GENERAL REFERENCES

Zoning--See Ch. 197

§ 93-1. Intent.

It is the intent of the City to encourage, but not solicit, producers and others within the mass communications industries, including filming, television, advertising and commercial photography, to make use of the City and its environs as a setting for motion-picture films, television shows, commercials and photographs, but only insofar as such use is at all times compatible, and does not unduly interfere, with the lifestyles and day-to-day activities of the City's citizens and merchants.

§ 93-2. Definitions.

For the purpose of this chapter, the following terms, phrases and words and their derivations shall have the following meanings given herein:

FILMING -- The recording on film or other medium of movies, commercials, documentaries, serials, shows, performances or other similar events or activities, including still photography, but not to include the coverage of news, political, cultural, local sports or school district events.

PUBLIC PROPERTY -- Any realty or personalty or interest therein owned by the City of Rye, including all streets, parks and public places, lands, lands underwater, waterfront property, and every estate, interest and right, legal or equitable, therein.

§ 93-3. License required.

No person, firm or corporation shall commence filming in the City of Rye on public or private property, unless the filming whereon the same is to be conducted, maintained or operated is licensed in the manner prescribed herein.

§ 93-4. Application for license; issuance; expiration.

The license prescribed by this chapter shall be issued by the City Clerk. Application shall be made on a form containing such information as may be determined by the City Clerk, and shall be accompanied by the production schedule, schedule and description of all dangerous activities and use of explosives, and list of all vehicles and their license plate numbers to include both the applicant's vehicles and vehicles of the applicant's personnel. Each license shall expire on the date set forth on the license.

§ 93-5. Approval by City Manager.

No license shall be issued by the City Clerk until the application has been approved by the City Manager or his or her designated agent, subject to the following:

1

- A. If private property is involved, the City Manager shall not approve the application unless the filming will be consistent with the limits for such accessory use set forth in Chapter 197 of this Code or a special exception has been approved by the Board of Appeals pursuant to §197-82L of this Code.
- B. In his or her approval of the application, the City Manager or his or her designated agent shall specifically fix the days and hours of filming.
- C. In his or her approval of the application, the City Manager or his or her designated agent shall specifically fix the filming location or locations.

- D. The City Manager or his or her designated agent may deny any application or limit any license which, in his or her judgment, would conflict with other scheduled events in the area of the filming location, would be detrimental to the community because of anticipated excessive noise, illumination or other effect caused by the proposed filming, including but not limited to the use of explosives, or would unduly interfere for an extended period of time with the day-to-day activities of citizens, property owners or merchants.
- E. Any change in the license holder's planned activities shall be submitted to the City Manager or his or her designated agent in advance of the change and approved or denied in the same manner as the original license application.

The City Manager or his designated agent shall set a time and place for such hearing within 30 days after the date on which the request was filed.
