.

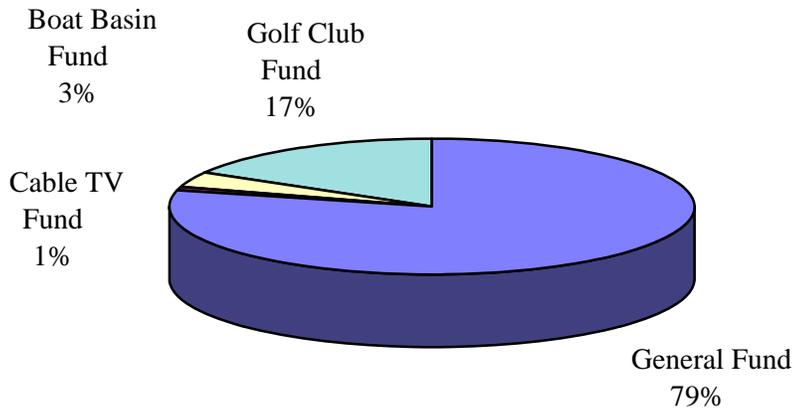

The City utilizes several outside services for the effective management of its risk program, including an insurance consultant, a firm providing insurance policy and claims management oversight, a claims processing service, and an actuary to assist in calculating claims liability at year-end, including incurred but not reported ("IBNR") claims.

CITY OF RYE, NEW YORK  
RISK RETENTION INTERNAL SERVICE FUND  
ANNUAL BUDGET  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

## **BUILDING AND VEHICLE MAINTENANCE FUND**

The Building and Vehicle Maintenance Fund is an internal service fund. Internal service funds may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis.

The Building and Vehicle Maintenance Fund provides for the maintenance, repair, and replacement of City-owned buildings, facilities, vehicles, and equipment.

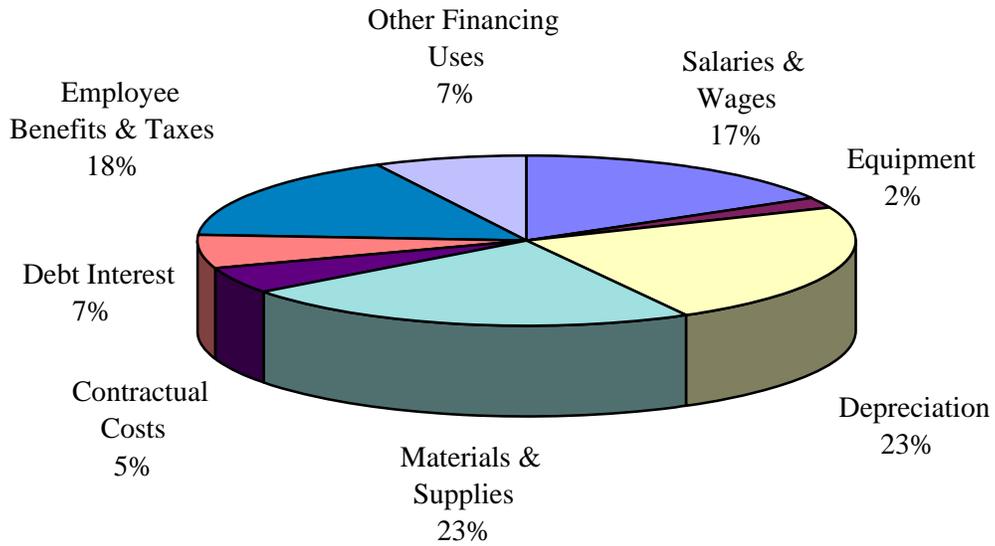

Operating costs associated with buildings and facilities are allocated to departments using a formula based on square footage used by each department. Operating costs associated with vehicles and equipment are allocated to departments based on the replacement value of vehicles and equipment used by each department as a percentage of the total replacement value of all vehicles.

The major source of revenues are charges to other funds for goods and services rendered. Other operating revenues are allocated to the source(s) that give rise to the revenue. For example, state aid for building maintenance is allocated to building operations, and rental of equipment is allocated to vehicle operations. General revenues such as interest income are distributed equally between building and vehicle operations.

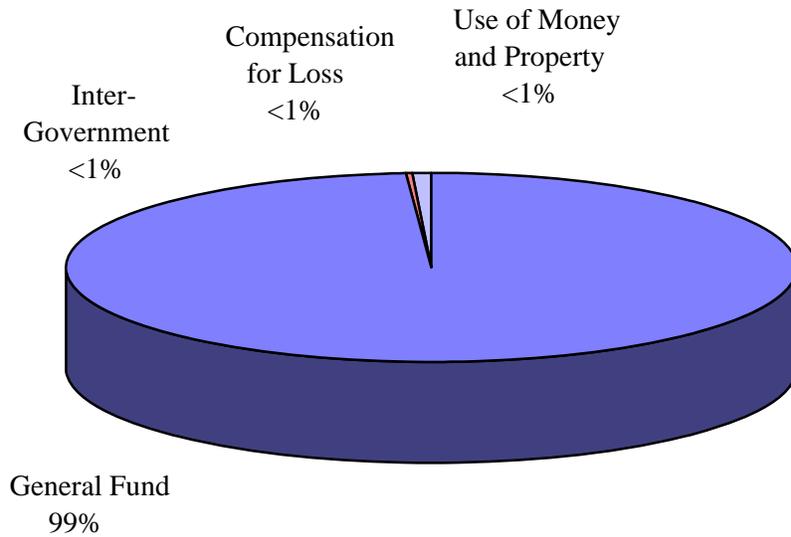

The Building and Vehicle Maintenance Fund also accounts for investments in capital assets (land, buildings, improvements, equipment, etc.). Capital assets are funded through any combination of transfers in from other funds, retained earnings, debt, grants, donations, and aid.

 2015 BUILDING AND VEHICLE PROJECTS DETAILS

Police / Court Building Improvements
--------------------------------------

Appropriations	\$ 75,000
Funding Source - Retained Earnings	\$ 75,000

The Office of Court Administration (OCA) has identified needed upgrades to the Rye City Court. The existing Police Department lacks operational and security needs and will require mechanical upgrades in the future. The project includes construction of new secured sally port, elevator, interior stairwell, expanded court clerk facilities, judges' chamber, court officer facilities and prisoner holding facility. Finding suitable sites to accommodate a 25,000 to 30,000 square foot police/court facility is difficult and very expensive with some estimates ranging between \$17M and \$25M, excluding property acquisition. City-owned property at 1037 BPR was deemed not to be a suitable site for a police/court facility in the JCJ study. The only viable remaining option is to improve the existing building to address deficiencies identified by the Office of Court Administration and Police Department.

City Hall Generator
---------------------

Appropriations	\$ 375,000
Funding Source - Retained Earnings	\$ 282,000
Funding Source - Grants and Aid	93,000

During emergency situations City Hall is open and used as an information center and warming center. City Hall currently has no back-up power to keep it running during power outages. An onsite generator will allow City Hall to remain open during power outages. The generator will also keep the signal at Boston Post Road and Purchase Street operational. The City received a grant for the generate; however additional funding is required to relocate a retaining wall and preserve limited parking at City Hall. The generator will require diesel fuel to operate; therefore, there will be some increase in fuel costs.

2015 BUILDING AND VEHICLE PROJECTS DETAILS

City Hall TV Studio
---------------------

Appropriations	<u>\$ 850,000</u>
Funding Source - Retained Earnings	\$ 200,000
Funding Source - Cable TV Fund Balance	<u>650,000</u>

Rough construction costs were submitted by Interior Alteration Inc and Equipment estimates by HB Communications. Architectural drawings were prepared by Crozier Gedney Architects, P.C. The community needs reliable studio space with fewer restrictions. RyeTV studio currently exists within Rye High School. It is only accessible by the public after 3pm each day. A new studio would allow more flexibility on time and show content. In addition, having a community space in City Hall would help maintain a safer environment in the school. As a public access studio we host residents and non residents after 3pm each day; allowing access to their building for all. A second studio would allow the City to separate the two user groups, as well as, provide an alternate space should it be needed in the future. The current Fund balance is a combination of franchise fees and equipment grant money from the cable companies accumulated over the last few years. It should cover costs of all video equipment.

The City of Rye Vehicle and Equipment Replacement Policy

The City of Rye Building and Vehicle Committee will evaluate vehicles and equipment for replacement based on the following use and/or mileage. The condition of a vehicle is a critical factor and may cause a unit to be replaced earlier, or in some cases, kept longer than the replacement criteria.

Staff vehicles, passenger vans, and light and medium duty trucks, other than those operated by police or fire employees, will be considered for replacement at or above 80,000 miles of use.

Police patrol vehicles will be considered for replacement every two years.

Police vehicles other than patrol vehicles (for example: unmarked vehicles, prisoner van, and sport utility vehicle) and fire passenger vehicles (Fire Chief vehicle, Fire Inspector vehicle) will be considered for replacement at or above 70,000 miles of use.

Heavy fire vehicles (pumper trucks, rescue trucks, ladder trucks, etc.) will be considered for replacement upon recommendation of the Fire Chief and submission of a twenty (20) year heavy fire vehicle replacement plan by the Fire Chief to the City Manager.

Boats, equipment, and vehicles not listed above will be considered for replacement upon recommendation of the City Engineer or his/her designee to the City Manager.

The standards noted above are general guidelines. Replacement of any particular vehicle or piece of equipment may be expedited or deferred, depending on condition, age, repair costs, obsolescence, need, etc. Department heads should consult with the Department of Public Works when a determination is made by the Department Head to vary significantly from the above guidelines.

ADMINISTRATIVE PAY PLAN  
Ranges Effective June 1, 2014

The administrative pay plan encompasses all full-time employees of the City of Rye, except for the City Manager or those included in one of the four bargaining groups created in accordance with the Taylor Law. The administrative pay group includes managerial, professional, supervisory and confidential employees.

The compensation of persons in this pay group is established annually by the City Manager, within budgetary limitations, as provided for by Section C4-6 of the Rye City Charter. There are no assigned steps or longevity increments for persons in this pay group. Individual salaries are determined by merit review within the overall limits of the salary range. The salary of the City Manager is established by separate resolution of the City Council.

Administrative Pay Grade A1 (salary range \$94,336 - \$177,306)

Assistant City Manager  
City Comptroller  
City Engineer

## **DEBT INFORMATION**

This section contains information on all long-term debt authorized by the City. By New York State law, the City may only issue general obligation debt where the repayment of principal and interest is backed by the full faith and credit of the City. The City Council has adopted a policy wherein debt issued to support assets of the enterprise funds (Boat Basin Fund and Golf Club Fund) must be repaid from the revenues of those funds.

The City's Debt Policy may be found in the "Budget Message and Overview" section of this document. Debt information specific to a fund may be found in the following sections of this document: Debt Service Fund, Golf Club Enterprise Fund, and the Building and Vehicle Maintenance Fund.

PRO FORMA COMPUTATION OF LEGAL DEBT MARGIN

Known as the "Constitutional Debt Limit", New York State Local Finance Law §104 provides that the total amount of debt issued and outstanding by the City may not exceed 7% of the five-year average full valuation.

Full valuation is calculated by dividing the taxable assessed valuation by the equalization rate for the City published by the New York State Office of Real Property Services.

Fiscal Year	Taxable Assessed Valuation <sup>1</sup>	State Equalization Rate <sup>2</sup>	Full Valuation	
			2015	2014
2015	\$ 138,817,827	1.91%	\$ 7,267,949,058	\$ -
2014	138,401,162	1.96%	7,061,283,776	7,061,283,776
2013	138,095,192	2.06%	6,703,650,097	6,703,650,097
2012	137,736,733	2.19%	6,289,348,539	6,289,348,539
2011	138,681,692	2.16%	6,420,448,704	6,420,448,704
2010	139,292,317	1.94%		7,180,016,340
Total five year full valuation			\$ 33,742,680,174	\$ 33,654,747,456
Average five year full valuation			\$ 6,748,536,035	\$ 6,730,949,491
Constitutional debt limit (7% of average five year full valuation)			\$ 472,397,522	\$ 471,166,464
Less: Outstanding debt at December 31			12,536,259	14,151,741
Net debt contracting margin			\$ 459,861,263	\$ 457,014,723
Debt contracting margin available			97.35%	97.00%
Debt contracting margin exhausted			2.65%	3.00%

<sup>1</sup> Tentative assessment roll as of budget adoption in the indicated fiscal year.

<sup>2</sup> 2014 tentative equalization rate as established by NYS Office of Real Property Services July 2014.

FOR FISCAL YEAR ENDING DECEMBER 31, 2015

PROFORMA ANALYSIS OF CHARTER BONDING LIMITATIONS

In addition to the legal debt margin, the City Charter §C21-9 places limitations on the issuance of new debt. The City Council can authorize the issuance of debt not exceeding 5% of the average gross annual budget for the preceding three years. Debt exceeding 5% but not in excess of 10% requires a permissive referendum. Debt in excess of 10% requires approval of the voting public in a general or special election. Debt for public safety purposes in the amount of \$1 million per year to a maximum aggregate amount of \$2.5 million for all such debt issued is exempt from these debt limits, as is debt for Disaster Rebuilding to a maximum aggregate of \$2.5 million. For purposes of this calculation, "gross annual budget" is defined as the total appropriations of the General Fund, the Cable TV Special Revenue Fund, and the enterprise funds (Boat Basin Fund and Golf Club Fund). All other fund budgets - the K.T. Woods Permanent Fund, the Debt Service Fund, the Capital Projects Fund, and the internal service funds (Risk Retention Fund and Building and Vehicle Maintenance Fund) are not included in the calculation, as their budgets are supported primarily by revenues and transfers charged to other funds.

Fund:	Gross Annual Budgets (As Adopted)		
	2012	2013	2014
General Fund	\$ 29,937,271	\$ 31,706,181	\$ 33,589,349
Cable TV Fund	396,784	320,453	422,773
Boat Basin Fund	1,123,751	888,716	968,756
Golf Club Fund	7,305,049	6,379,621	6,197,291
Total gross annual budgets	<u>\$ 38,762,855</u>	<u>\$ 39,294,971</u>	<u>\$ 41,178,169</u>
Total of preceding three years' gross annual budgets			<u>\$ 119,235,995</u>
Average of preceding three years' gross annual budgets			<u>\$ 39,745,332</u>

	Subject to City Council Vote	Subject to Permissive Referendum	Public Safety Exemption	Disaster Rebuilding Exemption
Maximum charter bonding limit	\$ 1,987,267	\$ 3,974,533	\$ 2,500,000	\$ 2,500,000
Less outstanding principal at December 31, 2015:				
2000 Serial Bonds	(115,997)	(374,336)	-	-
2001 Serial Bonds	(209,469)	(76,679)	-	-
2002 Serial Bonds	-	(338,737)	-	-

## **TAX RATES AND ASSESSMENT**

This section contains information on property tax assessments, tax levies and tax rates for the past ten years. Assessment information includes a breakdown by class with details on the number of parcels. It also includes sales and average tax information. Tax rates and levies are broken down by levy to allow individual analysis.

It is important to note that the property tax assessments shown on the following pages are the official amounts filed with the New York State Office of Real Property Services (NYSORPS) on or about September 15th of each year. The taxable assessed value used to calculate the tax rate in December for the forthcoming year may differ from the official amount filed with NYSORPS, to reflect changes in taxable assessed values due to judgments, settlements, or other adjustments to the tax roll between the official filing date of September 15th and the adoption of the budget for the forthcoming year.

ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Accountability.** Being obliged to explain one’s actions, to justify what one does. Accountability requires governments to answer to the citizenry—to justify the raising of public resources and the purposes for which they are used. Governmental accountability is based on the belief that the citizenry has a “right to know,” a right to receive openly declared facts that may lead to public debate by the citizens and their elected representatives. [SGAC 1]

**Accounting Principles Board (APB).** Authoritative private-sector standard-setting body that preceded the FASB. The APB issued guidance in the form of *Opinions*.

**Accounting Standards Executive Committee (AcSEC).** An AICPA committee that is authorized to issue *Practice Bulletins*. A *Practice Bulletin* specifically targeted to state and local governments and cleared by the GASB would enjoy “level 2” status on the hierarchy of authoritative sources of GAAP established by SAS No. 69, *The Meaning of “Present Fairly in Conformity with Generally Accepted Accounting Principles” in the Independent Auditor’s Report*.

**Accounting System.** The total set of records and procedures, which are used to record, classify, and report information on the financial status and operations of an entity.

**Accrual basis of accounting.** A method of accounting that recognizes the financial effect of transactions, events, and interfund activities when they occur, regardless of the timing of related cash flows.

**Acquisition costs.** Term used in connection with public-entity risk pools. Costs that vary with and are primarily related to the acquisition of new and renewal contracts. Commissions and other costs (e.g., salaries of certain employees involved in the underwriting and policy issue functions, and inspection fees) that are primarily related to contracts issued or renewed during the period in which the costs are incurred are considered to be acquisition costs. [SGAS 10]

**Activity.** A specific and distinguishable service performed by one or more organizational components of a government to accomplish a function for which the government is responsible (e.g., *police* is an activity within the *public safety* function).

**Actuarial accrued liability.** Term used in connection with defined benefit pension plans. That portion, as determined by a particular actuarial cost method, of the actuarial present value of pension plan benefits and expenses which is not provided for by future normal costs. [SGAS 25]

**Actuarial assumptions.** Term used in connection with defined benefit pension plans. Assumptions as to the occurrence of future events affecting pension costs, such as: mortality, withdrawal, disablement and retirement; changes in compensation and government-provided pension benefits; rates of investment earnings and asset appreciation or depreciation; procedures used to determine the actuarial value of assets; characteristics of future entrants for open group actuarial cost methods; and other relevant items. [SGAS 25]

**Actuarial cost method.** Term used in connection with defined benefit pension plans. A procedure for determining the actuarial present value of pension plan benefits and expenses and for developing an actuarially equivalent allocation of such value to time periods, usually in the form of a normal cost and an actuarial accrued liability. [SGAS 25]

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Actuarial section.** One of five sections of a comprehensive annual financial report of a public employee retirement system. The contents of this section typically include the actuary's certification letter, a summary of actuarial assumptions and methods, a schedule of active member valuation data, a schedule of retirants and beneficiaries added to and removed from rolls, a solvency test, an analysis of financial experience, an independent actuarial review opinion (if available), and a discussion of changes in plan provisions (if the plan has been amended).

**Actuarial value of assets.** Term used in connection with defined benefit pension plans. The value of cash, investments, and other property belonging to a pension plan, as used by the actuary for the purpose of an actuarial valuation. The actuarial value of assets, which may represent an average value over time, normally differs from the amount reported in the financial statements, which is a point-in-time measure (i.e., as of the date of the statement of net assets). [SGAS 25]

**Additions.** Term used to describe increases in the net assets of fiduciary funds.

**Advance refunding.** A transaction in which new debt is issued to provide monies to pay interest on old, outstanding debt as it becomes due, and to pay the principal on the old debt either as it matures or at an earlier call date. An advance refunding occurs before the maturity or call date of the old debt, and the proceeds of the new debt are invested until the maturity or call date of the old debt. Most advance refundings result in defeasance of debt. [SGAS 7]

**Adverse opinion.** Term used in connection with auditing. Conclusion in the independent auditor's report that financial statements are not fairly presented.

**Agency funds.** One of four types of fiduciary funds. Agency funds are used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities). Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments. [SGAS 34]

**Agent multiple-employer defined benefit pension plan.** An aggregation of single-employer plans, with pooled administrative and investment functions. Separate accounts are maintained for each employer so that the employer's contributions provide benefits only for the employees of that employer. A separate actuarial valuation is performed for each individual employer's plan to determine the employer's periodic contribution rate and other information for the individual plan, based on the benefit formula selected by the employer and the individual plan's proportionate share of the pooled assets. The results of the individual valuations are aggregated at the administrative level. [SGAS 27]

**Aggregate actuarial cost method.** Term used in connection with defined benefit pension plans. A method under which the excess of the actuarial present value of projected benefits of the group included in an actuarial valuation over the actuarial value of assets is allocated on a level basis over the earnings or service of the group between the valuation date and assumed exit. This allocation is performed for the group as a whole, not as a sum of individual allocations. That portion of the actuarial present value allocated to a valuation year is called the normal cost. The actuarial accrued liability is equal to the actuarial value of assets. [SGAS 25]

**Allocated claims adjustment expenses.** Term used in connection with risk financing activities. Expenses associated directly with specific claims paid or in the process of settlement, such as legal and adjusters' fees. [SGAS 10]

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Allotment.** Portion of an annual or biennial budget appropriation allocated to an interim period.

**Analytical review.** Term used in connection with auditing. The process of attempting to determine the reasonableness of financial data by comparing their behavior with other financial and non-financial data.

**Annual covered payroll.** Term used in connection with defined benefit pension plans. All elements included in annual compensation paid to active employees on which contributions to a pension plan are based. [SGAS 27]

**Annual required contribution (ARC).** Term used in connection with defined benefit pension plans. The employer's mandated contribution for the year, calculated in accordance with certain parameters. The parameters include requirements for the frequency and timing of actuarial valuations as well as for the actuarial methods and assumptions that are acceptable for financial reporting. [SGAS 27]

**Appropriated budget.** The expenditure authority created by the appropriation bills or ordinances that are signed into law and related estimated revenues. The appropriated budget would include all reserves, transfers, allocations, supplemental appropriations, and other legally authorized legislative and executive changes. [NCGA Interpretation 10]

**Appropriation.** An authorization made by the legislative body of a government, which permits officials to incur obligations against and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are typically granted for a one-year period.

**Arbitrage.** Classically, the simultaneous purchase and sale of the same or an equivalent security in order to profit from price discrepancies. In government finance, the most common occurrence of arbitrage involves the investment of the proceeds from the sale of tax-exempt securities in a taxable money market instrument that yields a higher rate, resulting in interest revenue in excess of interest costs.

**Assessed valuation.** A valuation set upon real estate or other property by a government as a basis for levying taxes.

**Asset.** Property owned by a government, which has a monetary value.

**Asset allocation.** Term used in connection with pension plans. The process of determining which types of investments are to be included and the percentages that they are to comprise in an overall investment portfolio.

**Assigned Fund Balance.** Consists of amounts that are subject to a purpose constraint that represents an intended use established by the government's highest level of decision-making authority, or by their designated body or official. The purpose of the assignment must be narrower than the purpose of the general fund, and in funds other than the general fund, assigned fund balance represents the residual amount of fund balance.

**Attained age actuarial cost method.** Term used in connection with defined benefit pension plans. A method under which the excess of the actuarial present value of projected benefits over the actuarial accrued liability in respect to each individual included in an actuarial valuation is allocated on a level basis over the earnings or service of the individual between the valuation date and assumed exit. The portion of this actuarial present value that is allocated to a valuation year is called the normal cost. The

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

actuarial accrued liability is determined using the unit credit actuarial cost method. [SGAS 25]

**Audit committee.** A group of individuals, selected by the governing body, having specific responsibility for addressing all issues related to the independent audit of the financial statements.

**Audit scope.** In the context of a financial statement audit, the coverage provided by the independent auditor's opinion on the financial statements.

**Auditor rotation.** Policy that a government periodically change the independent auditor of its financial statements.

**Auditor's report on internal controls and compliance over financial reporting.** Report issued in conjunction with a financial audit performed in accordance with GAGAS. In this report, the independent auditor reports on internal control weaknesses and instances of noncompliance, discovered in connection with the financial audit, but does not offer an opinion on internal controls or compliance.

**Audit Guides.** A series of AICPA publications that enjoy "level 2" status on the hierarchy of authoritative sources of GAAP established by SAS No. 69, *The Meaning of "Present Fairly in Conformity with Generally Accepted Accounting Principles" in the Independent Auditor's Report*, when they are specific to state and local government and cleared by the GASB.

**Availability criterion.** Principle of the modified accrual basis of accounting according to which revenues may only be recognized when they are collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. [NCGA Statement 1]

**Availability period.** A specified period immediately following the close of the fiscal year by the end of which cash must be collected for related revenue to be recognized in accordance with the availability criterion of modified accrual accounting.

**Bank holding company.** A company that controls one or more banks and may own subsidiaries with operations closely related to banking. When branch banking was severely limited, bank holding company statutes allowed banking systems to develop by permitting common ownership of several banks. Generally, the Bank Holding Company Act provides that a holding company has control over a bank if it owns, controls, or holds 25 percent or more of the voting stock of the bank. [TB 97-1]

**Bank investment contracts.** A separate account at a financial institution that functions like a guaranteed investment contract.

**Bankers' acceptances.** Short-term, noninterest-bearing notes sold at a discount and redeemed by the accepting banks at maturity for face value. Bankers' acceptances generally are created based on a letter of credit issued in a foreign trade transaction. [SGAS 31]

**Banking pools.** One of four different types of public-entity risk pool. An arrangement by which monies are made available for pool members in the event of loss on a loan basis. [SGAS 10]

**Basic financial statements.** The minimum combination of financial statements and note disclosures required for fair presentation in conformity with GAAP.

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Basis differences.** Differences that arise through the employment of a basis of accounting for budgetary purposes that differs from the basis of accounting prescribed by GAAP for a given fund type. [NCGA Interpretation 10]

**Basis of accounting.** The timing of recognition, that is, when the effects of transactions or events should be recognized for financial reporting purposes. For example, the effects of transactions or events can be recognized on an accrual basis (that is, when the transactions or events take place), or on a cash basis (that is, when cash is received or paid). Basis of accounting is an essential part of measurement focus because a particular timing of recognition is necessary to accomplish a particular measurement focus. [SGAS 11]

**Betterment.** An addition made to, or change made in, a capital asset, other than maintenance, to prolong its life or to increase its efficiency or capacity. The cost of the addition or change is added to the book value of the asset. The term *improvement* is preferred.

**Blending.** The method of reporting the financial data of a component unit that presents the component unit's balances and transactions in a manner similar to the presentation of the balances and transactions of the primary government. [SGAS 14]

**Blue Book.** A term commonly used to designate the Government Finance Officers Association's publication *Governmental Accounting, Auditing, and Financial Reporting*.

**Bond.** A written promise to pay (debt) a specified sum of money (called principal or face value) at a specified future date (called the maturity date[s] along with periodic interest paid at a specified percentage of the principal [interest rate]). Bonds are typically used for long-term debt.

**Bond anticipation note.** Short-term interest-bearing note issued by a government in anticipation of bond proceeds to be received at a later date. The note is retired from proceeds of the bonds to which it is related.

**Book-entry system.** A system that eliminates the need for physically transferring bearer-form paper or registering securities by using a central depository facility. [SGAS 3]

**Budget.** A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year.

**Budgetary basis of accounting.** The method used to determine when revenues and expenditures are recognized for budgetary purposes.

**Budgetary accounts.** Special accounts used to achieve budgetary integration, but not reported in the general-purpose external financial statements. By convention, ALL CAPS commonly are used to designate budgetary accounts. The most common budgetary accounts are ESTIMATED REVENUES, APPROPRIATIONS, BUDGETARY FUND BALANCE, and ENCUMBRANCES.

**Budgetary guidelines.** Recommendations on budgeting issued by the National Advisory Council on State and Local Budgeting (NACSLB). The NACSLB's budgetary guidelines are chiefly of interest to accountants because of the emphasis they place on performance measurement in the context of the

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

budgetary process.

**Budgetary integration.** The management control technique by which the annual operating budget is recorded in the general ledger through the use of budgetary accounts. Budgetary integration is intended to facilitate control over revenues and expenditures during the year.

**Budgetary journal entries.** Journal entries involving budgetary accounts. Budgetary journal entries arise in connection with budgetary integration.

**Budgetary reporting.** The requirement to present budget-to-actual comparisons in connection with general purpose external financial reporting. Budgetary reporting is required in connection with the basic financial statements for both the general fund and individual major special revenue funds with legally adopted annual budgets. Budgetary reporting also is required within the comprehensive annual financial report to demonstrate compliance at the legal level of control for all governmental funds with legally adopted annual budgets.

**Business-type activities.** One of two classes of activities reported in the government-wide financial statements. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. These activities are usually reported in enterprise funds. [SGAS 34]

**Call options.** A contract giving the buyer (owner) the right, but not the obligation, to purchase from (call option) the seller (writer) of the contract a fixed number of items (such as shares of equity securities) at a fixed or determinable “strike” price on a given date or at any time on or before a given date. [SGAS 31]

**Capital and related financing activities.** Term used in connection with cash flows reporting. Capital and related financing activities include (a) acquiring and disposing of capital assets used in providing services or producing goods, (b) borrowing money for acquiring, constructing, or improving capital assets and repaying the amounts borrowed, including interest, and (c) paying for capital assets obtained from vendors on credit. [SGAS 9]

**Capital assets.** Land, improvements to land, easements, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. [SGAS 34]

**Capital improvement program.** A plan for capital expenditures to be incurred each year over a fixed period of several future years setting forth each capital project, identifying the expected beginning and ending date for each project, the amount to be expended in each year, and the method of financing those expenditures.

**Capital outlays.** Expenditures for the acquisition of capital assets.

**Capital projects fund.** Fund type used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds). [NCGA Statement 1]

**Capitalization contribution.** Term used in connection with public-entity risk pools. A contribution to

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

meet initial or ongoing capital minimums established by statute, regulation, or the pooling agreement itself. Capitalization contributions generally take the form of cash. [IGAS 4]

**Capitalization threshold.** The dollar value at which a government elects to capitalize tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.

**Capping.** Term used in connection with municipal solid-waste landfills (MSWLF). The cost of final cover expected to be applied near or after the date that the MSWLF stops accepting solid waste. [SGAS 18]

**Cash.** The term, as used in connection with cash flows reporting, includes not only currency on hand, but also demand deposits with banks or other financial institutions. *Cash* also includes deposits in other kinds of accounts or cash management pools that have the general characteristics of demand deposit accounts in that the governmental enterprise may deposit additional cash at any time and also effectively may withdraw cash at any time without prior notice or penalty. [SGAS 9]

**Cash basis of accounting.** Basis of accounting that recognizes transactions or events when related cash amounts are received or disbursed.

**Cash equivalent.** Term used in connection with cash flows reporting. Short-term, highly liquid investments that are both (a) readily convertible to known amounts of cash and (b) so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less meet this definition. For this purpose “original maturity” means the original maturity to the entity holding the investment. [SGAS 9]

**Ceded premiums/claims costs.** Terms used in connection with public-entity risk pools. Ceded premiums are those transferred to another enterprise in connection with a reinsurance arrangement. Ceded claims costs are those transferred to another enterprise through reinsurance.

**Certificate of Achievement for Excellence in Financial Reporting Program.** Program sponsored by the Government Finance Officers Association to encourage and assist state and local governments to prepare high-quality comprehensive annual financial reports. The program has been in continuous operation since 1946. The program originally was known as the Certificate of Conformance Program.

**Character classification.** Expenditure classification according to the period’s expenditures is presumed to benefit. The four character groupings are (a) *current* operating expenditures, presumed to benefit the current fiscal period; (b) *debt service*, presumed to benefit prior fiscal periods as well as current and future periods; (c) *capital outlays*, presumed to benefit the current and future fiscal periods, and (d) *intergovernmental*, when one government transfers resources to another.

**Claims-made policy.** Term used in connection with public-entity risk pools. A type of policy that covers losses from claims asserted (reported or filed) against the policyholder during the policy period, regardless of whether the liability-imposing events occurred during the current or any previous period in which the policyholder was insured under the claims-made contract or other specified period before the policy period (the policy retroactive date). [SGAS 10]

**Claims-servicing pool.** One of four different types of public entity risk pool. An arrangement by which

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

a pool manages separate accounts for each pool member from which the losses of that member are paid. Also referred to as an “account pool.” [SGAS 10]

**Classified presentation.** The separate presentation on the statement of position of the current and long-term portions of assets and liabilities. A classified presentation is required for the proprietary fund statement of net assets.

**Closed amortization period.** Term used in connection with the unfounded actuarial accrued liability associated with defined benefit pension plans. A specific number of years that is counted from one date and, therefore, declines to zero with the passage of time. For example, if the amortization period is initially 30 years on a closed basis, 29 years remain after the first year, 28 years after the second year, and so forth. [SGAS 25]

**Closed-end mutual fund.** An SEC-registered investment company that issues a limited number of shares to investors that are then traded as an equity security on a stock exchange. [SGAS 31]

**Collateral.** Term used in connection with deposits with financial institutions. Security pledged by a financial institution to a governmental entity for its deposit. [SGAS 3]

**Collateral pool.** A single financial institution collateral pool is a group of securities pledged by a single financial institution against all the public deposits it holds. A multiple financial institution collateral pool is a group of securities pledged by various financial institutions to provide common collateral for their deposits of public funds. In such a collateral pool, the assets of the pool and the power to make additional assessments against the members of the pool, if necessary, insure there will be no loss of public funds because of the default of a member. [SGAS 3]

**Combining financial statements.** Financial statements that report separate columns for individual funds or component units. Combining financial statements normally are required in a comprehensive annual financial report to support each column in the basic financial statements that aggregates information from more than one fund or component unit.

**Commercial paper.** An unsecured short-term promissory note issued by corporations, with maturities ranging from 2 to 270 days.

**Committed Fund Balance.** Consists of amounts that are subject to a purpose constraint imposed by a formal action of the government’s highest level of decision-making authority before the end of the fiscal year, and that require the same level of formal action to remove the constraint.

**Committee on Accounting Procedure (CAP).** Authoritative private-sector standard-setting body that preceded the Accounting Principles Board and the FASB. The CAP issued guidance in the form of *Accounting Research Bulletins*.

**Commodities programs.** The distribution of surplus agricultural products, as a form of assistance.

**Community environment.** This program provides for essential community services including land use control, transportation maintenance, public sanitation, solid waste services, and land maintenance.

**Comparability.** The principle according to which differences between financial reports should be due

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

to substantive differences in the underlying transactions or the governmental structure rather than due to selection of different alternatives in accounting procedures or practices. [SGAC 1]

**Comparative data.** Information from prior fiscal periods provided to enhance the analysis of financial data of the current fiscal period.

**Comparative financial statements.** Financial statements providing all of the information required by GAAP for two or more fiscal periods.

**Compliance Supplement.** Term used in connection with Single Audits. A publication of the U.S. Office of Management and Budget outlining compliance requirements for federal awards programs. The publication is designed to assist independent auditors performing Single Audits.

**Component unit.** A legally separate organization for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. [SGAS 14]

**Composite depreciation methods.** Depreciation methods applied to groups of assets rather than to individual assets.

**Comprehensive annual financial report (CAFR).** A financial report that encompasses all funds and component units of the government. The CAFR should contain (a) the basic financial statements and required supplementary information, (b) combining statements to support columns in the basic financial statements that aggregate information from more than one fund or component unit, and (c) individual fund statements as needed. The CAFR is the governmental unit's official annual report and also should contain introductory information, schedules necessary to demonstrate compliance with finance-related legal and contractual provisions, and statistical data. The CAFR of a public employee retirement system or an investment pool also should provide information on investments. Likewise, the CAFR of a public employee retirement system should provide actuarial information.

**Comprehensive framework of internal controls.** A structure of internal controls that provides for (a) a favorable control environment, (b) the continuing assessment of risk, (c) the design, implementation, and maintenance of effective control-related policies and procedures, (d) the effective communication of information, and (e) the ongoing monitoring of the effectiveness of control-related policies and procedures as well as the resolution of potential problems identified by controls.

**Condensed financial statements.** Abbreviated financial statements sometimes required by GAAP to be presented within the notes to the financial statements in connection with component units, external investment pools, and segments. In addition, GAAP prescribe the presentation of condensed financial information for the prior fiscal year as part of management's discussion and analysis.

**Conduit debt.** Certain limited-obligation revenue bonds, certificates of participation, or similar debt instruments issued by a state or local governmental entity for the express purpose of providing capital financing for a specific third party that is not a part of the issuer's financial reporting entity. Although conduit debt obligations bear the name of the governmental issuer, the issuer has no obligation for such debt beyond the resources provided by a lease or loan with the third party on whose behalf they are

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

issued. [IGAS 2]

**Connection fees.** Fees charged to join or to extend an existing utility system. Often referred to as *tap fees* or *system development fees*.

**Consistency.** The principle according to which once an accounting principle or reporting method is adopted, it will be used for all similar transactions and events. The concept of consistency in financial reporting extends to many areas such as valuation methods, basis of accounting, and determination of the financial reporting entity. [SGAC 1]

**Contractual Costs.** A category of expenditures that generally includes payments to internal service funds and payments to external parties providing professional services.

**Control cycle.** Term used in connection with the evaluation of internal controls. A series of logically connected transactions/processes and associated control-related policies and procedures.

**Cost-reimbursement basis.** Term used in connection with internal service funds. The settings of charges so that costs are systematically recovered on a break-even basis over time.

**Cost-sharing multiple-employer defined benefit pension plan.** A single plan with pooling (cost-sharing) arrangements for the participating employers. All risks, rewards, and costs, including benefit costs, are shared and are not attributed individually to the employers. A single actuarial valuation covers all plan members and the same contribution rate(s) applies for each employer. [SGAS 25]

**Counterparty.** Term used in connection with custodial credit risk. Another party to a transaction. In the case of deposits and investments made by governmental entities, a counterparty could be the issuer of a security, a financial institution holding a deposit, a broker-dealer selling securities, or a third party holding securities or collateral. [SGAS 3]

**Contingency.** A budgetary reserve set aside for emergencies or unforeseen expenditures, not otherwise budgeted for.

**Cost center.** The smallest unit of budgetary accountability and control. A cost center is made up of a group of related services, responsibility for which is assigned to a specified individual or organizational unit.

**Crossover refunding.** A type of advance refunding in which the escrow established with the proceeds of the refunding bonds only begins to secure repayment of the refunded debt at some designated future time, known as the “crossover date.”

**Culture & recreation.** This program encompasses the culture and recreational activities and facilities, which are provided by the City of Rye for the participation and enjoyment of all residents.

**Current costs.** Term used in connection with municipal solid-waste landfills. The amount that would be paid if all equipment, facilities, and services included in the estimate of closure and postclosure care costs was acquired during the current period. [SGAS 18]

**Current financial resources measurement focus.** Measurement focus according to which the aim of a

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

set of financial statements is to report the near-term (current) inflows, outflows, and balances of expendable (spendable) financial resources. The current financial resources measurement focus is unique to accounting and financial reporting for state and local governments and is used solely for reporting the financial position and results of operations of governmental funds.

**Current refunding.** A refunding transaction in which the proceeds of the refunding debt are applied immediately to redeem the debt to be refunded. This situation differs from an advance refunding, where the proceeds of the refunding bonds are placed in escrow pending the call date or maturity of the debt to be refunded.

**Custodial credit risk.** The risk that a government will not be able (a) to recover deposits if the depository financial institution fails or (b) to recover the value of investment or collateral securities that are in the possession of an outside party if the counterparty to the investment or deposit transaction fails. [SGAS 3, Q&A]

**Debt service.** Payment of interest and repayment of principal to holders of a government's debt instruments.

**Debt service fund.** Governmental fund type used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. [NCGA Statement 1]

**Deduction.** Term used in connection with fiduciary funds. Decrease in the net assets of a fiduciary fund.

**Defeasance.** In financial reporting, the netting of outstanding liabilities and related assets on the statement of position. Defeased debt is no longer reported as a liability on the face of the statement of position; only the new debt, if any, is reported as a liability. Most refundings result in the defeasance of the refunded debt. Defeasance also is sometimes encountered in conjunction with annuity contracts purchased in connection with lottery prizes and settlements of claims and judgments.

**Deferred revenue.** Resource inflows that do not yet meet the criteria for revenue recognition. Unearned amounts are always reported as deferred revenue. In governmental funds, earned amounts also are reported as deferred revenue until they are available to liquidate liabilities of the current period.

**Defined benefit pension plan.** A pension plan having terms that specify the amount of pension benefits to be provided at a future date or after a certain period of time; the amount specified usually is a function of one or more factors such as age, years of service, and compensation. [SGAS 25]

**Defined contribution pension plan.** A pension plan having terms that specify how contributions to a plan member's account are to be determined, rather than the amount of retirement income the member is to receive. The amounts received by a member will depend only on the amount contributed to the member's account, earnings on investments of those contributions, and forfeitures of contributions made for other members that may be allocated to the member's account. [SGAS 25]

**Demand bonds.** Long-term debt issuances with demand ("put") provisions that require the issuer to repurchase the bonds upon notice from the bondholder at a price equal to the principal plus accrued interest. To assure its ability to redeem the bonds, issuers of demand bonds frequently enter into short-term standby liquidity agreements and long-term "take out" agreements. [IGAS 1]

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Depreciation.** The portion of the cost of the expiration in the service life of a fixed asset, which is charged as an expense during a particular accounting period.

**Derivative.** Contract whose value depends on, or derives from, the value of an underlying asset, reference rate, or index. The term also is applied to similar transactions, such as structured financial instruments (for example, mortgage-backed securities). [TB 94-1]

**Derived tax revenues.** Non-exchange revenues that result from assessments imposed on exchange transactions (for example, income taxes, sales taxes, and other assessments on earnings or consumption). [SGAS 33]

**Developer fees.** Fees charged to developers to cover, in whole or in part, the anticipated cost of improvements that will be necessary as a result of the development (e.g., parks, sidewalks).

**Direct costing.** Term used in connection with the valuation of capital assets. Use of source data (e.g., invoices) to establish the historical cost of a capital asset.

**Direct debt.** Debt that is to be repaid by the reporting government itself rather than by an overlapping or underlying government.

**Direct expense.** Expense that is specifically associated with a service, program, or department and, thus, is clearly identifiable to a particular function. [SGAS 34]

**Disallowed costs.** Claims for grantor resources that have been rejected by the grantor. Disallowed costs are to be distinguished from *questioned costs*, which are potential disallowed costs that have not yet been rejected by the grantor.

**Discrete presentation.** Method of reporting financial data of component units in a column or columns separate from the financial data of the primary government. [SGAS 14]

**Discussion memorandum.** A due-process document issued by the GASB soliciting comments from interested parties on various aspects of a technical issue that is the subject of research by the board.

**Due process.** The procedures followed by the GASB to ensure that the views of all interested parties are solicited and considered prior to issuing an authoritative pronouncement. At a minimum, due process requires that all statements and interpretations be preceded by an exposure draft.

**Early recognition option.** Term used in connection with debt service funds. The option to recognize an expenditure in the current period in a debt service fund for principal and interest payments due early in the subsequent period. This option is available only in situations involving the non-discretionary transfer of resources to a debt service fund in the current period for payments due shortly after the end of the fiscal year (i.e., usually within one to several days, and never more than one month later).

**Economic resources measurement focus.** Measurement focus under which the aim of a set of financial statements is to report all inflows, outflows, and balances affecting or reflecting an entity's net assets. The economic resources measurement focus is used for proprietary and fiduciary funds, as well as for government-wide financial reporting. It also is used by business enterprises and not-for-profit

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

organizations in the private sector.

**Effectiveness.** Term used in connection with the evaluation of internal controls and performance measurement. The degree to which an entity, program, or procedure is successful at achieving its goals and objectives.

**Efficiency.** Term used in connection with the evaluation of internal controls and performance measurement. The degree to which an entity, program, or procedure is successful at achieving its goals and objectives with the least use of scarce resources. Efficiency necessarily presupposes effectiveness.

**Eligibility requirements.** Term used in connection with government-mandated and voluntary non-exchange transactions. Conditions established by the provider of resources stipulating matters such as the qualifying characteristics of recipients, time requirements, allowable costs, and other contingencies. [SGAS 33]

**Emerging Issues Task Force.** Group established under the auspices of an authoritative standard-setting body and authorized to publish consensus positions on technical issues not specifically addressed by that body. The GASB has not established an emerging issues task force, although it is empowered to do so.

**Employee benefits.** A category of expenditures which includes the City's share of social security, retirement, workers compensation, health and various types of insurance for employees' benefit.

**Encumbrances.** Commitments related to unperformed (executory) contracts for goods or services. [NCGA Statement 1]

**Enterprise fund.** Proprietary fund type used to report an activity for which a fee is charged to external users for goods or services. [SGAS 34]

**Entity differences.** A difference between the budgetary basis of accounting and GAAP arising because the appropriated budget either includes or excludes organizations, programs, activities, and functions, which may or may not be compatible with the criteria defining the governmental reporting entity. [NCGA Interpretation 10]\_ 625

**Entry age actuarial cost method.** Term used in connection with defined benefit pension plans. A method under which the actuarial present value of the projected benefits of each individual included in an actuarial valuation is allocated on a level basis over the earnings or service of the individual between entry age and assumed exit age(s). The portion of this actuarial present value allocated to a valuation year is called the normal cost. The portion of this actuarial present value not provided for at a valuation date by the actuarial present value of future normal costs is called the actuarial accrued liability. [SGAS 25]

**Equivalent single amortization period.** The weighted average of all amortization periods used when components of the total unfunded actuarial accrued liability are separately amortized and the average is calculated in accordance with the parameters. [SGAS 25]

**Escheat.** The reversion of property to a governmental entity in the absence of legal claimants or heirs. The laws of many governmental entities provide that a rightful owner or heir can reclaim escheat

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

property in perpetuity, provided the claimant can establish his or her right to the property. [SGAS 21]

**Ethics Rule 202.** Ethics rule established by the AICPA that places upon auditors the burden of proof for justifying any material departures from the guidance found on levels 2, 3, or 4 of the GAAP hierarchy.

**Ethics Rule 203.** Ethics rule established by the AICPA that makes it an ethical violation for an auditor to state that financial statements are “fairly presented in conformity with GAAP” if those statements materially violate standards issued by the FASB, the GASB, or the Federal Accounting Standards Advisory Board. A special exception applies when unusual circumstances would make the application of an authoritative standard misleading.

**Exchange transactions.** Transaction in which each party receives and gives up essentially equal values. [SGAS 33]

**Exchange-like transaction.** Transaction in which there is an identifiable exchange between the reporting government and another party, but the values exchanged may not be quite equal or the direct benefits of the exchange may not be exclusively for the parties to the exchange. Examples include certain fees for regulatory or professional licenses and permits, certain tap fees, certain developer contributions, certain grants and donations, and other transactions that, regardless of the label applied to them, are based on an exchange of similar but not equal values. [SGAS 33]

**Expenditure-driven grants.** Government-mandated or voluntary non-exchange transactions in which expenditure is the prime factor for determining eligibility. Also referred to as *reimbursement grants*.

**Expenditure.** Decreases in net financial resources under the current financial resources measurement focus not properly classified as *other financing uses*.

**Explicit measurable equity interest.** Term used in connection with joint ventures. Asset resulting from a stipulation in the joint venture agreement that the participants have a present or future claim to the net resources of the joint venture and setting forth the method to determine the participants’ shares of the joint venture’s net resources. [SGAS 14]

**Exposure draft.** A due-process document issued by the GASB soliciting comments from interested parties on a proposed authoritative pronouncement.

**External auditors.** Independent auditors, typically engaged to conduct the audit of a government’s financial statements.

**Fair value.** Term used in connection with the valuation of investments. The amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. [SGAS 31]

**Federal Accounting Standards Advisory Board.** Authoritative standard-setting body responsible for establishing GAAP for the federal government.

**Fiduciary funds.** Funds used to report assets held in a trustee or agency capacity for others and which therefore cannot be used to support the government’s own programs. The fiduciary fund category includes pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

funds, and agency funds. [SGAS 34]

**Final amended budget.** Term used in connection with budgetary reporting. The original budget adjusted by all reserves, transfers, allocations, supplemental appropriations, and other legally authorized legislative and executive changes applicable to the fiscal year, whenever signed into law or otherwise legally authorized. [SGAS 34]

**Financial accountability.** Term used in connection with the definition of the financial reporting entity. The level of accountability that exists if a primary government appoints a voting majority of an organization's governing board and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations with a separately elected governing board, a governing board appointed by another government, or a jointly appointed board that is fiscally dependent on the primary government. [SGAS 14]

**Financial Accounting Foundation (FAF).** Not-for-profit organization responsible for overseeing the operations of both the GASB and the FASB.

**Financial Accounting Standards Advisory Council (FASAC).** Advisory group that assists the FASB. The FASAC includes representatives of all of the FASB's major constituents.

**Financial Accounting Standards Board (FASB).** The authoritative accounting and financial reporting standard-setting body for business enterprises and not-for-profit organizations. The FASB is the direct successor of the Committee on Accounting Procedure and the Accounting Principles Board. The GASB and its predecessors have elected to apply a number of the FASB's standards, as well as those of its predecessors, to state and local governments.

**Financial audits.** Audits designed to provide independent assurance of the fair presentation of financial information. \_\_\_\_\_ 627

**Financial reporting entity.** A primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The nucleus of a financial reporting entity usually is a primary government. However, a governmental organization other than a primary government (such as a component unit, a joint venture, a jointly governed organization, or other stand-alone government) serves as the nucleus for its own reporting entity when it issues separate financial statements.

**Financial resources.** Resources that are or will become available for spending. Financial resources include cash and resources ordinarily expected to be converted to cash (e.g., receivables, investments). Financial resources also may include inventories and prepaids (because they obviate the need to expend current available financial resources).

**Financial section.** One of the three basic sections of a comprehensive annual financial report. The financial section is used to present the independent auditor's report on the financial statements, the basic financial statements (including the notes to the financial statements), required supplementary information, combining statements, individual fund statements and schedules, and supplementary

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

information, as needed.

**Finding.** Term used in connection with public sector auditing. Published communication of an internal control weaknesses or instance of noncompliance in connection with an audit conducted in accordance with GAGAS.

**Fiscal accountability.** The responsibility of governments to justify that their actions in the current period have complied with public decisions concerning the raising and spending of public moneys in the short term (usually one budgetary cycle or one year). This term is used in contrast to *operational accountability*. [SGAS 34]

**Fiscal dependence.** Term used in connection with the definition of the financial reporting entity. Situation requiring the inclusion of a legally separate entity as a component unit within the financial reporting entity because the governing board of the primary government may *arbitrarily* override the financial decisions of the legally separate entity regarding (a) its budget, (b) the levying of taxes or the setting of rates or charges, or (c) the issuance of bonded debt.

**Fiscal funding clause.** Term used in connection with capital leases. A clause in a lease agreement that generally provides that the lease is cancelable if the legislature or other funding authority does not appropriate the funds necessary for the government unit to fulfill its obligations under the lease agreement.

**Five percent criterion.** Second of two tests used to determine whether a given governmental fund or enterprise fund must be reported as a major fund in the basic financial statements. This test is applied to the combined total assets, liabilities, revenues or expenses/expenditures of all governmental and enterprise funds for which the 10 percent criterion has been met.

**Fixed budgets.** Term used in contrast with *flexible budgets*. Budgets that embody estimates of specific (fixed) dollar amounts. [NCGA Statement 1]

**Fixed coupon repurchase–reverse repurchase agreement.** A repurchase agreement or a reverse repurchase agreement where the parties agree that the securities returned would have the same stated interest rate as, and maturities similar to, the securities transferred. [SGAS 3]

**Flexible budgets.** Term used in contrast with *fixed budgets*. Budgets that embody dollar estimates that vary according to demand for the goods or services provided. [NCGA Statement 1]

**Food stamps.** A federal award program that is intended to improve the diets of members of low-income households by increasing their ability to purchase food. [SGAS 24]

**Formula grants.** Government-mandated or voluntary non-exchange transactions involving the provision of resources based upon established criteria (e.g., number of full-time equivalent students) other than the incurrence of qualifying expenditures.

**Frozen entry age actuarial cost method.** Term used in connection with defined benefit pension plans. A method under which the excess of the actuarial present value of projected benefits of the group included in an actuarial valuation, over the sum of the actuarial value of assets plus the unfunded frozen actuarial accrued liability, is allocated on a level basis over the earnings or service of the group between the valuation date and assumed exit. This allocation is performed for the group as a whole, not as a sum

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

of individual allocations. The frozen actuarial accrued liability is determined using the entry age actuarial cost method. The portion of this actuarial present value allocated to a valuation year is called the normal cost. [SGAS 25]

**Full faith and credit.** A pledge of the general taxing power of a government to repay debt obligations (typically used in reference to bonds).

**Full-time equivalent position.** A part-time position converted to the decimal equivalent of a full-time position based on 2,080 hours per year. For example, a summer lifeguard working for four months, or 690 hours, would be equivalent to .3 of a full-time position.

**Function.** A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible (e.g., *public safety*).

**Fund.** A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, that are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. [NCGA Statement 1]

**Fundamental analysis.** A method of estimating the fair value of a security when it is thinly traded or when quoted market prices are not available. Fundamental analysis considers assets, liabilities, operating statement performance, management, and economic environment of the issuer in estimating a fair value. [SGAS 31, Q&A]

**Fund balance.** The difference between assets and liabilities reported in a governmental fund.

**Fund classifications.** One of the three categories (governmental, proprietary, and fiduciary) used to classify fund types. \_\_ 629

**Fund financial statements.** Basic financial statements presented on the basis of funds. Term used in contrast with *government-wide financial statements*.

**Fund type.** One of 11 classifications into which all individual funds can be categorized. Governmental fund types include the general fund, special revenue funds, debt service funds, capital projects funds, and permanent funds. Proprietary fund types include enterprise funds and internal service funds. Fiduciary fund types include pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds, and agency funds.

**Funded mandate.** Also known as a government-mandated non-exchange transaction. A situation where a government at one level provides resources to a government at another level and requires the recipient to use the resources for a specific purpose (for example, federal programs that state or local governments are mandated to perform). [SGAS 33]

**Funded ratio.** The actuarial value of assets expressed as a percentage of the actuarial accrued liability. [SGAS 25]

**GAAFR.** The acronym for *Governmental Accounting, Auditing, and Financial Reporting*, a publication of the Government Finance Officers Association. Also known as the *Blue Book*, various editions of this book have been published since the mid 1930s.

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**GAAP hierarchy.** An authoritative list of the sources of GAAP. The GAAP hierarchy for state and local governments is set forth in SAS No. 69, *The Meaning of “Present Fairly in Conformity with Generally Accepted Accounting Principles” in the Independent Auditor’s Report*.

**General Accounting Office (GAO).** The investigative arm of the U.S. Congress charged with improving the performance and accountability of the federal government. In the context of accounting, auditing, and financial reporting for state and local governments, the GAO is best known for issuing *Government Auditing Standards*, which are the source of GAGAS.

**General fund.** The general fund is one of five governmental fund types and typically serves as the chief operating fund of a government. The general fund is used to account for all financial resources except those required to be accounted for in another fund. [NCGA Statement 1]

**General government.** This program provides the legislative, executive and staff activities essential for effective policymaking and professional administration of the City of Rye’s government.

**General obligation bonds.** When a government pledges its full faith and credit to the repayment of the bonds it issues, then those bonds are general obligation (GO) bonds. Sometimes the term is also used to refer to bonds, which are to be repaid from taxes and other general revenues.

**General revenues.** All revenues that are *not* required to be reported as program revenues. All taxes, even those that are levied for a specific purpose, are general revenues and should be reported by type of tax—for example, sales tax, property tax, franchise tax, and income tax. All other non-tax revenues (Including interest, grants, and contributions) that do not meet the criteria to be reported as program revenues should also be reported as general revenues. [SGAS 34]

**Generally accepted accounting principles (GAAP).** The conventions, rules, and procedures that serve as the norm for the fair presentation of financial statements. The various sources of GAAP for state and local government are set forth by SASNo. 69, *The Meaning of “Present Fairly in Conformity with Generally Accepted Accounting Principles” in the Independent Auditor’s Report*.

**Generally accepted auditing standards (GAAS).** The rules and procedures that govern the conduct of a financial audit. There are ten basic GAAS, classed into three broad categories: general standards, standards of fieldwork, and standards of reporting. The Auditing Standards Board of the AICPA publishes SASs and related interpretations to comment and expand upon these basic standards.

**Generally accepted government auditing standards (GAGAS).** Standards for the conduct and reporting of both financial and performance audits in the public sector. The General Accounting Office promulgates GAGAS through its publication *Government Auditing Standards*, commonly known as the *Yellow Book*. The basic GAGAS standards are classed into three broad categories: general standards, fieldwork standards, and reporting standards. The general standards of GAGAS apply to both financial audits and performance audits. GAGAS establish separate fieldwork and reporting standards for financial audits and performance audits. The fieldwork standards and reporting standards used for financial audits build upon the standards of fieldwork and the standards of reporting of GAAS.

**Governmental external investment pool.** An arrangement that commingles (pools) the moneys of more than one legally separate entity and invests, on the participants’ behalf, in an investment portfolio;

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

one or more of the participants not being part of the sponsor's reporting entity. An external investment pool can be sponsored by an individual government, jointly by more than one government, or by a nongovernmental entity. An investment pool that is sponsored by an individual state or local government is an external investment pool if it includes participation by a legally separate entity that is not part of the same reporting entity as the sponsoring government. If a government-sponsored pool includes only the primary government and its component units, it is an internal investment pool and not an external investment pool. [SGAS 31]

**Government Finance Officers Association (GFOA).** An association of public finance professionals founded in 1906 as the Municipal Finance Officers Association. The GFOA has played a major role in the development and promotion of GAAP for state and local government since its inception and has sponsored the Certificate of Achievement for Excellence in Financial Reporting Program since 1946.

**Governmental Accounting Standards Advisory Council (GASAC).** An advisory body established to assist the GASB. The membership of the GASAC represents all major groups with an interest in accounting and financial reporting for state and local governments.

**Governmental Accounting Standards Board (GASB).** The ultimate authoritative accounting and financial reporting standard-setting body for state and local governments. The GASB was established in June 1984 to replace the NCGA.

***Governmental Accounting, Auditing, and Financial Reporting (GAAFR).*** A publication of the Government Finance Officers Association. Also known as the *Blue Book*, various editions have been published since the mid 1930s.

**Governmental activities.** Activities generally financed through taxes, intergovernmental revenues, and other non-exchange revenues. These activities are usually reported in governmental funds and internal service funds. [SGAS 34]

**Governmental entity.** For accounting and financial reporting purposes, an entity subject to the hierarchy of GAAP applicable to state and local governmental units. The criteria used to distinguish governmental entities from nongovernmental entities are set forth in the AICPA's *Audits of State and Local Governmental Units*.

**Governmental financial reporting model.** The minimum combination of financial statements, note disclosures, and required supplementary information prescribed for state and local governments by the GASB.

**Governmental funds.** Funds generally used to account for tax-supported activities. There are five different types of governmental funds: the general fund, special revenue funds, debt service funds, capital projects funds, and permanent funds.

**Government-mandated non-exchange transactions.** Transactions that occur when a government at one level provides resources to a government at another level and requires the recipient to use the resources for a specific purpose (for example, federal programs that state or local governments are mandated to perform). [SGAS 33]

**Government-wide financial statements.** Financial statements that incorporate all of a government's

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

governmental and business-type activities, as well as its non-fiduciary component units. There are two basic government-wide financial statements: the statement of net assets and the statement of activities. Both basic government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting.

**Grant.** A contribution of assets (usually cash) by one of governmental unit or other organization to another. Typically, these contributions are made to local governments from the state and federal governments. Grants are usually made for specified purposes.

**Grant anticipation note.** Short-term, interest-bearing note issued by a government in anticipation of a grant to be received at a later date. The note is retired from proceeds of the grant to which it is related.

**Guaranteed investment contract.** A group annuity contract designed to provide guarantees of principal and interest on funds deposited with an insurance company for a specified period.

**Impact fees.** Fees charged to developers to cover, in whole or in part, the anticipated cost of improvements that will be necessary as a result of the development (e.g., parks, sidewalks).

**Implementation guides.** Guidance on the proper implementation of authoritative accounting and financial reporting standards issued by the staff of the GASB. Implementation guides use a question-and-answer format and enjoy “level 4” status on the hierarchy of GAAP for state and local governments established by the AICPA’s SAS No. 69, *The Meaning of “Present Fairly in Conformity with Generally Accepted Accounting Principles” in the Independent Auditor’s Report*.

**Imposed non-exchange revenues.** Revenues that result from assessments imposed on nongovernmental entities, including individuals, other than assessments on exchange transactions (for example, property taxes and fines). [SGAS 33]

**Improvement.** An addition made to, or change made in, a capital asset, other than maintenance, to prolong its life or to increase its efficiency or capacity. The cost of the addition or change is added to the book value of the asset.

**“In-relation-to” opinion.** An indication in the independent auditor’s report that the auditor does *not* render an opinion on the fair presentation *per se* of certain information contained in the financial report (e.g., combining and individual fund financial statements), but does assert that the information in question is fairly presented *in relation to* the audited financial statements.

**Incurred but not reported (IBNR) claims.** Term used in connection with risk financing. Claims for insured events that have occurred but have not yet been reported to the governmental entity, public entity risk pool, insurer, or re-insurer as of the date of the financial statements. IBNR claims include (a) known loss events that are expected to be presented later as claims, (b) unknown loss events that are expected to become claims, and (c) expected future development on claims already reported. [SGAS 10]

**Independent auditor.** Auditors who are independent, both in fact and appearance, of the entities they audit. Both GAAS and GAGAS set specific criteria that must be met for an auditor to be considered to be independent.

**Independent auditor’s report.** The official written communication of the results of an audit. In a financial audit, the independent auditor’s report typically will offer (or disclaim) an opinion on whether

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

a set of financial statements is fairly presented in conformity with GAAP (or some other comprehensive basis of accounting).

**Indirect expenses.** Expenses that cannot be specifically associated with a given service, program, or department and thus, cannot be clearly associated with a particular functional category. [SGAS 34]

**Individual investment accounts.** An investment service provided by a governmental entity for other, legally separate entities that are not part of the same reporting entity. With individual investment accounts, specific investments are acquired for individual entities and the income from and changes in the value of those investments affect only the entity for which they were acquired. [SGAS 31]

**Infrastructure.** Long-lived capital assets that normally are stationary in nature and normally can be preserved for a significantly greater number of years than most capital assets. Examples of infrastructure assets include roads, bridges, tunnels, drainage systems, water and sewer systems, dams, and lighting systems. [SGAS 34]

**In-substance defeasance of debt.** A situation that occurs when debt is considered defeased for accounting and financial reporting purposes, even though a legal defeasance has not occurred. When debt is defeased, it is no longer reported as a liability on the face of the statement of position; only the new debt, if any, is reported as a liability. [SGAS 7]

**Insured defined benefit pension plan.** A pension financing arrangement whereby an employer accumulates funds with an insurance company, while employees are in active service, in return for which the insurance company unconditionally undertakes a legal obligation to pay the pension benefits of those employees or their beneficiaries, as defined in the employer's plan. [SGAS 27]

**Integrated budget.** A situation in which the accounting system has been designed to automatically provide timely budgetary information concerning the uncommitted balance of appropriations and unrealized revenues.

**Interfund activity.** Activity between funds of the primary government, including blended component units. Interfund activities are divided into two broad categories: reciprocal and nonreciprocal. Reciprocal interfund activity comprises interfund loans and interfund services provided and used. Nonreciprocal interfund activity comprises interfund transfers and interfund reimbursements.

**Interfund loans.** Amounts provided between funds and blended component units of the primary government with a requirement for repayment. [SGAS 34]

**Interfund reimbursements.** Repayments from the funds or blended component units of the primary government responsible for particular expenditures or expenses to the funds or blended component units of the primary government that initially paid for them. [SGAS 34]

**Interfund services provided and used.** Sales and purchases of goods and services between funds and blended component units of the primary government for a price approximating their external exchange value. [SGAS 34]

**Interfund transfers.** Flows of assets (such as cash or goods) between funds and blended component units of the primary government without equivalent flows of assets in return and without a requirement

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

for repayment. [SGAS 34]

**Internal auditing.** An appraisal of the diverse operations and controls within a government entity to determine whether acceptable policies and procedures are followed, established standards are met, resources are used efficiently and economically, and the organization's objectives are being achieved. The term covers all forms of appraisal of activities undertaken by auditors working for and within an organization.

**Internal control framework.** An integrated set of policies and procedures designed to assist management to achieve its goals and objectives. To be truly comprehensive, a government's internal control framework must (a) provide a favorable control environment, (b) provide for the continuing assessment of risk, (c) must provide for the design, implementation, and maintenance of effective control-related policies and procedures, (d) must provide for the effective communication of information, and (e) must provide for the ongoing monitoring of the effectiveness of control-related policies and procedures as well as the resolution of potential problems identified by controls.

**Internal financial reporting.** Financial reporting specifically designed to meet the needs of management.

**Internal service funds.** Proprietary fund type that may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis. [SGAS 34]

**Introductory section.** The first of three essential components of any comprehensive annual financial report. The introductory section typically provides general information on a government's structure and personnel as well as information useful in assessing the government's financial condition. The contents of the introductory section normally fall outside the scope of the independent audit of the financial statements.

**Investing activities.** Term used in connection with cash flows reporting. Investing activities include making and collecting loans (except program loans) and acquiring and disposing of debt or equity instruments. [SGAS 9]

**Investment in capital assets, net of related debt.** One of three components of net assets that must be reported in both government-wide and proprietary fund financial statements. Related debt, for this purpose, includes the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of capital assets of the government.

**Investment section.** One of the sections of a comprehensive annual financial report for an investment pool or public employee retirement system.

**Investment trust funds.** Fiduciary fund type used to report governmental external investment pools in separately issued reports and the external portion of these same pools when reported by the sponsoring government. [SGAS 34]

**Invitation to comment.** A due-process document that may be released by the GASB to solicit the views of interested parties on a topic under study by the board prior to the release of an exposure draft.

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Joint venture.** A legal entity or other organization that results from a contractual arrangement and that is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility. Generally, the purpose of a joint venture is to pool resources and share the costs, risks, and rewards of providing goods or services to the joint venture participants directly, or for the benefit of the public or specific service recipients. [SGAS 14]

**Jointly governed organization.** A regional government or other multi-governmental arrangement that is governed by representatives from each of the governments that creates the organization, but that is not a joint venture because the participants do not retain an ongoing financial interest or responsibility. [SGAS 14]

**Landfill closure and postclosure care costs.** Costs incurred to provide for the protection of the environment that occur near or after the date that a municipal solid-waste landfill stops accepting solid waste and during the postclosure period. Closure and postclosure care costs include the cost of equipment and facilities (e.g., leachate collection systems and final cover) as well as the cost of services (e.g., postclosure maintenance and monitoring costs). [SGAS 18] \_\_\_\_\_ 635

**Lapse period.** A specified time at the beginning of a given budget period during which encumbrances outstanding at the end of the prior budget period may be liquidated using the prior year's budgetary authority. Many governments avoid the use of a lapse period by automatically appropriating as part of each new budget an amount sufficient to cover encumbrances outstanding at the end of the prior budget period.

**Legal debt margin.** The excess of the amount of debt legally authorized over the amount of debt outstanding.

**Legal defeasance.** A situation that occurs when debt is legally satisfied based on certain provisions in the debt instrument even though the debt is not actually paid. When debt is defeased, it is no longer reported as a liability on the face of the statement of position; only the new debt, if any, is reported as a liability. [SGAS 7]

**Legal level of budgetary control.** The level at which a government's management may not reallocate resources without special approval from the legislative body.

**Lent securities.** The securities lent by the lender to the borrower in a securities lending transaction. Also referred to as *underlying securities*. [SGAS 28]

**Level (1-4) guidance.** In the context of the hierarchy of GAAP for state and local governments, a reference to the relative authority of a given source of GAAP guidance.

**Level of effort requirements.** A requirement that a grant recipient not use grant resources to reduce its own participation in a given program or activity.

**Lien date.** For property (ad valorem) taxes, the date when an enforceable legal claim to taxable property arises. Generally the lien date is specified in the relevant enabling legislation. Many governments use the term *lien date* even though a lien is not formally placed on the property at that date. Alternatively, the term *assessment date* is used to describe this same date. [SGAS 33]

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Loan premium or fee.** Term used in connection with securities lending arrangements. Payments from the borrower to the lender as compensation for the use of the underlying securities when the borrower provides securities or letters of credit as collateral. [SGAS 28]

**Major fund.** A governmental fund or enterprise fund reported as a separate column in the basic fund financial statements. The general fund is always a major fund. Otherwise, major funds are funds whose revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) are at least 10 percent of corresponding totals for all governmental or enterprise funds and at least 5 percent of the aggregate amount for all governmental and enterprise funds for the same item. Any other government or enterprise fund may be reported as a major fund if the government's officials believe that fund is particularly important to financial statement users. [SGAS 34]

**Major program.** Term used in the context of Single Audits. As part of the Single Audit, the independent auditor must gain an understanding of internal controls over compliance for each major federal award program and then test those controls. In addition, the independent auditor must render an opinion on whether the government complied with laws, regulations, and provisions of contracts or grant agreements that could have a direct and material effect on each major federal award program.

**Management letter.** A term used in connection with the independent audit of the financial statements. A formal communication by the auditor to management that focuses on internal control weaknesses discovered in the course of the audit of the financial statements. A management letter typically would be redundant in an audit conducted in accordance with GAGAS, which require that the independent auditor publish internal control weaknesses and instances of noncompliance in conjunction with a formal report on internal controls and compliance. The management letter, as just described, should be distinguished from the management *representation* letter. The latter is a communication by management to the independent auditor in which management takes formal responsibility for the fair presentation of the financial statements and makes certain specific representations regarding their contents.

**Management's discussion and analysis.** A component of required supplementary information used to introduce the basic financial statements and provide an analytical overview of the government's financial activities. [SGAS 34]

**Matching requirement.** A requirement that a grant recipient contributes resources to a program that equal or exceed a predetermined percentage of amounts provided by the grantor.

**Materials and supplies.** A category of expenditures, which includes goods or services that are consumed in achieving cost center objectives.

**Material weakness.** A reportable condition (internal control weakness) of such magnitude that it could potentially result in a material misstatement of the financial statements.

**Materiality.** The magnitude of an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would have been changed or influenced by the omission or misstatement. The objective of accountability in governmental financial reporting adds another perspective to materiality. Specifically, accountability requires materiality to be judged not only in a quantitative manner, but also in a qualitative manner. That is, accountability involves such issues as legal and contractual compliance that may not have a "material" effect on the entity's reported operating results and financial position but that

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

would influence or change the judgment of a reasonable person about how the government has conducted its affairs during the period. [SGAS 11]

**Matrix pricing.** A method of estimating the fair value of a security when it is thinly traded or when quoted market prices are not available. Matrix pricing estimates a security's fair value by considering coupon interest rates, maturity, credit rating, and market indexes as they relate to the security being valued and to similar issues for which quoted prices are available. [SGAS 31, Q&A] \_ 637; FASB Concepts Statement No. 2, *Qualitative Characteristics of Accounting Information*, paragraphs 123-132.

**Maturities.** The dates on which the principal or stated values of investments or debt obligations mature and may be reclaimed.

**Measurement focus.** The objective of a measurement, that is, what is being expressed in reporting an entity's financial performance and position. A particular measurement focus is accomplished by considering not only which resources are measured (for example, financial or economic resources), but also when the effects of transactions or events involving those resources are recognized (the basis of accounting). The measurement focus of government-wide financial statements, proprietary fund financial statements, and fiduciary fund financial statements is economic resources. The measurement focus of governmental fund financial statements is current financial resources.

**Modified accrual basis of accounting.** Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmaturing interest on general long-term debt and certain similar accrued obligations, which should be recognized when due. [NCGA Statement 1]

**Modified approach.** The election *not* to depreciate infrastructure assets that are part of a network or subsystem of a network that meet two specific requirements. First, the government manages the eligible infrastructure assets using an asset management system that has certain specified characteristics; second, the government documents that the eligible infrastructure assets are being preserved approximately at (or above) a condition level established and disclosed by the government. [SGAS 34]

**Money market investment.** A short-term, highly liquid debt instrument, including commercial paper, banker's acceptances, and U.S. Treasury and agency obligations. Asset-backed securities, derivatives, and structured notes are not included in this term. [SGAS 31]

**Multi-purpose grants.** Term used in connection with the identification of program revenues. Grants intended to finance activities reported in different functional categories in the government-wide statement of activities. Multipurpose grants that do not provide for specific identification of the programs and amounts should be reported as general revenues. [SGAS 34]

**Municipal Finance Officers Association.** Original name of the Government Finance Officers Association of the United States and Canada.

**Municipal solid-waste landfill.** A discrete area of land or an excavation that receives household waste, and that is not a land application unit, surface impoundment, injection well, or waste pile, as those terms are defined in regulations of the Environmental Protection Agency. It may also receive other types of Resource Conservation and Recovery Act Subtitle D wastes, such as commercial solid waste, non-hazardous sludge, and industrial solid waste. The term *municipal* indicates the primary type of solid

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

waste received by the landfill, not its ownership. [SGAS 18]

**National Advisory Council on State and Local Budgeting (NACSLB).** A working group created by eight public-sector organizations to establish a comprehensive framework for public-sector budgeting that could be used by state and local governments as an ideal against which to measure and improve the quality of their own budget practices. The Government Finance Officers Association has formally recommended the NACSLB's guidelines to its members.

**National Committee on Municipal Accounting (NCMA).** A committee of the Municipal Finance Officers Association that served as the authoritative accounting and financial reporting standard-setting body for local governments prior to 1946. The NCMA was one of the predecessors of the GASB.

**National Committee on Governmental Accounting.** A committee of the Municipal Finance Officers Association that served as the authoritative accounting and financial reporting standard-setting body for local governments from the late 1940s until the establishment of the National Council on Governmental Accounting in the 1970s.

**National Council on Governmental Accounting (NCGA).** The immediate predecessor of the GASB as the authoritative accounting and financial reporting standard-setting body for state and local governments. The NCGA issued 7 statements and 11 interpretations prior to its dissolution in June 1984. These statements and interpretations remain effective unless superseded by a subsequent GASB pronouncement.

**Negotiable certificates of deposit.** Transferable certificates of deposit. Because they are transferable, negotiable certificates of deposit are subject to custodial credit risk.

**Net cost.** Term used in the context of the government-wide statement of activities. The difference between functional expenses and program revenues.

**Net cost in tax dollars.** A calculation of the property tax rate per 1000 of assessed valuation that would be necessary to support a program, function, or cost center. The actual property tax impact of each activity is less than this calculation, as it is offset by other general revenues of the City, such as sales tax, state aid, etc.

**Net general obligation debt.** General obligation debt reduced by amounts being paid with other than general resources (e.g., general obligation debt associated with proprietary funds and special assessment debt), as well as amounts available in sinking funds for debt repayment.

**Net pension obligation.** Term used in connection with defined benefit pension plans. The cumulative difference between annual pension cost and the employer's contributions to the plan, including the pension liability (asset) at transition to SGAS 27, and excluding (a) short-term differences and (b) unpaid contributions that have been converted to pension-related debt. [SGAS 27]

**No-commitment special assessment debt.** Special assessment debt that is secured solely by liens on assessed properties and resources provided from bond proceeds and is not backed by both the full faith and credit of the government or by any other type of general government commitment.

**Non-capital financing activities.** Term used in connection with cash flows reporting. Non-capital

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

financing activities include borrowing money for purposes other than to acquire, construct, or improve capital assets and repaying those amounts borrowed, including interest. This category includes proceeds from all borrowings (such as revenue anticipation notes) not clearly attributable to acquisition, construction, or improvement of capital assets, regardless of the form of the borrowing. Also included are certain other interfund and intergovernmental receipts and payments. [SGAS9]\_\_ 639

**Non-exchange transactions.** A transaction in which a government (including the federal government, as a provider) either gives value (benefit) to another party without directly receiving equal value in exchange or receives value (benefit) from another party without directly giving equal value in exchange. [SGAS 33]

**Non-financial assets.** A term used in connection with the current financial resources measurement focus and the modified accrual basis of accounting. Assets that are expected to be used in the provision of goods or services rather than converted to cash. Preparers of financial statements have the option of treating prepaid items and inventories of supplies as either a financial asset (consumption method) or as a non-financial asset (purchases method).

**Non-operating revenues and expenses.** A term used in connection with the proprietary fund statement of revenues, expenses, and changes in net assets. Revenues and expenses not qualifying as operating items, which typically include interest revenue and expense, taxes, and grants that are not equivalent to contracts for services.

**Nonparticipating interest-earning investment contracts.** Investment contracts whose value is not affected by market (interest rate) changes (e.g., nonnegotiable certificates of deposit with redemption terms that do not consider market rates). This definition excludes investment contracts that are negotiable or transferable, or whose redemption value considers market rates. [SGAS 31]

**Nonreciprocal interfund activity.** The internal counterpart to non-exchange transactions. This category includes both interfund transfers and interfund reimbursements. [SGAS 34]

**Non-spendable Fund Balance.** Consists of assets that are inherently non-spendable in the current period either because of their form or because they must be maintained intact, including prepaid items, inventories, long term portions of loans receivable, financial assets held for resale, and principal of endowments.

**Normal costing.** Term used in connection with the valuation of capital assets. Estimate of historical cost based on current cost of reproduction new indexed by a reciprocal factor of the price increase of a specific item or classification from the appraisal date to the estimated date of acquisition. That is, the historical cost of an asset is estimated by taking the value of acquiring the asset new today and then discounting that amount by an appropriate inflation factor back to the date of acquisition.

**Normally.** Term used in connection with the application of the modified accrual basis of accounting to certain long-term liabilities. Specifically, certain accrued liabilities are recognized as expenditures in governmental funds only when they are *normally* expected to be liquidated with current available financial resources (e.g., compensated absences, claims and judgments, special termination benefits, landfill closure and postclosure care costs). For this purpose, the term *normally* should be interpreted from the perspective of the practice of state and local governments generally.

**Number of funds principle.** The principle that only the minimum number of funds consistent with

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

legal and operating requirements should be established, since unnecessary funds result in inflexibility, undue complexity, and inefficient financial administration. [NCGA Statement 1]

**Object.** A term used in connection with the classification of expenditures. The article purchased or the service obtained, rather than the purpose for which the article or service was purchased or obtained (e.g., *personal services, contractual services, materials and supplies*).

**Obligated in some manner.** Term used in connection with special assessment debt and the determination of the financial reporting entity. A government is obligated in some manner for debt if (a) it is legally obligated to assume all or part of the debt in the event of default or (b) the government may take certain actions to assume secondary liability for all or part of the debt—and the government takes, or has given indications that it will take, those actions. Stated differently, the phrase *obligated in some manner* is intended to include all situations *other than* those in which (a) the government is *prohibited* (by constitution, charter, statute, ordinance, or contract) from assuming the debt in the event of default or (b) the government is not legally liable for assuming the debt and makes no statement, or gives no indication, that it will, or may, honor the debt in the event of default. [SGAS6]

**Office of Management and Budget (OMB).** An agency of the federal government with regulatory oversight of Single Audits. In fulfillment of this responsibility the OMB has issued Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

**On-behalf payments of fringe benefits and salaries.** Direct payments made by one entity (the paying entity or paying government) to a third-party recipient for the employees of another legally separate entity (the employer entity or employer government). They include payments made by governmental entities on behalf of nongovernmental entities and payments made by nongovernmental entities on behalf of governmental entities, and may be made for volunteers as well as for paid employees of the employer entity. [SGAS 24]

**Open amortization period.** Term used in connection with defined benefit pension plans. An open amortization period (open basis) is one that begins again or is recalculated at each actuarial valuation date. Within a maximum number of years specified by law or policy (for example, 30 years), the period may increase, decrease, or remain stable. [SGAS 25]

**Open-end mutual funds.** An open-end mutual fund is one that continuously offers its shares for sale to the public, compared with a closed-end company, which may issue only a limited number of shares. Mutual funds generally do not issue share certificates; instead, they send out periodic statements showing deposits, withdrawals, and dividends credited to the investor's account. [SGAS 3]

**Operating activities.** Term used in connection with cash flows reporting. Operating activities generally result from providing services and producing and delivering goods, and include all transactions and other events that are not defined as capital and related financing, non-capital financing, or investing activities. [SGAS 9]

**Operating budget.** A plan of financial operation, embodying an estimate of proposed expenditures for the calendar year and the proposed means of financing them (revenue estimates).

**Operating revenues and expenses.** Term used in connection with the proprietary fund statement of revenues, expenses, and changes in net assets. The term is not defined as such in the authoritative

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

accounting and financial reporting standards, although financial statement preparers are advised to consider the definition of *operating activities* for cash flows reporting in establishing their own definition. [SGAS 34]

**Operational accountability.** Governments' responsibility to report the extent to which they have met their operating objectives efficiently and effectively, using all resources available for that purpose, and whether they can continue to meet their objectives for the foreseeable future. [SGAS 34]

**Option-adjusted spread models.** A method of estimating the fair value of an option when it is thinly traded or when quoted market prices are not available. Such models measure the spread provided from a security that is an option or includes an option. Using a benchmarked yield curve, separate cash flows are discounted according to their maturity. The result is a spread when compared to yields for risk-free investments. [SGAS 31, Q&A]

**Option contract.** A contract giving the buyer (owner) the right, but not the obligation, to purchase from (call option) or sell to (put option) the seller (writer) of the contract a fixed number of items (such as shares of equity securities) at a fixed or determinable "strike" price on a given date or at any time on or before a given date. [SGAS 31]

**Option-pricing models.** A method of estimating the fair value of an option when it is thinly traded or when quoted market prices are not available. Under one such model (i.e., the Black-Scholes model) consideration is given to a security's return, the risk-free interest rate, the time remaining until the option expires, and the relationship of the underlying security's price to the strike price of the option. [SGAS 31, Q&A]

**Original budget.** The first complete appropriated budget. The original budget may be adjusted by reserves, transfers, allocations, supplemental appropriations, and other legally authorized legislative and executive changes before the beginning of the fiscal year. The original budget should also include actual appropriation amounts automatically carried over from prior years by law. For example, a legal provision may require the automatic rolling forward of appropriations to cover prior-year encumbrances. [SGAS 34]

**Other financing source.** An increase in current financial resources that is reported separately from revenues to avoid distorting revenue trends. The use of the *other financing sources* category is limited to items so classified by GAAP.

**Other financing use.** A decrease in current financial resources that is reported separately from expenditures to avoid distorting expenditure trends. The use of the *other financing uses* category is limited to items so classified by GAAP.

**Other post-employment benefits (OPEB).** Post-employment benefits provided by an employer to plan participants, beneficiaries, and covered dependents through a plan or other arrangement that is separate from a plan to provide retirement income. OPEB also include post-employment health care benefits provided through a public employee retirement system or pension plan. In addition to post-employment health care benefits (such as illness, dental, vision, and hearing), OPEB may include, for example, life insurance, disability income, tuition assistance, legal services, and other assistance programs. [SGAS 12]

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Other sources of GAAP.** Potential sources of accounting and financial reporting guidance that may be used in the absence of authoritative guidance on one of the four levels of the hierarchy of GAAP for state and local governments set forth in SAS No. 69, *The Meaning of “Present Fairly in Conformity with Generally Accepted Accounting Principles” in the Independent Auditor’s Report*. Examples of other sources of GAAP for state and local governments include concepts statements of the GASB, pronouncements of the FASB that are not authoritative for government, professional publications, textbooks, and position papers of professional organizations. GASB Concepts Statements take precedence as an other source of GAAP.

**Outcome measures.** Term used in connection with service efforts and accomplishments reporting. Indicators that measure accomplishments or results that occur (at least partially) because of services provided. Results also include measures of public perceptions of outcomes. [SGAC 2]

**Output measures.** Term used in connection with service efforts and accomplishments reporting. Indicators that measure the quantity of services provided. Output measures include both measures of the *quantity of service provided* and measures of the *quantity of a service provided that meets a certain quality requirement*. [SGAC 2]

**Overlapping debt.** Proportionate share that property within a government must bear of the debts of other local governments located wholly or in part within the geographic boundaries of the reporting government. Except for special assessment debt, the amount of debt of each unit applicable to the reporting unit is arrived at by (1) determining what percentage of the total assessed value of the overlapping jurisdiction lies within the limits of the reporting unit, and (2) applying this percentage to the total debt of the overlapping jurisdiction. Special assessment debt is allocated on the basis of the ratio of assessments receivable in each jurisdiction, which will be used wholly or in part to pay off the debt, to total assessments receivable, which will be used wholly or in part for this purpose.

**Overlapping governments.** All local governments located wholly or in part within the geographic boundaries of the reporting government.

**Participating interest-earning investment contracts.** Interest-earning investment contracts whose value is affected by market (interest rate) changes (e.g., contracts that are negotiable or transferable, or whose redemption value considers market rates). [SGAS 31]

**Passenger facilities charges (PFCs).** A fixed fee authorized by the Federal Aviation Administration that airports may impose on each departing passenger for use in eligible construction projects or for related debt service. This charge is collected by whoever sells the ticket and then remitted to the airport.

**Pass-through grants.** Grants and other financial assistance received by a governmental entity to transfer to or spend on behalf of a secondary recipient. [SGAS 24] \_\_ 643

**Payment in lieu of taxes.** A payment that a property owner not subject to taxation makes to a government to compensate it for services that the property owner receives that normally are financed through property taxes.

**Pension (and other employee benefit) trust funds.** A fiduciary fund type used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other post-employment benefit plans, or other employee benefit plans. [SGAS 34]

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Pension cost.** A measure of the periodic cost of an employer's participation in a defined benefit pension plan. [SGAS 27]

**Pension obligation bonds.** Bonds issued by employers to finance one or more elements of their pension obligation to employees. Pension obligation bonds may be used, for example, to provide funds for one or more of the following purposes: to reduce or eliminate the employer's net pension obligation, to pay the employer's annual required contribution for the year, or to reduce or eliminate the plan's unfunded actuarial accrued liability.

**Pension plan.** An arrangement for the provision of pension benefits in which all assets accumulated for the payment of benefits may legally be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of the plan. [SGAS 25]

**Pension-related debt.** All long-term liabilities of an employer to a pension plan, the payment of which is not included in the annual required contributions of a sole or agent employer or the actuarially determined required contributions of a cost-sharing employer. Payments generally are made in accordance with installment contracts that usually include interest. Examples include contractually deferred contributions and amounts assessed to an employer upon joining a multiple-employer plan. [SGAS 27]

**Pension trend data.** Actuarially based data over time concerning the funding progress of a defined benefit pension plan and employers' actual and annual required contributions to the plan.

**Percentage (%) of costs covered.** The percentage of total expenditures that is covered by total revenues.

**Percentage (%) of total net cost.** The percentage attributable to the entire cost of a program, function, or cost center after deducting all revenues generated by it, which must be supported by the general revenues of the City.

**Performance auditing.** Auditing designed to evaluate the effectiveness or efficiency of an organization, program, or activity.

**Performance measurement.** Commonly used term for service efforts and accomplishments reporting.

**Permanent funds.** A fiduciary fund type used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs—that is, for the benefit of the government or its citizenry.

**Perspective differences.** Differences between the budgetary basis of accounting and GAAP that result when the structure of financial information used for GAAP financial reporting differs from the structure of financial information used for budgetary purposes. [NCGA Interpretation 10]

**Policyholder dividends.** Term used in connection with public-entity risk pools. Payments made or credits extended to the insured by the insurer, usually at the end of a policy year, which result in reducing the net insurance cost to the policyholder. These dividends may be paid in cash to the insured or applied by the insured to reduce premiums due for the next policy year. [SGAS 10]

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Popular annual financial reporting.** Supplementary financial reporting designed to meet the special needs of interested parties who are either unable or unwilling to use the more detailed financial information provided in traditional comprehensive annual financial reports.

**Popular Annual Financial Reporting Award.** An awards program sponsored by the Government Finance Officers Association with the objective of encouraging and assisting governments to prepare and publish high quality popular annual financial reports.

**Post-employment healthcare benefits.** Medical, dental, vision, and other health-related benefits provided to terminated employees, retired employees, dependents, and beneficiaries. [SGAS 26]

**Potentially misleading to exclude.** Term used in connection with defining the financial reporting entity. Basis for including a legally separate entity within the financial reporting entity even though that separate entity does not meet either of the normal criteria for inclusion as a component unit (i.e., board appointment or fiscal dependency).

**Preliminary project stage.** Term used in connection with computer software developed or obtained for internal use. Costs incurred prior to the development stage of computer software (e.g., the conceptual formulation of alternatives, the evaluation of alternatives, the determination of the existence of needed technology, and the final selection of alternatives).

**Preliminary views.** A due-process document issued by the GASB soliciting comments from interested parties on a proposed authoritative pronouncement prior to the issuance of an exposure draft.

**Premium deficiency.** Term used in connection with public-entity risk pools. A situation that occurs if the sum of expected claims costs (including incurred but not reported claims) and all expected claim adjustment expenses, expected dividends to policyholders or pool participants, and un-amortized acquisition costs exceeds related unearned premiums. [SGAS 30]

**Primary government.** Term used in connection with defining the financial reporting entity. A state government or general purpose local government. Also, a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. The primary government is the focus of the financial reporting entity. [SGAS 14]

**Primary users of general-purpose external financial reports.** Those groups of financial statement users whose needs guide the development of GAAP. For state and local governments, the primary users of general-purpose external financial reports are (a) those to whom government is primarily accountable (the citizenry), (b) those who directly represent the citizens (legislative and oversight bodies), and (c) those who lend or who participate in the lending process (investors and creditors). [SGAC 1]\_ 645

**Private-purpose trust funds.** A fiduciary trust fund type used to report all trust arrangements, other than those properly reported in pension trust funds or investment trust funds, under which principal and income benefit individuals, private organizations, or other governments. [SGAS 34]

**Program.** Group activities, operations or organizational units directed to attaining specific purposes or objectives.

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Program loan.** Term used in connection with cash flows reporting. A loan made and collected as part of a governmental program that provides a *direct* benefit to *individual* constituents. [SGAS 9, Q&A]

**Program revenue.** Term used in connection with the government-wide statement of activities. Revenues that derive directly from the program itself or from parties outside the reporting government's taxpayers or citizenry, as a whole; they reduce the net cost of the function to be financed from the government's general revenues. [SGAS 34]

**Projected unit credit actuarial cost method.** A method under which the projected benefits of each individual included in an actuarial valuation is allocated by a consistent formula to valuation years. The actuarial present value of benefits allocated to a valuation year is called the normal cost. The actuarial present value of benefits allocated to all periods prior to a valuation year is called the actuarial accrued liability.

**Proprietary funds.** Funds that focus on the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. There are two different types of proprietary funds: enterprise funds and internal service funds.

**Public employee retirement system (PERS).** A state or local governmental entity entrusted with administering one or more pension plans; it also may administer other types of employee benefit plans, including post-employment healthcare plans and deferred compensation plans. A public employee retirement system also may be an employer that provides or participates in a pension plan or other types of employee benefit plans for employees of the system. [SGAS 25]

**Public-entity risk pool.** A cooperative group of governmental entities joining together to finance an exposure, liability, or risk. Risk may include property and liability, workers' compensation, or employee health care. A pool may be a stand-alone entity or included as part of a larger governmental entity that acts as the pool's sponsor. [SGAS 10]

**Public safety.** This program provides the surveillance, prevention and protection system necessary to ensure public safety from dangers, which include crime, traffic violations, fire and hazardous conditions, disasters, uncontrolled animals, and medical emergencies.

**Pure cash conduit.** Term used in connection with pass-through grants. A grantor that merely transmits grantor-supplied moneys without having administrative or direct financial involvement in the program. [SGAS 24]

**Purpose restrictions.** Term used in connection with government-mandated and voluntary non-exchange transactions. Legal limitations that specify the purpose or purposes for which resources are required to be used. [SGAS 33]

**Put option.** An option contract giving the buyer (owner) the right, but not the obligation, to sell to the writer of the contract a fixed number of items (such as shares of equity securities) at a fixed or determinable "strike" price on a given date or at any time on or before a given date. [SGAS 31]

**Qualified opinion.** Term used in connection with financial auditing. A modification of the independent auditor's report on the fair presentation of the financial statements indicating that there exists one or more specific exceptions to the auditor's general assertion that the financial statements are fairly

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

presented.

**Questioned cost.** Term used in connection with Single Audits. A determination by the independent auditor that an expenditure under a federal grant does not meet all of the grantor's requirements and therefore may be subject to refund to the grantor.

**Realized gains and losses.** The cumulative effect of appreciation and depreciation in the value of investments reported at fair value at the time those investments are sold.

**Reappropriation.** The inclusion of a balance from the prior year's budget as part of the budget of the subsequent fiscal year. Reappropriation is common for encumbrances outstanding at the end of a fiscal year that a government intends to honor in the subsequent fiscal year.

**Reasonable assurance.** A term used in connection with financial auditing. The principle that the goal of the independent audit of the financial statements is to ensure that financial statements are free from *material* misstatement. The principle of reasonable assurance rests upon the assumption that it is not cost beneficial to attempt to ensure that financial statements are free of immaterial misstatements.

**Rebatable arbitrage.** A term used in connection with the reinvestment of the proceeds of tax-exempt debt. A requirement to remit to the federal government interest revenue in excess of interest costs when the proceeds from the sale of tax-exempt securities are reinvested in a taxable money market instrument with a materially higher yield.

**Reciprocal interfund activity.** The interfund counterpart to exchange and exchange-like transactions. This category includes both interfund loans and interfund services provided and used. [SGAS 34]

**Refunding.** The issuance of new debt whose proceeds are used to repay previously issued debt. The proceeds may be used immediately for this purpose (a current refunding), or they may be placed with an escrow agent and invested until they are used to pay principal and interest on the old debt at a future time (an advance refunding). [SGAS 23]

**Regulated enterprises.** Enterprises for which (a) rates for regulated services or products are either established by, or subject to approval by an independent, third-party regulator (or the governing board itself if it is empowered by statute or contract to establish rates that bind customers), (b) the regulated rates are designed to recover the specific enterprise's costs of providing regulated services or products, and (c) it is reasonable to assume that the regulated activity can set and collect charges sufficient to recover its costs. Regulated enterprises have the *option* of adopting certain specialized guidance issued by the FASB. In practice, the term "regulated enterprise" normally is applied only to enterprises that elect this option. \_\_ 647

**Reimbursement grant.** A grant for which a potential recipient must first incur qualifying expenditures to be eligible. Reimbursement grants are also referred to as *expenditure-driven grants*.

**Reinsurance.** A transaction in which an assuming enterprise (reinsurer), for a consideration (premium), assumes all or part of a risk undertaken originally by another insurer (ceding enterprise). However, the legal rights of the insured are not affected by the reinsurance transaction, and the ceding enterprise issuing the original insurance contract remains liable to the insured for payment of policy benefits. [SGAS 10]

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Related organization.** Term used in connection with defining the financial reporting entity. An organization for which a primary government is accountable because that government appoints a voting majority of the board, but is not *financially* accountable. [SGAS 14]

**Related party transaction.** A transaction that an informed observer might reasonably believe reflects considerations other than economic self interest based upon the relationship that exists between the parties to the transaction. The term often is used in contrast to an *arm's-length transaction*.

**Relative order of liquidity.** An order for presenting assets and liabilities on the statement of net assets based upon how readily they may be converted to cash or will require the use of cash. [SGAS 34]

**Relevance.** The principle that there should be a close logical relationship between the financial information provided and the purpose for which it is needed. Information is relevant if it is capable of making a difference in a user's assessment of a problem, condition, or event. [SGAC 1]

**Reliability.** The principle that financial information should be verifiable, free from bias, and faithfully represent what it purports to represent. [SGAC 1]

**Reportable condition.** Term used in connection with financial auditing. A significant deficiency in internal controls discovered in the course of the financial statement audit that must be communicated by the independent auditor to the entity's audit committee or its equivalent.

**Reporting package.** Term used in connection with Single Audits. A package that the independent auditor must communicate to the Federal Audit Clearing House that includes (a) the government's financial statements, (b) the government's supplementary schedule of expenditures of federal awards, (c) the auditor's reports, (d) a summary schedule of prior audit findings, and (e) a corrective action plan. The reporting package must be accompanied by a special data collection form that summarizes the information contained in the reporting package.

**Repurchase agreement.** A transaction in which the governmental entity (buyer-lender) transfers cash to a broker-dealer or financial institution (seller-borrower); the broker-dealer or financial institution transfers securities to the governmental entity and promises to repay the cash plus interest in exchange for the return of the same securities. [SGAS 3]

**Required supplementary information.** Statements, schedules, statistical data, or other information that the GASB has determined to be necessary to supplement, although not required to be a part of, the basic statements. [SGAS 5]

**Restricted assets.** Assets whose use is subject to constraints that are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation. [SGAS 34]

**Restricted Fund Balance.** Consists of amounts that are subject to externally enforceable legal purpose restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments: or through constitutional provisions or enabling legislation.

**Restricted net assets.** A component of net assets calculated by reducing the carrying value of restricted assets by the amount of any related debt outstanding.

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Retrospectively (experience) rated policy.** Term used in connection with public-entity risk pools. An insurance policy for which the final amount of the premium is determined by adjusting the initial premium based on actual experience during the period of coverage (sometimes subject to maximum and minimum limits). A retrospectively rated policy is designed to encourage safety by the insured and to compensate the insurer if larger than expected losses are incurred. [SGAS 10]

**Revenue and claims development trend data.** Required supplementary information mandated by the GASB for public-entity risk pools.

**Revenue anticipation note.** Short-term, interest-bearing note issued by a government in anticipation of revenues to be received at a later date. The note is retired from the revenues to which it is related.

**Reverse repurchase agreement.** An agreement in which a broker-dealer or financial institution (buyer-lender) transfers cash to a governmental entity (seller-borrower); the entity transfers securities to the broker-dealer or financial institution and promises to repay the cash plus interest in exchange for the same securities or for different securities. [SGAS 3]

**Risk.** The uncertainty of loss, chance of loss, or variance of actual from expected results. Also, the subject of an insurance contract (i.e., insured property). The City assumes liability for most risk including, but not limited to, property damage and personal injury liability.

**Risk retention.** A term describing the retention by an entity of a risk of loss, arising out of the ownership of property or from some other cause, instead of transferring that risk to an independent third party through the purchase of an insurance policy. The City sets aside assets to fund any related losses.

**Risk-sharing pools.** One of four different types of public-entity risk pool. An arrangement by which governments pool risks and funds and share in the cost of losses. [SGAS 10]

**Salary and wages.** A category of expenditures, which includes the compensation paid to all full-time, part-time, or seasonal employees. This category also includes payments for vacation and sick leave.

**Salary-related payments.** Term used in connection with compensated absences. Payments by an employer that are directly and incrementally associated with payments made for compensated absences on termination. Such salary-related payments include the employer's share of social security and Medicare taxes and also might include, for example, the employer's contributions to pension plans. [SGAS 16]

**Schedule of employer contributions.** Term used in connection with defined benefit pension plans. Trend data on employers' annual required contribution to a pension plan and actual contributions.

**Schedule of funding progress.** Term used in connection with defined benefit pension plans. Trend data on the relationship between the actuarial values of pension plan assets and the related actuarial accrued liabilities. \_\_ 649

**SEC 2a7-like pools.** An external investment pool that is not registered with the Securities and Exchange Commission (SEC) as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940 (17Code of Federal Regulations §270.2a-7). Rule 2a7 allows SEC-registered mutual funds to use

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

amortized cost rather than market value to report net assets to compute share prices if certain conditions are met. Those conditions include restrictions on the types of investments held, restrictions on the term-to-maturity of individual investments and the dollar-weighted average of the portfolio, requirements for portfolio diversification, requirements for divestiture considerations in the event of security downgrades and defaults, and required actions if the market value of the portfolio deviates from amortized cost by a specified amount. [SGAS 31]

**Securities lending transactions.** Transactions in which governmental entities transfer their securities to broker-dealers and other entities for collateral—which may be cash, securities, or letters of credit—and simultaneously agree to return the collateral for the same securities in the future. [SGAS 28]

**Segment.** An identifiable activity (or grouping of activities) required to be accounted for separately which is reported as or within an enterprise fund or another stand-alone entity for which one or more revenue bonds or other revenue-backed debt instruments (such as certificates of participation) are outstanding. A segment has a specific identifiable revenue stream pledged in support of revenue bonds or other revenue-backed debt and has related expenses, gains and losses, assets, and liabilities that can be identified. [SGAS 34]

**Segregation of incompatible duties.** Term used in connection with the evaluation of internal control. The principle that no single employee should be placed in a position that allows that employee both to commit and conceal an irregularity in the ordinary course of the employee's duties.

**Service efforts and accomplishments reporting.** Term used by the GASB to describe the presentation of performance measures in connection with general purpose external financial reporting.

**Single Audit.** An audit performed in accordance with the Single Audit Act of 1984 (as amended) and Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. The Single Audit Act allows or requires governments (depending on the amount of federal assistance received) to have one audit performed to meet the needs of all federal grantor agencies.

**Single Audit Act of 1984.** Federal legislation that provides for state and local government recipients of federal financial awards to have one audit performed to meet the needs of all federal grantor agencies. The Single Audit Act was amended in 1996.

**Single-program governments.** Term used in connection with financial reporting. A government that budgets, manages, and accounts for its activities as a single program. Single-program governments that use only governmental funds have the option to combine their fund financial statements and their government-wide financial statements into a single, combining presentation.

**Solvency test.** Term used in connection with pension plan financial reporting. Comparison of a pension plan's present assets to the aggregate accrued liabilities classified into the following categories: (a) liability for active member contributions on deposit, (b) liability for future benefits to present retired lives, and (c) liability for service already rendered by active members. In preparing this schedule, valuation assets are arbitrarily allocated first to the liability for active member contributions on deposit, second to the liability for future benefits to present retired lives, and third to the liability for service already rendered by active members, regardless of the method used for asset allocation.

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Special assessment.** A compulsory levy made against certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit primarily those properties.

**Special funding situations.** Term used in connection with pensions. A situation in which a governmental entity is legally responsible for contributions to pension plans that cover the employees of another governmental entity or entities. For example, a state government may be legally responsible for the annual “employer” contributions to a pension plan that covers employees of school districts within the state. [SGAS 27]

**Special items.** Significant transactions or other events within the control of management that are either unusual in nature or infrequent in occurrence. [SGAS 34]

**Special revenue fund.** A governmental fund type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes. [NCGA Statement 1]

**Special termination benefits.** Benefits offered for a short period of time to employees in connection with their termination of employment. Special termination benefits serve as an inducement to take early retirement, and often are used to help alleviate near-term budgetary problems.

**Standard costing.** Method of estimating the historical cost of a capital asset by establishing the average cost of obtaining the same or a similar asset at the time of acquisition.

**State equalization rate.** The ratio between assessed value and market value as determined by the State Board of Equalization.

**Statistical section.** The third of three essential components of any comprehensive annual financial report. The statistical section provides a broad range of trend data covering key financial indicators from the past 10 fiscal years (e.g., general government revenues and expenditures, property tax collections, debt burden). It also contains demographic and miscellaneous data useful in assessing a government’s financial condition. The contents of the statistical section normally fall outside the scope of the independent audit of the financial statements.

**Stock rights.** Rights given to existing stockholders to purchase newly issued shares in proportion to their holdings at a specific date. [SGAS 31] \_ 651

**Stock warrants.** Certificates entitling the holder to acquire shares of stock at a certain price within a stated period. Warrants often are made part of the issuance of bonds or preferred or common stock. [SGAS 31]

**Street or nominee name.** Securities that are issued in or endorsed to the name of a securities depository, broker-dealer, or other financial services company, on behalf of the true beneficial owners of the securities. [SGAS 3, Q&A]

**Strike price.** A fixed or determinable price on a given date or at any time on or before a given date at which the buyer (owner) may purchase from (call option) or sell to (put option) the seller (writer) of an option contract a fixed number of items (such as shares of equity securities). [SGAS 31]

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Structured settlement.** Term used in connection with risk financing. A means of satisfying a claim liability, consisting of an initial cash payment to meet specific present financial needs combined with a stream of future payments designed to meet future financial needs, generally funded by annuity contracts. [SGAS 10]

**Sub-object.** A subdivision within an expenditure object classification (e.g., *regular employees* is a possible sub-object classification within the *personal services —salaries and wages* expenditure object classification).

**Summary of significant accounting policies (SSAP).** The first of the notes to the financial statements or a separate section immediately preceding the notes to the financial statements. The basic authoritative guidance governing the contents of the SSAP is provided in Accounting Principles Board (APB) Opinion No. 22, *Disclosure of Significant Accounting Policies*.

**Supplementary information.** Financial information presented together with basic financial statements that is not included within the scope of the audit of those statements. When the presentation of certain supplementary information is mandated by the GASB it is referred to as *required supplementary information*.

**Susceptible to accrual.** Term used in connection with the application of the modified accrual basis of accounting. Revenues that are collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. [NCGA Statement 1]

**System development fees.** Fees charged to join or to extend an existing utility system. Also referred to as *tap fees* or *connection fees*.

**Take-out agreement.** Term used in connection with demand bonds. An arrangement with a financial institution to convert demand bonds to an installment loan payable over a specified period, sometimes as long as 10 years or more. A take-out agreement is used to provide long-term financing in the event the remarketing agent is unable to resell demand bonds within a specified period (usually three to six months) subsequent to the exercise of the “demand” feature by bondholders. [IGAS 1]

**Tap fees.** Fees charged to join or to extend an existing utility system. Also referred to as *system development fees* or *connection fees*.

**Tax anticipation note.** Short-term, interest-bearing note issued by a government in anticipation of tax revenues to be received at a later date. The note is retired from the tax revenues to which it is related.

**Tax-increment financing.** Financing secured by the anticipated incremental increase in tax revenues, resulting from the redevelopment of an area.

**Tax levy.** The total amount to be raised by general property taxes.

**Tax rate.** The amount of taxes levied for each \$1,000 of assessed valuation.

**Technical agenda.** Term used in connection with the operation of the GASB. A list of research projects formally undertaken by the GASB as part of its development of authoritative standards of accounting and financial reporting.

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

**Technical bulletin.** A document issued by the staff of the GASB to provide guidance for applying GASB statements and interpretations and resolving accounting issues not directly addressed by them. [TB 84-1]

**Temporary accounts.** Accounts that close to net assets at the end of an accounting period (e.g., revenues and expenses).

**Ten percent criterion.** The first of two tests used to determine whether a given governmental fund or enterprise fund must be reported as a major fund in the basic financial statements. For governmental funds, this test is applied to the total assets, liabilities, revenues, and expenditures of all governmental funds. For enterprise funds, this test is applied to the total assets, liabilities, revenues, and expenses of all enterprise funds. The test need be met for only one of these four items.

**Termination payments method.** A method of calculating the liability for earned sick leave for which it is probable that the benefits will result in termination payments. Under this method, the amount of the liability is estimated based on a governmental entity's past experience of making termination payments for sick leave, adjusted for the effect of changes in its termination policy and other factors. [SGAS 16]

**Timeliness.** The principle that financial statements must be issued soon enough after the reported events to affect decisions. [SGAC 1]

**Timing differences.** Differences between the budgetary basis of accounting and GAAP that occur when the period used for budgeting differs from the period used for GAAP reporting (e.g., a special revenue fund that uses a grant-year budget rather than a fiscal-year budget).

**Tri-party arrangements.** Term used in connection with repurchase agreements. An arrangement in which the custodian serves as agent both of the buyer-lender and of the seller-borrower by agreeing, in the event of default by one, to protect the interests of the other. The custodian holds the securities underlying the agreement in the names of both repurchase agreement parties (the buyer-lender as pledgee and the seller-borrower as owner). [SGAS 3, Q&A]

**Type A program.** Term used in connection with the determination of major programs for purposes of Single Audits. Type A programs are defined on the basis of the relationship between program expenditures and total federal awards expended. \_\_ 653

**Type B program.** Term used in connection with the determination of major programs for purposes of Single Audits. A Type B program is any program with insufficient program expenditures to qualify as a Type A program.

**Unallocated claim adjustment expenses.** Term used in connection with risk financing. Costs that cannot be associated with specific claims but are related to claims paid or in the process of settlement, such as salaries and other internal costs of the pool's claims department. [SGAS 10]

**Unallocated depreciation.** Term used in connection with the government-wide statement of activities. Depreciation not properly reported as a direct expense of a functional category.

**Unassigned fund balance.** Represents the residual classification for the government's general fund, and could report a surplus or a deficit. In funds other than the general fund, the unassigned

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

classification should only be used to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

**Uncommitted balance of appropriations.** The portion of an appropriation remaining after the deduction of expenditures and encumbrances.

**Understandability.** The principle that information in financial reports should be expressed as simply as possible. [SGAC 1]

**Undivided interest.** An arrangement (also known as a *joint operation*) that resembles a joint venture but no entity or organization is created by the participants. An undivided interest is an ownership arrangement in which two or more parties own property in which title is held individually to the extent of each party's interest. Implied in that definition is that each participant is also liable for specific, identifiable obligations (if any) of the operation. Because an undivided interest is not a legal entity, borrowing to finance its operations often is done individually by each participant. An additional consequence of the absence of a formal organizational structure is that there is no entity with assets, liabilities, expenditures/expenses, and revenues—and thus, equity—to allocate to participants. [SGAS 14]

**Unearned revenue.** A type of deferred revenue account used in connection with resources that have not yet been earned.

**Unfunded actuarial accrued liability.** The excess of the actuarial accrued liability over the actuarial value of assets. This value may be negative, in which case it may be expressed as a *negative unfunded actuarial accrued liability*, the *excess of the actuarial value of assets over the actuarial accrued liability*, or the *funding excess*.

**Unqualified opinion.** An opinion rendered without reservation by the independent auditor that financial statements are fairly presented.

**Unrealized gains and losses.** Term used in connection with the valuation of investments. Cumulative change in the market value of investments prior to their disposition.

**Unrealized revenues.** Term used in connection with budgeting. The difference between estimated revenues and actual revenues.

**Unrestricted net assets.** That portion of net assets that is neither restricted nor invested in capital assets (net of related debt).

**User charges.** The payment of a fee for direct receipt of a public service by the party benefiting from the service.

**Vesting method.** A method of calculating the liability for earned sick leave for which it is probable that the benefits will result in termination payments. Under this method, the amount of the liability is estimated based on the sick leave accumulated at the date of the statement of position for those employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments. In calculating the liability, these accumulations are reduced to the maximum amount allowed as a termination payment. Accruals for those employees who are expected to become eligible in the future are based on assumptions concerning

CITY OF RYE, NEW YORK  
ANNUAL BUDGET  
GLOSSARY  
FOR FISCAL YEAR ENDING DECEMBER 31, 2015

the probability that individual employees or classes or groups of employees will become eligible to receive termination payments. [SGAS 16]

**Voluntary non-exchange transactions.** Transactions that result from legislative or contractual agreements, other than exchanges, entered into willingly by the parties to the agreement (for example, certain grants and private donations). [SGAS 33]

**Voting majority.** Term used in connection with defining the financial reporting entity. A situation in which the number of the primary government's appointees to a component unit's board is sufficient to control decisions of the component unit. [SGAS 14, Q&A]

**Vulnerability assessment.** Term used in connection with evaluations of internal controls. The risk-based systematic prioritization of internal control evaluations.

**Widely recognized and prevalent practice.** Term used in connection with the hierarchy of GAAP for state and local governments established by SAS No. 69, *The Meaning of "Present Fairly in Conformity with Generally Accepted Accounting Principles" in the Independent Auditor's Report*. The principle that accounting and financial reporting practice should itself serve as a source of GAAP in the absence of higher level guidance.

**Yellow Book.** Term used in connection with public sector auditing. A non-technical term commonly used to describe the General Accounting Office's publication *Government Auditing Standards*.

**Yield maintenance repurchase–reverse repurchase agreement.** A repurchase agreement or a reverse repurchase agreement where the parties agree that the securities returned will provide the seller-borrower with a yield as specified in the agreement. [SGAS 3]\_ 655
