

**Job Title:** Marina Laborer

**Job Description:** The Marina Laborer is responsible for maintaining the overall cleanliness, safety, and functionality of the marina facility. Duties include assisting with boat docking and launching, performing routine maintenance on marina infrastructure, cleaning docks and common areas, managing waste disposal, and providing general assistance to marina staff and customers. The ideal candidate will be physically fit, able to work outdoors in various weather conditions, and possess strong teamwork and customer service skills.

**Key Responsibilities:**

- Assist with the docking, launching, and maintenance of boats.
- Perform routine maintenance on docks, piers, and other marina infrastructure.
- Clean and maintain marina facilities, including restrooms, walkways, and common areas.
- Assist with the handling and storage of marina equipment and supplies.
- Ensure the safety and security of boats, customers, and marina property.
- Provide excellent customer service to boaters and visitors.
- Participate in inventory and supply management as needed.
- Perform grass cutting and lawn maintenance around marina grounds.
- Operate and maintain power tools, including lawnmowers, trimmers, and other equipment necessary for marina upkeep.

**Qualifications:**

- Physical ability to perform outdoor labor tasks.
- Ability to work in varying weather conditions.
- Strong teamwork and communication skills.
- Knowledge of and experience with power tools.
- Previous experience in a marina or similar setting is a plus but not required.
- NYS Boating Safety License is recommended.
- Must possess and maintain a valid driver's license.

This position is a seasonal, 40 hour per week assignment, that may involve working evenings, weekends, and holidays depending on the marina's operational needs.
