

Rye Originals Skateboarders

Lessons

In collaboration with Rye Recreation, the Scalzi Originals Foundation hosts an American Originals Skateboard League School.

For youth ages 6-16. This Skateboard School focuses on developing 21st century life skills, including executive function and grit through skateboarding. Providing a positive experience that delivers on both, skateboarding “know how” and the technical skill of this Olympic sport is central to the coaching focus. Our parent-driven instructional format places parent feedback at the helm. We will challenge students to attempt great feats of bravery within a safe environment.
