

**APPROVED MINUTES** of the Regular Meeting of the City Council of the City of Rye held in City Hall on March 20, 2013 at 8:00 P.M.

PRESENT:

DOUGLAS FRENCH Mayor  
LAURA BRETT  
RICHARD FILIPPI  
PETER JOVANOVIĆH  
JULIE KILLIAN  
CATHERINE F. PARKER  
JOSEPH A. SACK  
Councilmembers

ABSENT: None

1. Pledge of Allegiance

Mayor French called the meeting to order and invited the Council to join in the Pledge of Allegiance.

2. Roll Call

Mayor French asked the City Clerk to call the roll; a quorum was present to conduct official city business.

3. General Announcements

The Rye Golf Club Commission and membership want to know the status of the District Attorney's investigation. The Commission wants to write a letter to the District Attorney asking for an update on what is happening.

4. Presentation on the current options for a Deer Management pilot program

City Manager Pickup said that the presentation will be on a pilot program that the City might implement by partnering with the Westchester County Parks Department and Jay Heritage Center. Councilwoman Parker provided background information on the impetus for a deer management program in the City. John Baker, Director of Conservation for the Westchester County Department of Parks, Recreation and Conservation, made a presentation about the County Deer Management Program that was started in 2008 as a result of a Citizens' Task Force focusing on the impact of deer and forest regeneration. The consensus of the Task Force was that the best way to manage deer in Westchester County was through hunting. The goal of the program is to reduce the deer population in order to attain forest regeneration in the safest way

possible. Mr. Baker provided an overview of the how the program works in County Parks, including requirements for hunters and time frames for hunts in various County parks. He said that deer management is a regional effort and requires cooperation among different entities because it cannot be solved in one location. He added that utilizing the Marshlands and Jay Heritage properties for a deer management program presents a management challenge because it is not a huge property and is boarded on one side by Greenhaven and the other side by the golf course.

Several people spoke in favor of implementing the deer management program in Rye, including: *Norman Cooper, Alison Heaton, Anne Dooley, Joann Redding, Mitch Burns, Stefan Auburie, Cecil Klur, Peggy Conner, Chris Cohen and Patrick Lemon*, but some did not think the program went far enough to deal with the deer problem in Rye. *Chris Molinari* spoke against the program, saying that bow hunting is both inhumane and wasteful.

City Manager Pickup said there are manpower issues with the County program and the Police Department that must be addressed and it is hoped that the issue will come back to the Council for continued discussion in May.

5. Draft unapproved minutes of the Workshop on Land Use held on February 27, 2013, the Special Meeting of the City Council held March 4, 2013, and the regular meeting of the City Council held March 6, 2013

Councilwoman Parker made a motion, seconded by Councilman Filippi and unanimously carried, to approve the minutes of the workshop on Land Use held on February 27, 2012, as submitted.

Councilman Jovanovich made a motion, seconded by Councilman Filippi and unanimously carried, to approve the minutes of the Special meeting of the City Council held on March 4, 2012, as submitted.

Councilman Jovanovich made a motion, seconded by Councilwoman Brett and unanimously carried, to approve the minutes of the regular meeting of the City Council held on March 6, 2013, as submitted.

6. Mayor's Management Report
  - Capital Projects Update
  - Sluice Gate – City Manager Pickup reported that testing has been completed and passed the first set of acceptance testing. The next phase will be training for DPW and computer training for other staff. When it is complete, the City will be able to take complete ownership of the property. Staff may come back to the Council regarding additional monitoring sites.
  - Station Plaza – City Manager Pickup said that the first step necessary to address the conditions at Station Plaza would be to enter into a long-term lease agreement with Metro North. A cooperative effort would be required in order to make substantial

improvements. The area needs drainage and lighting improvements, and roadway redesign and rebuilding in order for the area to function in a safe manner.

- 1037 Boston Post Road – Corporation Counsel Wilson reported that the Phase II testing results have come back. Everything is fine with respect to soil but there is some concern regarding VOCs (volatile organic compounds) inside the building in the basement area. Once the last piece is cleared, a closing date can be set.
- Boston Post Road resurfacing – A meeting was held with Con Edison officials regarding pole locations in the area of the Boston Post Road that is due to be paved during the summer. The lane width is 9 ½ feet and it was hoped that the curb line could be moved to extend the lane width. Options for moving the poles or burying the lines were discussed as well as the possibility of it being done prior to the start of paving.

Councilman Sack said he wanted to raise another issue under this topic. He said he has serious concerns regarding how the City Manager has handled certain issues in the City. He believes there is a crisis of confidence and the Council must take some action and address the problems. Councilman Jovanovich suggested that a way of resolving the situation would be for Councilman Sack to make a motion to dismiss the City Manager because the Council's role in managing the City is to hire and fire the City Manager. Councilwomen Parker, Brett and Killian felt that the best way would be to sit down with the City Manager and discuss the Council's concerns with him in order to provide their feedback. Mayor French said the Council should meet with the City Manager and set a formal review process.

- Legal Update

There was nothing reported under this topic.

7. Discussion of the City of Rye's FOIL procedures

City Manager Pickup said there is a proposal to centralize the City's FOIL process which requires changes to procedures and work flow. He said that issues have been identified that impact the City's ability to respond to FOIL requests in a timely fashion and the City must invest time and resources into records management. One of the issues with large requests is the need to search multiple locations and systems for records. It is hoped that the work flow process in the new procedures will facilitate meeting deadlines. Corporation Counsel Wilson gave an overview of the new system that is being developed with an electronic intake form that will provide requestors with a tracking number, but will ask them to limit their requests to one per form. She summarized the proposed three changes to the current procedures: centralize the initial requests to one records access officer (City Clerk); make it easier to submit FOIL requests electronically on the City website; and, changing the appeals process to make the City Manager the appellate officer. There was a discussion among the members of the Council about the need to respond to FOIL requests in a timely manner; returning the City Council to the role of Appellate Officer; the possibility of needing extra staff to deal with FOIL requests; and, centralizing the procedure to one records access officer. It was suggested that the new process should be reviewed by the Council in three months. The proposed changes in the FOIL procedures will be brought back to the Council for further discussion.

Members of the public commenting on the proposed changes to FOIL procedures included *John Carey, Leon Sculti and Jim Amico*. Their comments included a suggestion of delegating the Appellate role; disagreement with the proposed records access and appellate officers; and following the FOIL laws.

8. Consideration to amend the resolution to televise all public meetings of the City Council including regular meetings, special meetings, and workshops

City Manager Pickup said the proposed resolution tightens up language in the previous Resolution adopted by the Council in September 2009 in order to clarify expectations for special meetings. There was a discussion among the members of the Council about possible changes in the language in the proposed Resolution, a version of a Resolution submitted by John Carey, or if there was even a necessity to adopt an updated Resolution. No action was taken to adopt the proposed Resolution.

9. Residents may be heard on matters for Council consideration that do not appear on the agenda

*Alisa Cagle*, CSEA DPW representative, read a statement outlining the work done for the City on behalf of the union employees of the Department of Public Works, who have been negotiating a new contract for the past 15 months and are now in mediation. She asked the Council for their support in contract negotiations so a fair agreement can be reached.

*John Staino*, CSEA Local 860 President, said that the members of the City DPW union are being reasonable in their negotiations and are asking for a contract that respects their work.

*Jim Amico* read a letter he had written regarding trust and said that a serious conversation must be had about how business is done in Rye and the Council has failed in its oversight of the City Manager. *Anne Dooley*, said that Mr. Amico does not speak for all in Rye and that many in Rye think highly of the Council for their dedication to the City. In rebuttal, *Mr. Amico* said the Council should hold itself to a higher standard.

*Linda Lefkowitz* spoke about the report issued on the Golf Club investigation. She also asked if an announcement would be sent out from the Golf Club inviting people to join and announcing the fees for the upcoming year.

The Council held a discussion about authorizing the funds necessary for Bill Breen to complete the final accounting that had not been completed at the time the report was issued. Corporation Wilson said that the actual amount would depend on the detail needed by the City's insurance carrier but the estimate was \$10,000 to \$12,000.

Councilman Sack made a motion, seconded by Councilwoman Brett, to adopt the following Resolution:

**RESOLVED**, that the City Council of the City of Rye hereby authorizes the City Comptroller to transfer \$12,000 from the General Fund Contingent Account to the City Council

Legal Services Account to fund Bill Breen's final financial analysis related to the Rye Golf Club investigation.

ROLL CALL:

AYES: Mayor French, Councilmembers Brett, Filippi, Jovanovich,  
Killian, Parker and Sack  
NAYS: None  
ABSENT: None

The Resolution was adopted by a 7-0 vote

*Leon Sculti* said that the Golf Commission had taken a no confidence vote against the City Manager.

*Sis D'Angelo* spoke about the Schubert, Golf Club and Dapolite issues and called the City Manager a liar.

10. One appointment to the Conservation Commission/Advisory Council for a three-year term, by the Mayor with Council approval

Councilman Jovanovich made a motion, seconded by Councilman Filippi and unanimously approved, to appoint Erik Nimlos to the Conservation Commission/Advisory Council for a three-year term expiring on January 1, 2016.

\*\*\*\*\*

Additionally, another appointment was made to the temporary Rye Golf Club Strategic Committee.

Mayor French made a motion, seconded by Councilman Filippi and unanimously approved to appoint Bill Gates to the Rye Golf Club Strategic Committee.

11. Bid Award for Street Materials (Bid #2-13)  
Roll Call.

Councilman Filippi made a motion, seconded by Councilwoman Parker, to adopt the following Resolution:

**RESOLVED**, that Bid #2-13, Street Materials, is hereby awarded to Putnam Materials for crushed stone and graded processed stone; to Peckham Materials Corp. for sub-base, binder course (both types), shim course, top course (both types) and curb mix; and to Byram Concrete LLC

for class A concrete and controlled density fill, as  
the bidders offering the lowest price.

**ROLL CALL:**

**AYES:** Mayor French, Councilmembers Brett, Filippi, Jovanovich,  
Killian, Parker and Sack  
**NAYS:** None

13. Miscellaneous Communications and Reports

Councilwoman Parker reported that she had attended a County Board of Legislators Government Operations Committee meeting where Playland was discussed. The ice casino will not be operational by September 15<sup>th</sup>, and the boardwalk will not be ready by opening day in May. It appears that it was known for some time that these deadlines would not be met. Ms. Parker will attend the next meeting of this Committee. Councilman Filippi suggested that the Council should draft a Resolution to the County regarding the delay and City Manager Pickup was asked to contact the County Parks Department. *Dierdre Curran* spoke against the Sustainable Playland option for the operation of Playland that had been endorsed by the Council. She said she felt that this was not the best option for the operation of Playland and that it would result in the loss of the amusement park.

Councilwoman Brett announced that the Rye Community Synagogue will hold a community conversation on "Civility in the City of Rye" on April 3<sup>rd</sup> from 7:00 to 8:30 p.m.

Corporation Counsel Wilson went to the last meeting of the Board of Architectural Review to discuss their proposed recommendations and will present a draft law at their next meeting.

Mayor French said that the Recreation Commission is concerned with the maintenance of playing fields and are looking for money from the Capital Improvement Plan to help restore existing fields. The Cable and Communications Committee is looking to build a communications list to network out to other user groups that can communicate for the City in emergency situations.

Councilwoman Parker announced that Larchmont is considering adopting a plastic bag ban.

14. Old Business

There was nothing discussed under this agenda item.

15. New Business

There was nothing discussed under this agenda item.

16. Adjournment

There being no further business to discuss Councilwoman Parker made a motion, seconded by Councilwoman Brett and unanimously carried, to adjourn the meeting at 12:19 a.m.

Respectfully submitted,

Dawn F. Nodarse  
City Clerk
